Dependent Independence C.O Makame,2020-10-07 Everyone knows where they were when the first case of Coronavirus in the country was announced but not everyone knows how a virus like Coronavirus reveals so much about the historical socio economic and political sacred cows humanity has been breeding for more than a 1000 years and how these have created a free range for the pandemic to graze and unleash mayhem on an unprepared world This book shatters the easy arrogance of countries with long held beliefs of how their power and economic prowess insulate them from the plagues often associated with the least developed countries in the world In the run up to the 2020 elections Americans are waking up to the reality that Democracy is very fragile and held together not by its gleaming skyscrapers but a philosophical framework that can easily be destroyed if the citizens do not protect it For poor countries perennially unable to shrug off the shackles of corruption and ineptitude holding them back it lays bare the brutal fact that the knee on their neck today is their own An open mind is a very rare item but that is what this book asks of its reader It brings historical facts carefully hidden through centuries of prejudice and misinformation with the intent to force us to confront ourselves to ask questions we had not dared to imagine and perhaps set us on a path to collective healing redemption and progress
