Ruby Flam:

Ruby's Heart Nikki Crawford, 2019-11-07 Imagine being the only person in the world Alright so she s not the only person but she certainly feels like it She s the only one of her kind in a world packed with humans which feels even lonelier than just being alone She s lived centuries moving in and out of the human world never being a part of it It s hard to be a part of something when you barely seem to age and when you do it s over centuries It s better to keep your distance Safer Getting too close to anyone could expose who or rather what you are And set you up for heartache when they ultimately die leaving you back where you started alone But what is she If only she knew The one thing she knows she s most certainly not human She s the most powerful thing on the planet Vampires and shifters have nothing on her She moves things with her mind with a whim she s incredibly strong she heals quickly and she fights extraordinarily well She spends her days or rather nights fighting usually vampires because what else is there to do when you live outside the world Killing vampires isn t such a bad way to spend your time and it allows you to hit something It s lonely but she knows that can t change She keeps to herself for sanity s sake But when he a human walks into her life she knows her world is going to crumble Gemology Dr. Atul

Shukla, 2024-11-07 The book Gemology introduces readers to the world of gemstones focusing on their allure and the trade dynamics It explains that terms like gems gemstones colored stones and stones are used interchangeably in the industry to maintain discretion particularly in public settings The global gem and jewelry market estimated at 145 billion USD in 2005 is dominated by diamonds gold and platinum India plays a significant role being the largest gold consumer and a major center for diamond cutting and polishing The book also delves into the science of gemology teaching readers how to identify and evaluate gemstones based on cut clarity color and authenticity It explores the attraction of gems whether for their beauty metaphysical properties or value and offers practical knowledge for succeeding in the gem trade *Citrus Production*
