Reckoning With Winslow Homer:

Reckoning with Winslow Homer: His Late Paintings and Their Influence, 1990 Winslow Homer William R. Cross, 2025-09-23 The definitive life of the painter who forged American identity visually in art and illustration with an impact comparable to that of Walt Whitman and Mark Twain in poetry and prose yet whose own story has remained largely untold In 1860 at the age of twenty four Winslow Homer 1836 1910 sold Harper s Weekly two dozen wood engravings carved into boxwood blocks and transferred to metal plates to stamp on paper One was a scene that Homer saw on a visit to Boston his hometown His illustration shows a crowd of abolitionists on the brink of eviction from a church at their front is Frederick Douglass declaring the freedom of all mankind Homer born into the Panic of 1837 and raised in the years before the Civil War came of age in a nation in crisis He created multivalent visual tales both quintessentially American and quietly replete with narrative for and about people of all races and ages Whether using pencil watercolor or most famously oil Homer addressed the hopes and fears of his fellow Americans and invited his viewers into stories embedded with universal timeless questions of purpose and meaning Like his contemporaries Twain and Whitman Homer captured the landscape of a rapidly changing country with an artist s probing insight His tale is one of America in all its complexity and contradiction as he evolved and adapted to the restless spirit of invention transforming his world In *Winslow Homer American Passage* William R Cross reveals the man behind the art It is the surprising story of a life led on the front lines of history In that life this Everyman made archetypal images of American culture endowed with a force of moral urgency through which they speak to all people today Includes *Color Images and Maps* *Winslow Homer: Crosscurrents* Stephanie L. Herdrich, Sylvia Yount, Daniel Immerwahr, Christopher Riopelle, Gwendolyn DuBois Shaw, 2022-04-04 This timely study of Winslow Homer highlights his imagery of the Atlantic world and reveals themes of racial political and natural conflict across his career Long celebrated as the quintessential New England regionalist Winslow Homer 1836 1910 in fact brushed a much wider canvas traveling throughout the Atlantic world and frequently engaging in his art with issues of race imperialism and the environment This groundbreaking publication focuses for the first time on the watercolors and oil paintings Homer made during visits to Bermuda Cuba coastal Florida and the Bahamas in particular *The Gulf Stream* 1899 an iconic painting long considered the most consequential of his career revealing a lifelong fascination with struggle and conflict The book also includes Homer s depictions of rural life and the sea in which he grapples with the violence of nature as well as his Civil War and Reconstruction paintings of the 1860s and 1870s which explore the unresolved effects of the war on the landscape soldiers and the formerly enslaved Recognizing the artist s keen ability to distill complex issues in his work *Winslow Homer Crosscurrents* upends popular conceptions and convincingly argues that Homer s work resonates with the challenges of the present day *Winslow Homer and the Camera* Frank H. Goodyear III, Dana E. Byrd, 2018-01-01 A revelatory exploration of Winslow Homer s engagement with photography shedding new light on his celebrated paintings and works on paper One of

the greatest American painters of the 19th century Winslow Homer 1836 1910 also maintained a deep engagement with photography throughout his career Focusing on the important yet often overlooked role that photography played in Homer's art this volume exposes Homer's own experiments with the camera he first bought one in 1882 It also explores how the medium of photography and the larger visual economy influenced his work as a painter watercolorist and printmaker at a moment when new print technologies inundated the public with images Frank Goodyear and Dana Byrd demonstrate that photography offered Homer new ways of seeing and representing the world from his early commercial engravings sourced from contemporary photographs to the complex relationship between his late career paintings of life in the Bahamas Florida and Cuba and the emergent trend of tourist photography The authors argue that Homer's understanding of the camera's ability to create an image that is simultaneously accurate and capable of deception was vitally important to his artistic practice in all media Richly illustrated and full of exciting new discoveries Winslow Homer and the Camera is a long overdue examination of the ways in which photography shaped the vision of one of America's most original painters **Winslow Homer** Elizabeth Johns, 2002 With this psychosocial approach Johns relates the wood engraved illustrations of Homer's early career to the values of his family his images of the Civil War to the context of his young manhood his paintings of the social scene and young women's place in it to his own potential for marriage his images of fisherwomen at Cullercoats and fishermen at Prout's Neck to his interior vision during middle age and his intrigue with the sea in his late works to his identification with the larger processes of the universe **BOOK JACKET** **Homer, Eakins, and Anshutz: The Search for American Identity in the Gilded Age** Randall C. Griffin, 2004 Randall Griffin's book examines the ways in which artists and critics sought to construct a new identity for America during the era dubbed the Gilded Age because of its leaders' taste for opulence Artists such as Winslow Homer Thomas Eakins and Thomas Anshutz explored alternative American themes and styles but widespread belief in the superiority of European art led them and their audiences to look to the Old World for legitimacy This rich never resolved contradiction between the native and autonomous on the one hand and on the other the European and borrowed serves as the armature of Griffin's innovative look at how and why the world of art became a key site in the American struggle for identity Not only does Griffin trace the interplay of issues of nationalism class and gender in American culture but he also offers insightful readings of key paintings by Eakins and other canonical artists Further Griffin shows that by 1900 the nationalist project in art and criticism had helped open the way for the formulation of American modernism Homer Eakins and Anshutz will be of importance to all those interested in American culture as well as to specialists in art history and art criticism **Winslow Homer** Nicolai Cikovsky, Franklin Kelly, Judith Walsh, Winslow Homer, National Gallery of Art (U.S.), Museum of Fine Arts, Boston, 1995-01-01 This work examines Homer's artistic accomplishments It focuses not only on his use of various media but also on the suites of works on the same subject that reflect the artist's modern practice of thinking and working serially and thematically **Moved to Tears** Rebecca

Bedell,2018-11-13 In this volume Bedell examines received ideas about sentimental art Countering its association with trite and saccharine Victorian kitsch she argues that major American artists from John Trumbull and Charles Willson Peale in the eighteenth century and Asher Durand and Winslow Homer in the nineteenth to Henry Ossawa Tanner and Frank Lloyd Wright in the early twentieth produced what was understood in their time as sentimental art art intended to develop empathetic bonds and to express or elicit social affections including sympathy compassion nostalgia and patriotism

Inventing the Modern Artist Sarah Burns,1996-01-01 Sarah Burns tells the story of artists in American society during a period of critical transition from Victorian to modern values examining how culture shaped the artists and how artists shaped their culture Focusing on such important painters as James McNeill Whistler William Merritt Chase Cecilia Beaux Winslow Homer and Albert Pinkham Ryder she investigates how artists reacted to the growing power of the media to an expanding consumer society to the need for a specifically American artist type and to the problem of gender **Winslow Homer**

Dulwich Picture Gallery,2006 Organised by geographic location this book reveals Homer s keen ability to capture the quintessence of nature from the raw coast of Maine to the balmy shores of the Caribbean through his remarkable capacity to adapt materials and techniques to the locale The works assembled simultaneously capture the unique landscape of their geographic settings issues of pictorial representation in general and the universality of man s relationship to the sea Through a series of essays by distinguished European and American scholars Winslow Homer Poet of the Sea offers a fresh exploration of the American master and his life long preoccupation with the sea Book Jacket The Grove Encyclopedia of American Art

Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries *Art Books* Wolfgang M. Freitag,2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition **Jules Breton, Painter**

of Peasant Life Annette Bourrut Lacouture,Jules Breton,2002-01-01 Jules Breton 1827 1906 known as one of the first peasant painters created beautiful scenes of rural French life and was a highly popular figure among the Salon artists of his era Taking his inspiration from his native Artois and from the landscapes of Brittany where he stayed for long periods he painted peasant women and men performing their daily activities meticulously observing their world and making it a place of peace and harmony During the second half of the nineteenth century rewards and official decorations were heaped upon him

and his paintings were purchased not only by the emperor but also by collectors in America Britain and Ireland However Breton s work became eclipsed by the avant garde movements of the twentieth century and he was eventually forgotten This book now pays Breton the tribute that he deserves It traces the development of his career and the forces that influenced him from his childhood through his early training in Belgium and Paris to his years in Brittany The book presents and discusses a number of important paintings by Breton some of which have been almost unknown until now and it shows how they reflect the artist s social and humanitarian concerns as well as his painterly abilities
