Group of International Communists

FUNDAMENTAL PRINCIPLES OF COMMUNIST PRODUCTION AND DISTRIBUTION

"As simple as the basis for the distribution of the working class is, as simple as the formulation for the abolition of wage slavery, the very basis of the practical implementation of communism is simple. This abolition can only consist in the abolition of the separation of work and the work product, that the rights of disposal over the work product and therefore also over the means of production is again given to the workers."
