Radionics Interface With The Ether Fields:

Radionics Interface With The Ether-Fields David V Tansley,2011-08-31 This book explores the interface that exists between the human energy field and the Universal Field of energy in which we live It shows how these fields can be utilised for distant diagnosis and treatment It also illustrates that the surest and most effective way to ameliorate a defect in any biological system is to modulate the interacting and interdependent energy fields by way of the chakras The same energy fields can be used to take photographs of distant objects particularly the energy structures of living human tissues and pathological states existing in them The vibratory patterns and potencies of homoeopathic remedies can also be drawn from the ether fields and impregnated into neutral substances such as water or alcohol solutions which have a capacity for memory Radionics is a healing art that links the physical world with the unseen worlds lying beyond the physical senses Diagnostically it probes to the levels of causation of disease therapeutically it is gentle and non invasive *Pathways to God* Dr. Robert Newton,2012-04-09 Many people profess a belief in the existence of God but very few of us are aware of the biofeedback mechanisms in the body that allow us to verify and experience our Creator Dr Newton systematically takes us through self induced methods of experiencing God through mental and vocal practices subliminal and neuro linguistic programming toning singing and chanting mantras color therapy breathing techniques postures and movements energy vortexes experiencing nature and endorphins Dr Newton reveals devices and objects that magnify your connection to the Creator including Pyramids crystals and gemstones Magnets and precious metals Lasers and psychotronic devices Brain entrainment devices All of these cause bodily relaxation which reveal the presence of God through electromagnetic phenomena This book is especially valuable for energy crystal healers **Rune3Master - Into the Depths** Brad Lorenz,2010-12-21 Seldom is humanity shocked by a revelation so profound We are now in the twenty first century and the runes are an enigma of the modern age Amid an extensive body of work that has enveloped these ancient glyphs none consider the importance of geometry to analyse their shapes for consistencies that may reveal an underlying intelligence In the eyes of science runic geometry has little value Science has conceptualised the rune without considering the significant function of geometry a naive and erroneous approach Runic symbols are predominantly linear built up from a mixture of vertical and or diagonal lines that coalesce to give the rune its characteristic shape While science believes this peculiarity is consistent with the period of carving in wood or stone it is thought their shapes encode an archaic wisdom a knowledge that has been sought after for well over a thousand years and attempts to unlock this illusive code continue today In this ground breaking text I unlock this legendary code I reveal how the runes have been misconstrued over the centuries to what we find today Contained within them are the remnants of an ancient geometric cipher and a myriad of arcane information the likes of which has not been seen for over two thousand years and the implications are staggering *Energy Healing* Wilhelm Johannes Frinta,2018-06-20 This work by Dr Willy Frinta an allopathic physician at the University of Innsbruck is an

invaluable legacy for anyone who wants to approach what is a new alternative in the treatment of diseases with increasingly encouraging results The therapies of Dr Frinta invite optimism in the face of the power of these unknown and untapped human abilities The search for truth and scientific account of their professional practice make this book an essential reference in the field of alternative medicines Ing Jorge Reynolds Pombo Dr Honoris Causa inventor of the artificial pacemaker in Colombia In the light of this book it is clear that healing is not only corporal but multidimensional and that the true healing comes from inside to outside of being by processes that involve the deep dynamics of the psyche and in a permanent effort of perfection that only it is possible with the full harmony of the soul MD Fabio Villarraga doctor specialist in bioethics National University of Colombia The contribution of Dr Willy Frinta is not limited to healing based on the use of transmitted frequencies through his technique of laying on of hands His scientific career includes having been in Colombia and being one of the pioneers of surgery without anesthesia The effectiveness of the frequencies to which it appeals in the treatment of diseases was subjected to successful laboratory tests in 1996 managing to inhibit the growth of different germs Likewise thermographic cameras allowed to verify that these frequencies produce changes of temperature in patients which denotes the way in which their therapy works on the human organism *Vibrational Medicine* Richard Gerber, 2001-03-01

Our Invisible Bodies Jay Alfred,2007-02-13 What has plasma and dark matter got to do with your afterlife In 2005 Jay proposed that dark matter which comprises about 85 per cent of the matter in the universe could include self interacting dark plasma Subsequently this proposal received support in the scientific literature This has significant implications not only for the universe as a whole but also planet Earth and its inhabitants In recent years scientists have pointed out to the life like characteristics of plasma How has this life like dark plasma participated in human evolution Does dark plasma provide the physical basis for your afterlife Do we have plasma bodies which co evolved endosymbiotically with our ordinary matter bodies but are currently invisible to us This book explores this in detail while adhering to experimental data with some surprising conclusions Highlighted readers comments I have read several books over the years on this theme of correlating science with spirit They include The Tao of Physics and more recently The Divine Matrix This masterpiece by Jay Alfred however is one of the best because it explores deeper and more passionately than the others A riveting read and in my opinion this book should be a best seller There s nothing parapsychological paranormal about it we just haven t had the science to explain it until now I ve been reading all three of Jay Alfred s books and so far I ve seriously enjoyed all of them I actually haven t been able to put them down The first few pages are worth the price of this book **Hands of Light**

Wright,Richard D.

Wright,1994-07-01 Building on the principles and practices presented in The Divining Mind Richard Wright's first book on dowsing coauthored by T Edward Ross II authors Richard and Pat Wright define dowsing as the process of uncovering information through the medium of the self The Wrights believe as do many dowsers that the ability to dowse is innate but they also feel that its proper development is contingent upon the parallel unfoldment of the spiritual qualities in our nature Through this process the dowser becomes increasingly cognizant of the interconnectedness of all aspects of life and begins to play his or her part as an agent of healing and positive change Includes detailed information on Responsibility in dowsing Practical dowsing Earth energies Planetary stewardship Healing and prayer The supersensory worlds An indispensable guide for the advanced dowser as well as a beginner's sourcebook [Astrology and the Art of Healing](#) A.T. Mann,2016-03-09 Conventional medicine treats symptoms with surgery and drugs rather than healing the root causes of illness Complementary therapies attempt to address the whole self which can raise awareness of and even counteract the imbalances that create disease This book attempts to relate inner causes with our four bodies in order to affect healing Astrology and the Art of Healing approaches healing and astrology in a new and revolutionary way Physical emotional mental and spiritual therapies relate to stages of your life process from conception through birth and from childhood to old age and death Many horoscopes show how to understand the origins of health imbalances in your life Correlations to appropriate therapies can support the expertise of your doctors A free astro chart is included **The Worldwide List of Alternative Theories and Critics** Jean de Climont,2020-11-01 This Worldwide List of Alternative Theories and Critics only available in english language includes scientists involved in scientific fields The 2023 issue of this directory includes the scientists found in the Internet The scientists of the directory are only those involved in physics natural philosophy The list includes 9700 names of scientists doctors or diploma engineers for more than 70% Their position is shortly presented together with their proposed alternative theory when applicable There are nearly 3500 authors of such theories all amazingly very different from one another The main categories of theories are presented in an other book of Jean de Climont **THE ALTERNATIVE THEORIES** **Radionics & The Subtle Anatomy Of Man** David V Tansley,2011-05-31 Radionics is defined as a method of diagnosis and therapy which is primarily concerned with the utilization of subtle force fields and energies for the purpose of investigating and combating the causes of disease which ravage humanity and the other kingdoms of nature But in examining the history and development of radionics from the pioneering work of Dr Albert Abrams and Ruth Drown to the latest experimental work at the de la Warr Laboratories David Tansley discovered a curious paradox In literature on the subject and in the rare books which provide the very core of radionic therapeutic measures there are plenty of references to man's physical organic systems but little regarding the probability of underlying force fields which might govern and determine the health of the physical form This book represents an informed endeavour to redress the balance by providing a simple yet practical outline of the subtle anatomy of man The theory is not new Abrams diagnosed at a distance and Drown treated absent patients David

Tansley believes that the time is ripe for radionics to bear witness to an energy field of a more subtle nature that is in fact its innate purpose
