Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism:

Regionalism in the Age of Globalism: Concepts of regionalism Lothar Hönnighausen, 2005 **Multiplicity of Nationalism in Contemporary Europe** Ireneusz Paweł Karolewski, Andrzej Marcin Suszycki, 2010-01-01 Nationalism remains one of the key political societal and socio psychological phenomena in contemporary Europe The international scholars assembled in this edited collection suggest that the use of three perspectives supranationalism boundary making nationalism and regional nationalism may be promising as an explanatory framework for the analysis of nationalism in Europe The volume distances itself from older dichotomies such as civic and ethnic nationalism and questions the one sided normativity of nationalism in particular regarding the concept of liberal nationalism It argues that a promising approach to contemporary nationalism should reflect the multiplicity of nationalism **The Wiley-Blackwell Companion to Human Geography** John A. Agnew, James S. Duncan, 2016-08-08 This volume provides an up to date authoritative synthesis of the discipline of human geography Unparalleled in scope the companion offers an indispensable overview to the field representing both historical and contemporary perspectives Edited and written by the world s leading authorities in the discipline Divided into three major sections Foundations the history of human geography from Ancient Greece to the late nineteenth century The Classics the roots of modern human geography Contemporary Approaches current issues and themes in human geography Each contemporary issue is examined by two contributors offering distinctive perspectives on the same theme **Re-mapping the Americas** W. Andy Knight, Julián Castro-Rea, Hamid Ghany, 2016-04-01 Since the end of the Second World War the map of the Americas has changed dramatically Not only were many former European colonies turned into sovereign states there was also an ongoing process of region making recognizable throughout the hemisphere and obvious through the establishment of several regional agreements The emergence of political and economic regional integration blocs is a very timely topic analyzed by scholars in many disciplines worldwide This book looks at remapping the recent trends in region making throughout the Americas in a way that hasn t been at the center of academic analyses so far While examining these regionalisation tendencies with a historical background in mind the authors also answer fundamental questions such as What influences does globalization have on region making both on normative regionalism plans as well as on actual economic political cultural military and social regionalization processes driven by state and non state actors What ideas or interests lead states in the Americas to cooperate or compete with one another and how is this power distributed How do these regional agreements affect trade relations and have there been trade barriers set up to protect national economies What agreements exist or have existed and how did they change with regard to contents and for what reason The book informs academic as well as non academic audiences about regional developments in the Americas in particular those dating back to the last twenty years Beyond the primary purpose of summarizing the hemisphere s recent trends the book also brings clarification in a detailed but easy to understand way about timely issues regarding the institutionalisation or lack

thereof of the plethora of regional and sub regional bodies that have emerged in this hemisphere over the past couple of decades

Grounded Globalism James L. Peacock, 2010-04-01 The world is flat Maybe not says this paradigm shifting study of globalism s impact on a region legendarily resistant to change The U S South long defined in terms of its differences with the U S North is moving out of this national and oppositional frame of reference into one that is more international and integrative Likewise as the South home to UPS CNN KFC and other international brands goes global people are emigrating there from countries like India Mexico and Vietnam and becoming southerners Much has been made of the demographic and economic aspects of this shift Until now though no one has systematically shown what globalism means to the southern sense of self Anthropologist James L Peacock looks at the South of both the present and the past to develop the idea of grounded globalism in which global forces and local cultures rooted in history tradition and place reverberate against each other in mutually sustaining and energizing ways Peacock s focus is on a particular part of the world however his model is widely relevant Some kind of grounding in locale is necessary to human beings Grounded Globalism draws on perspectives from fields as diverse as ecology anthropology religion and history to move us beyond the model advanced by such scholars as C Vann Woodward that depicts the South as a region paralyzed by the burden of its past Peacock notes that while globalism may lift old burdens it may at the same time impose new ones He also maintains that earlier regional identities have not been replaced by the rootless cosmopolitanism of cyberspace or other abstracted systems Attachments to place remain even as worldwide markets erase boundaries and flatten out differences and distinctions among nations Those attachments exert their own pressures back on globalism says Peacock with subtle strengths we should not discount

Transregional Connections in the History of East-Central Europe Katja Castryck-Naumann, 2021-10-25 Transregional connections play a fundamental role in the history of East Central Europe This volume explores this connectivity by showing how people from eastern and central parts of Europe have positioned themselves within global processes while in turn also shaping them The contributions examine different fields of action such as economy arts international regulations and law development aid and migration focusing on the period between the middle of the nineteenth century and the end of the Cold War The authors uncover spaces of interaction and emphasize that internal and external entanglements have established East Central Europe as a distinct region Understanding the connectedness of this subregion is stimulating for the historiography of East Central Europe as it is for the field of global history

Charlotte, NC William Graves, Heather A. Smith, 2012-06-01 The rapid evolution of Charlotte North Carolina from regional backwater to globally ascendant city provides stark contrasts of then and now Once a regional manufacturing and textile center Charlotte stands today as one of the nation s premier banking and financial cores with interests reaching broadly into global markets Once defined by its biracial and bicultural character Charlotte is now an emerging immigrant gateway drawing newcomers from Latin America and across the globe Once derided for its sleepy nine to five uptown Charlotte s center city has been wholly transformed by residential gentrification corporate

headquarters construction and amenity based redevelopment And yet despite its rapid transformation Charlotte remains distinctively southern globalizing not yet global This book brings together an interdisciplinary team of leading scholars and local experts to examine Charlotte from multiple angles Their topics include the banking industry gentrification boosterism architecture city planning transit public schools NASCAR and the African American and Latino communities United in the conviction that the experience of this Sunbelt city center of the nation s fifth largest metropolitan area offers new insight into today s most pressing urban and suburban issues the contributors to Charlotte NC The Global Evolution of a New South City ask what happens when the external forces of globalization combine with a city s internal dynamics to reshape the local structures landscapes and identities of a southern place

The Palgrave Handbook of Linguistic (Im)politeness

Jonathan Culpeper, Michael Haugh, Dániel Z. Kádár, 2017-05-11 This handbook comprehensively examines social interaction by providing a critical overview of the field of linguistic politeness and impoliteness Authored by over forty leading scholars it offers a diverse and multidisciplinary approach to a vast array of themes that are vital to the study of interpersonal communication The chapters explore the use of im politeness in specific contexts as well as wider developments and variations across cultures and contexts in understandings of key concepts such as power emotion identity and ideology Within each chapter the authors select a topic and offer a critical commentary on the key linguistic concepts associated with it supporting their assertions with case studies that enable the reader to consider the practicalities of im politeness studies This volume will be of interest to students and scholars of linguistics particularly those concerned with pragmatics sociolinguistics and interpersonal communication Its multidisciplinary nature means that it is also relevant to researchers across the social sciences and humanities particularly those working in sociology psychology and history

Germanic

Heritage Languages in North America Janne Bondi Johannessen, Joseph C. Salmons, 2015-08-15 This book presents new empirical findings about Germanic heritage varieties spoken in North America Dutch German Pennsylvania Dutch Icelandic Norwegian Swedish West Frisian and Yiddish and varieties of English spoken both by heritage speakers and in communities after language shift The volume focuses on three critical issues underlying the notion of heritage language acquisition attrition and change The book offers theoretically informed discussions of heritage language processes across phonetics and phonology morphology syntax and semantics and the lexicon in addition to work on sociolinguistics historical linguistics and contact settings With this the volume also includes a variety of frameworks and approaches synchronic and diachronic Most European Germanic languages share some central linguistic features such as V2 gender and agreement in the nominal system and verb inflection As minority languages faced with a majority language like English similarities and differences emerge in patterns of variation and change in these heritage languages These empirical findings shed new light on mechanisms and processes

The Verticalization Model of Language Shift

Joshua R. Brown, 2022 This book introduces a new and still emerging theoretical framework for understanding language shift and uses this approach to explore a range

of minority language communities in the United States It includes specific case studies of individual communities as well as commentary chapters that provide a broader perspective

Pan-Asian Sports and the Emergence of Modern Asia, 1913-1974 Stefan Huebner, 2016-05-11 The history of regional sporting events in 20th century Asia yields insights into Western and Asian perspectives on what defines modern Asia and can be read as a staging of power relations in Asia and between Asia and the West The Far Eastern Championship Games began in 1913 and were succeeded after the Pacific War by the Asian Games Missionary groups and colonial administrations viewed sporting success not only as a triumph of physical strength and endurance but also of moral education and social reform Sporting competitions were to shape a new Asian man and later a new Asian woman by promoting internationalism egalitarianism and economic progress all serving to direct a rising Asia toward modernity Over time exactly what constituted a rising Asia underwent remarkable changes ranging from the YMCA's promotion of muscular Christianity democratization and the social gospel in the US colonized Philippines to Iranian visions of recreating the Great Persian Empire Based on a vast range of archival materials and spanning 60 years and 3 continents Pan Asian Sports and the Emergence of Modern Asia shows how pan Asian sporting events helped shape anti colonial sentiments Asian nationalisms and pan Asian aspirations in places as diverse as Japan and Iran and across the span of countries lying between them

Rising Above Benjamin E. Frey, 2025 Rising Above examines the process of language shift and revitalization among the Eastern Band of Cherokee Indians in North Carolina

Wet Prairie Shannon Stunden Bower, 2011-06-29 The Canadian prairies are often envisioned as dry windswept fields however much of southern Manitoba is not arid plain but wet prairie poorly drained land subject to frequent flooding Wet Prairie brings to light the complexities of surface water management in Manitoba from early artificial drainage efforts to late twentieth century attempts at watershed management Irregular water flow patterns challenged the checkerboard landscape of the 1872 federal Dominion Lands Act and homesteaders found their agricultural ambitions at odds with local environmental realities Thus in keeping with liberal principles the provincial government undertook substantial drainage efforts Flooding and drainage became the subjects of intense and persistent debate among provincial officials drainage experts and Manitoba residents New alliances and rivalries emerged amid shifting social political and environmental contexts with enduring consequences for both the landscapes and people of the wet prairie This account of an overlooked aspect of Prairie environmental history traces how the biophysical nature of southern Manitoba helped shape both Manitoba society and the provincial state

Sameness in Diversity Laresh Jayasanker, 2020-04-14 Americans of the 1960s would have trouble navigating the grocery aisles and restaurant menus of today Once exotic ingredients like mangoes hot sauces kale kimchi and coconut milk have become standard in the contemporary American diet Laresh Jayasanker explains how food choices have expanded since the 1960s immigrants have created demand for produce and other foods from their homelands grocers and food processors have sought to market new foods and transportation improvements have enabled food companies to bring those foods from afar Yet even as choices

within stores have exploded supermarket chains have consolidated Throughout the food industry fewer companies manage production and distribution controlling what American consumers can access Mining a wealth of menus cookbooks trade publications interviews and company records Jayasanker explores Americans changing eating habits to shed light on the impact of immigration and globalization on American culture *English in the German-speaking World* Raymond Hickey, 2019-12-05 A collection of studies on the role of English in German speaking countries covering a broad range of topics *Studies in Contact Linguistics* Glenn G. Gilbert, 2006 Original Scholarly Monograph **Democratic and Authoritarian Political Systems in 21st Century World Society** Anna L. Ahlers, Damien Krichewsky, Evelyn Moser, Rudolf Stichweh, 2021-03-05 This book is about the radical novelty of modern polities in a functionally differentiated world society Premodern states were at the apex of a stratified hierarchical society They dominated society and all its groups and strata Modern polities have to be understood through the ecology of relations among different function systems They have to find and incessantly redefine their place in society They produce decisions that are collectively binding but in preparing these decisions experience constraints and knowledge deficiencies that are related to the complexity of a functionally differentiated society The book concentrates on six analytical perspectives that reflect how modern polities are embedded into 21st century society These perspectives are the concept of inclusion and the inclusion revolution constitutive of modern polities the internal differentiation of polities that endows them with an unprecedented complexity the fact that polities do not know anything about society and the ways in which they compensate for this representation and responsiveness as strategies to reconnect with society the self restriction of some polities that brings about ever new autonomous expert organizations the symmetrical rise of autocracies and democracies as the two modern variants of political regimes **Language Maintenance and Language Death** Karen A. Roesch, 2012-02-28 This book provides the first extensive description of Texas Alsatian a critically endangered Texas German dialect as spoken in Medina County in the 21st century The dialect was brought to Texas in the 1840s by colonists recruited by French entrepreneur Henri Castro and has been preserved with minimal change for six generations Texas Alsatian has maintained lexical phonological and morphosyntactic features which differentiate it from the prevalent standard near varieties of Texas German This study both describes its grammatical features and discusses extra linguistic factors contributing to the dialect's preservation or accelerating its decline e.g. social historical political and economic factors and speaker attitudes and ideologies linked to cultural identity The work's multifaceted approach makes it relevant to a broad range of scholars such as dialectologists historical linguists sociolinguists ethnographers and anthropologists interested in language variation and change language and identity immigrant dialects and language maintenance and death **Variational Pragmatics** Klaus P. Schneider, Anne Barron, 2008-05-13 This collection of papers is designed to establish variational pragmatics This new field is situated at the interface of pragmatics and dialectology and aims at systematically investigating the effect of macro social pragmatic variation on language in action As

such it challenges the widespread assumption in the area of pragmatics that language communities are homogeneous and also addresses the current research gap in sociolinguistics for variation on the pragmatic level The introductory chapter establishes the rationale for studying variational pragmatics as a separate field of inquiry systematically sketches the broader theoretical framework and presents a framework for further analysis The papers which follow are located within this framework They present empirical variational pragmatic research focusing on regional varieties of pluricentric languages Speech acts and other discourse phenomena are addressed and analysed in a number of regional varieties of Dutch English French German and Spanish The seminal nature of this volume its empirical orientation and the extensive bibliography make this book of interest to both researchers and students in pragmatics and sociolinguistics

"What Country's This? And Whither Are We Gone?" Rosa E. Penna, Karoline Szatek-Tudor, Janet Hadley Williams, 2010-09-13 In the summer of 2008 the twelfth in a series of biennial conferences on the Literature of Region and Nation was held at Aberdeen University in the North East of Scotland Over fifty scholars representing no fewer than twenty different countries convened for the occasion and twenty two of the papers presented are included in this volume As at previous conferences in the series the papers range widely in approach in subject matter and in geographical coverage readers of this book will find explorations of literature from all five continents The papers are arranged thematically the central concepts of region and nation are examined in the first section and subsequent sets of papers go on to consider literary and pictorial representations of places and peoples literature of diaspora and exile a keynote topic of the conference the use of language particularly non standard languages in literary texts and artistic interactions between cultures All the papers have been peer reviewed and some extensively revised The collection demonstrates the vitality of scholarship in the field of regional literary studies

Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Introduction

Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Offers a diverse range of free eBooks across various genres. Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism, especially related to Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism books or magazines might include. Look for these in online stores or libraries. Remember that while Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer

subscription-based access to a wide range of Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism eBooks, including some popular titles.

FAQs About Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism Books

What is a Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Regionalism In The Age Of Globalism Volume 1 Concepts Of Regionalism PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
