**The Co-Parenting Method** Marcie Shaoul, 2025-03-27 Separating from our other parent can be one of life's toughest challenges. When we separate with children, trying to navigate how to bring them up together becomes much harder. The separation process may become confrontational, and when children watch their parents fight or become pawns in that fight, the safe parental bubble they have lived in up to that point bursts. The Co-Parenting Method, based on the award-winning coaching methodology of The Co-Parent Way™, guides co-parents through their separation in a way that allows them to keep their children safe, whole, and protected. It gives co-parents the skills and knowledge they need to keep a safe parental bubble intact for their children, whatever they may feel about each other. Marcie is an excellent advocate for making co-parenting work; she brings the voice of the child, which can often be lost when parents are separating, to the forefront of the discussion. Live the Best Life Possible by Surviving Marriage R. Harper Mason, 2011-12-16

Duct Tape Parenting Vicki Hoefle, 2016-10-14 There's a new set of 3Rs for our kids: respect, responsibility, and resilience to better prepare them for life in the real world. Once developed, these skills let kids take charge and let parents step back to the benefit of all. Casting hover mothers and helicopter parents aside, Vicki Hoefle encourages a different, counter-intuitive yet much more effective approach for parents to sit on their hands, stay on the sidelines even if duct tape is required so that the kids step up. Duct Tape Parenting gives parents a new perspective on what it means to be effective, engaged parents and to enable kids to develop confidence through solving their own problems. This is not a book about the parenting strategy of the day, what the author calls Post-It Note Parenting, but rather a relationship

based guide to span all ages and stages of development Witty straight shooting Hoefle addresses frustrated parents everywhere who are ready to raise confident capable children to go out in the world **Misery Traps** Sharon Washington,2020-11-02 I believe that the Family Safety Net Act could be to raising kids in America what the Civil Rights Movement is to minorities The legislation will mandate that every fit parent have equal access to their kids automatic joint custody co parenting is insufficient with the best interests of the child at the heart of the legislation regardless of the status of the relationship of the parents with primary custody initially granted to the mother No more fathers begging to see their kids It s time The key is fit The adults must have the capacity to parent free of drug abuse emotional abuse and physical abuse and to establish a home that is free of such maltreatment It is time In addition since America is about enterprise working to support self and family and fulfilling dreams within the legal framework of this country the parents and our educational institutions must model that behavior so every student steps into adulthood with a plan to support themselves for the only way we will triumph over this nebulous future is to launch with the genuine love and support of as many friends and family we can muster together and to have the confidence from preparation to work and or pursue dreams I am for kids
