Situpa, 2018-10-16 , **Living, Dreaming, Dying** Rob Nairn, 2004-08-03 The Tibetan Book of the Dead is one of the best known Tibetan Buddhist texts It is also one of the most difficult texts for Westerners to understand In Living Dreaming Dying Rob Nairn presents the first interpretation of this classic text using a modern Western perspective avoiding arcane religious terminology keeping his explanations grounded in everyday language Nairn explores the concepts used in this highly revered work and brings out their meaning and significance for our daily life He shows readers how the Tibetan Book of the Dead can help us understand life and self as well as the dying process Living Dreaming Dying helps readers to live deliberately and confront death deliberately One thing that prevents us from doing that according to Nairn is our tendency to react fearfully whenever change occurs But if we confront our fear of change and the unknown we can learn to flow gracefully with the unfolding circumstances of life rather than be at their mercy Of course change occurs throughout our life but a period of transition also occurs as we pass from the waking state into sleep and likewise as we pass into death Therefore the author s teachings apply equally to living as well as to dreaming and dying Through meditation instructions and practical exercises the author explains how to Explore the mind through the cultivation of deep meditation states and expanded consciousness Develop awareness of negative tendencies Use deep sleep states and lucid dreaming to increase self understanding as well as to train oneself in how to die so that one is prepared for when the time comes Confront and liberate oneself from fear of death and the unknown **Relative World, Ultimate Mind** Pema Donyo Nyinche (Tai Situpa XII), 1992 **Starseed**

The Dance of 17 Lives Mick Brown,2010-11-15 In January 2000 two Ambassador taxis twisted their way up the narrow road leading towards Dharamsala in the Himalayan foothills of northern India the home in exile of the Dalai Lama In one taxi was a fourteen year old boy the 17th Karmapa one of the most important figures in Tibetan Buddhism The boy s arrival in Dharamsala was the culmination of an extraordinary escape which had brought him 900 miles across the Himalayas in conditions of high danger from the monastery in Tibet where he had lived since he was seven years old Fascinated by this charismatic young figure Mick Brown travelled to

Dharamsala to meet him and found himself drawn into the labyrinthine not to say surreal web of intrigue surrounding the 17th Karmapa's recognition and young life *Education for Responsibility* Hélène Hagège, 2019-07-09 Changing your mind to change the world is the general principle proposed to educate for responsibility Using an interdisciplinary scientific approach this book dissects the functioning of the ego that is to say the belief in a self an illusion that causes disharmony After an original modeling of the notion of responsibility the author deduces that it is incumbent on all of us to become aware of the relationship between our own minds and the world Thus gaining consistency and awareness everyone would have the potential to free themselves from the illusion of the ego and contribute to a more harmonious world This book therefore proposes psychospiritual skills favored in particular by different forms of reflexivity and by meditation and mindfulness which can serve as a basis for a curriculum to educate for responsibility This academic connection between meditation and ethics is a major innovative contribution
