A Decade After Economic Justice for All National Conference of Catholic Bishops, 1995-11

Doing Faithjustice Kammer, Fred, SJ, 2023 The author defines faithjustice as a passionate virtue which disposes citizens to become involved in the greater and lesser societies around themselves in order to create communities where human dignity is

protected and enhanced the gifts of creation are shared for the common good and the poor are treated with respect and a special love He says it is in the end a habit of the believing heart Against the backdrop of the author s explicit experiences as a southerner lawyer priest and Jesuit this book expounds on the meaning of faithjustice starting with the biblical grounding It then traverses the full breadth of historical developments in the Catholic Christian community for more than 200 years and elucidates the meaning of faithjustice in our contemporary context Underlining all this is the author s conviction that only people who are living out faithjustice commitments can promote the truth about the necessity of solidarity and counter the pernicious mistrust that creates division in society This updated edition includes new materials on creation and the jubilee tradition and on the parables of Jesus the writings of Popes Benedict XVI and Francis and other social teaching documents from the past twenty years and updated economic racial and social data and analysis in light of the justice tradition

Champions of the Poor Barend A. DeVries,1998-03-01 Barend A de Vries a distinguished international economist examines the economic roots of poverty the actions that can be taken to eradicate it and the ethical case for integrating the poor into the mainstream of society De Vries applies Judeo Christian ethics in particular the values of social justice and compassion for the poor to the problem of poverty in both the United States and in developing countries Bringing together the insights of economics and ethicists he considers both the economic feasibility of religious views regarding the eradication of poverty and the ethical aspects of economic programs He analyzes the poverty of women resulting from discrimination the impact of environmental degradation on the poor the allocation of funding to military rather than social programs and the implications of the enormous debts incurred by poor countries In addressing these conditions he demonstrates the pressing need for action on both economic and ethical grounds *Champions of the Poor* offers an unbiased presentation of the ethical positions taken by Jews Catholics mainline Protestants and Evangelicals and stresses the need for all social sectors religious and secular business labor and government to work together to eradicate poverty By reassessing poverty from these seemingly disparate approaches it seeks to bring us closer to solving this age old problem **Called to Global Solidarity**

to Address Human Trafficking Paul V.I. Sidlawinde Karenga,2022-02-02 This book describes the nature of trafficking in persons in West Africa focusing on labor and sexual exploitation in the region and recommends tailor made solutions established by the Catholic Church in light of governmental authorities failure to effectively combat this scourge of humanity While states efforts to fulfill their international obligations in developing anti trafficking legislations are recognized their

failure to carry out prosecutions of offenders and ensure protection of the victims reveals that law alone is not a sufficient instrument for realizing human rights and improving people's lives. Faced with the sobering background of less than successful efforts by governmental entities to end the trade in humans, this research study recommends adopting essential elements of Catholic social teaching which rests on the inherent dignity of human beings, allowing the development of political, socio-cultural, and religious reforms that will increase the effectiveness of existing legislation designed to combat trafficking. This faith-based approach highlights the role that religion may play in fulfilling the discretionary provisions of the Palermo Protocol by promoting the welfare and protecting the life and dignity of the victims. Additionally, religion is composed of sound moral ethics that determine people's behavior to refrain from the sinful conduct of trafficking. It also creates a sense of ethical responsibility that promotes supply chain transparency and ethical purchasing, as well as advocating social reforms and anti-trafficking legislations initiatives. In fact, the author's approach may be a model for other regions in the world and will be of interest to scholars, law and policy makers, human rights advocates, and law enforcement agents working in the field of trafficking in persons.
