Directed Energy Weapons on the Battlefield John P. Geis, 2003 Several nations are engaging in development and production of directed energy weapons Recent scientific advances now enable the production of lethal lasers and high powered microwaves The current growth and development in this emerging area strongly suggests that directed energy weapons of lethal power will reach the battlefield before 2010 Since proliferation of lower power laser weapons has already happened it is likely that proliferation of high power or high energy weapons will occur as well This paper expands on this development and posits potential impacts on a plausible future battlefield developed in part from the Alternate Futures of AF 2025 where all comers deploy lethal directed energy technologies From these impacts which span doctrine organization force structure and systems design this paper recommends changes to better posture the United States for this potential future

Enterprise Risk Assessment and Business Impact Analysis: Andrew Hiles, 2002-12-06 Shows how to write a risk and impact assessment report and illustrates some of the science behind risk and continuity theories

Business Continuity Andrew Hiles, 2004 This book is intended to be a step by step guide to implementation of business continuity management within an enterprise It may be used as a step by step guide by those new to Business Continuity Management or dipped into by the more seasoned professional for ideas and updates on specific topics In many cases the corporate BC Manager acts as an internal consultant and we have treated him or her as such in this book the book is therefore equally appropriate for practicing consultants This book is the second edition of the first book to be based on the ten Core Units of Competence for Business Continuity established jointly by BCI and DRII and to create a practical step by step framework to

guide an enterprise through the implementation of a business continuity program based on these ten units This book has been endorsed by both The Business Continuity Institute International BCI and The Disaster Recovery Institute International DRII Both organizations have included forewords to this book Radio Frequency Weapons and Proliferation, Potential Impact on the Economy United States.
