**Rachel Harrison Life Hack** Elisabeth Sussman, David Joselit, 2019-01-01 The work of the sculptor Rachel Harrison is both the zeitgeist and the least digestible in contemporary art It may also be the most important owing to an originality that breaks a prevalent spell in an art world of recycled genres styles and ideas Peter Schjeldahl The New Yorker In her sculptures room sized installations drawings photographs and artist's books Rachel Harrison b 1966 delves into themes of celebrity culture pop psychology history and politics This publication created in close collaboration with the artist explores twenty five years of her practice and is the first comprehensive monograph on Harrison in nearly a decade Its centerpiece is an in depth plate section which doubles as a chronology of Harrison's major works series and exhibitions Objects are illustrated with multiple views and details and accompanied by short texts This thorough approach elucidates Harrison's complicated eclectic oeuvre in which she integrates found materials with handmade sculptural elements upends traditions of museum display and injects quotidian objects with a sense of strangeness Six accompanying essays cover Harrison's earliest works to her most recent output The book also includes a handful of photo collages that the artist created specifically for this project Published here for the first time these pieces superimpose found images with reproductions of Harrison's own past work

**Art in Chicago** Maggie Taft, Robert Cozzolino, 2018-10-24 For decades now the story of art in America has been dominated by New York It gets the majority of attention the stories of its schools and movements and masterpieces the stuff of pop culture legend Chicago on the other hand well people here just get on with the work of making art Now that art is getting its due Art in Chicago is a magisterial account of the long history of Chicago art from the rupture of the Great Fire in 1871 to the present Manierre Dawson L szl Moholy Nagy and Ivan Albright to Chris Ware Anne Wilson and Theaster Gates The first single volume history of art and artists in Chicago the book in recognition of the complexity of the story it tells doesn't follow a single continuous trajectory Rather it presents an overlapping sequence of interrelated narratives that together tell a full and nuanced yet wholly accessible history of visual art in the city From the temptingly blank canvas left by the Fire we loop back to the 1830s and on up through the 1860s tracing the beginnings of the city's institutional and professional art world and community From there we travel in chronological order through the decades to the present Familiar developments such as the founding of the Art Institute the Armory Show and the arrival of the Bauhaus are given a fresh look while less well known aspects of the story like the contributions of African American artists dating back to the 1860s or the long history of activist art finally get suitable recognition The six chapters each written by an expert in the period brilliantly mix narrative and image weaving in oral histories from artists and critics reflecting on their work in the city and setting new movements and key works in historical context The final chapter comprised of interviews and conversations

with contemporary artists brings the story up to the present offering a look at the vibrant art being created in the city now and addressing ongoing debates about what it means to identify as or resist identifying as a Chicago artist today The result is an unprecedentedly inclusive and rich tapestry one that reveals Chicago art in all its variety and vigor and one that will surprise and enlighten even the most dedicated fan of the city's artistic heritage Part of the Terra Foundation for American Art's year long Art Design Chicago initiative which will bring major arts events to venues throughout Chicago in 2018 Art in Chicago is a landmark publication a book that will be the standard account of Chicago art for decades to come No art fan regardless of their city will want to miss it **Birds and Nature**, 1901 *On Certain Relations Between Plants and Insects: a Lecture, Etc* Sir John Lubbock, 1878 **Birds and Nature Magazine**, 1900 Birds & Nature Magazine Charles C. Marble, William Kerr Higley, 1901 Vol 6 includes 40 Three Color Half tone illustrations from photographs of stuffed birds minerals and some landscapes Chicago Colortype Co Chic New York identified on some plates Page 132 *Pennsylvania Laws Relating to the Department of Forestry, Forestry Reservations, Timber Lands, Roadside Trees, & C* Joseph Simon Illick, 1915 **The Works of William Paley** William Paley, 1838 A Standard Dictionary of the English Language Isaac Kaufman Funk, 1906 **Creatures of Jurisprudence** Edward Mussawir, 2024-09-11 To what extent can an animal constitute a juridical species This highly original book considers how animals have been integral to law and to legal thinking Going beyond the traditional approaches to animal rights and the question of whether non human animals may be considered legal subjects this book follows two types of animal bears and bees and asks what existence these species have maintained in juridical thought Uncovering surprising roles that the animals play in the imagination of and solution to jurisprudential problems the book offers a counter argument to the view that juridical thought reduces one's appreciation for the singularity and independence of their lives It shows rather that the animals exert a remarkable influence on the creative dimensions of law offering a liveliness to it that is worthy of close attention Contributing to new directions at the intersection of jurisprudence and human animal studies this book will appeal to those with interests in either of these areas
