Rural Development Administration A Kenyan Experience:

Rural Development Administration Walter O. Oyugi, 1976* *Rural Development Administration* W. Ouma Oyugi, 1981

Government and Rural Development in East Africa L. Cliffe, J.S. Coleman, M.R. Doornbos, 2012-12-06 The gestation period of this collection has been lengthy even by academic standards. Some of our long suffering contributors prepared their original drafts for a workshop held in Nairobi in 1967 and although they have all updated their contributions they are still essentially reporting on research conducted in the late 1960s. However we feel that their various findings and analyses of the issues they respectively treat have a continuing validity in our comprehension of the problem of rural development. Other contributions reporting on more recent work have been incorporated at different times since most of them not commissioned especially for this symposium but all adding something to our understanding of the problem. The slow accumulation of material which makes up this final collection parallels an evolution in our own collective thinking if indeed not that of most students of development over the past decade. The progression has not been towards final clarification of the complex and changing East African realities nor towards formulation of an accepted model for their analysis rather it has been marked by the questioning of the initial somewhat simplistic assumptions with which some of us started out and a continuing debate and widening polarization of views about the significance of that process of government penetration of the rural areas which is our focus about the positive or negative value of development policies in East Africa and indeed about the appropriate theoretical approaches to the study of development in general.

The New Localism Edward G. Goetz, Susan E. Clarke, 1993-10-07 How have local economic conditions been affected by the emergence of a global economy? What changes if any have local political authorities made to counterbalance the new emphasis on world interests? Comprehensive and timely this book answers these and other vital questions by exploring local political restructuring in the face of massive global economic change.

Development Administration: the Kenyan Experience Göran Hydén, Robert Jackson, John Okumu, 1970 Composite work on public administration as an instrument of economic development in Kenya covers the centralization of administrative authority, the weakness of political institutions, the role of administrators in government policy making, recruitment and promotion of civil servants, training centres, the role of economic aid, technical cooperation and foreign investments and examines government control over cooperatives, health services, infrastructure development and trade unions. Bibliography pp 356 to 362, references and statistical tables.

Working with Rural Communities Participatory Action Research in Kenya Chitere, Orieko P., Mutiso, Roberta, 2015-03-16 This book addresses itself to mobilisation and involvement of rural people in development projects. It describes an imperfect but nonetheless exciting and thought provoking exercise that drew social science researchers and students from four public universities in Kenya into an experiment in participatory research, community education and development in two locations. The experiment was grounded on the assumptions that the people of Kenya are a primary resource and that given proper roles and contribution of planners

researchers and programme implementers self sustainable development can become a reality The contributors of this book have focused on the potential of the university to facilitate participation of the people in development They have given specific suggestions on how this might be accomplished

Social Structure and Rural Development in the Third World Guy Berger,1992-10-22 An analysis of the relationship between Third World farmers and the international economy

African Successes David K. Leonard,1991-03-14 For the past twenty five years Kenya has progressed while much of Africa has stagnated Instead of the economic disasters underdevelopment and serious food shortages that have plagued its neighbors Kenya has enjoyed an expanding economy and agriculture And instead of a corrupt and incompetent public administration Kenya has established several successful rural development programs run by public servants with integrity and professional commitment What accounts for these Kenyan successes In this innovative study David Leonard illustrates the way public policy is made and implemented in Kenya by focusing on four public officials who have had a great impact on rural development He skillfully weaves his analyses of Kenya s political economic and administrative systems into evocative biographical portraits of Charles Karanja General Manager of the Kenya Tea Development Authority Harris Mule administrative head of Finance and Planning Ishmael Muriithi head of the Veterinary Department and Simeon Nyachae Cabinet Secretary and chief of the Civil Service The result is a fascinating glimpse of Kenyan political life from the inside set in the context of the historical and social forces that have shaped that country s government

Historical Dictionary of Kenya Michael Mwenda Kithinji,2024-06-18 Kenya has a rich and complex history Due to the vast discoveries of prehistoric archaeological remains Kenya is one of the few places in the world with the largest and most complete record of human s cultural development Furthermore the country s strategic location astride the Indian Ocean and the East African littoral attracted numerous foreigners such as the Arabs Persians Portuguese Americans British Chinese French and Germans Additionally immigrants from throughout Africa and beyond have settled in Kenya to escape conflict or political persecution while others wanted an opportunity to begin a new life As a result of being a gateway to the world the country traditionally has been one of the most important business cultural diplomatic and political centers in Africa Still Kenya like many other countries throughout the world has been plagued by an increasing array of complex economic political and social challenges Historical Dictionary of Kenya Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Kenya

Historical Dictionary of Kenya Robert M. Maxon,Thomas P. Ofcansky,2014-09-09 Kenya has a long and complex history that began thousands of years ago Indeed some archaeologists contend that the country was the cradle of mankind or at the very least one of the places that was home to the earliest hominids In later centuries Kenya s strategic location astride the Indian Ocean and the East African littoral attracted

numerous foreign peoples some of the most significant of which have been the Americans Arabs British Chinese French Germans and Portuguese Additionally Africans from throughout the subcontinent have settled in Kenya to escape conflict or political persecution while others wanted an opportunity to begin a new life As a result of being a gateway to the world the country traditionally has been one of the most important business cultural diplomatic and political centers in Africa Although it has maintained this reputation during the post independence period Kenya like most African countries has been plagued by an increasing array of complex economic political and social problems This third edition of Historical Dictionary of Kenya provides a starting point for those interested in any of the phases of Kenya s historical evolution This is done through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Kenya

Working with Rural Communities Participatory Action Research in Kenya P. Chitere, Roberta Mutiso, 1991-12-29 This book addresses itself to mobilisation and involvement of rural people in development projects It describes an imperfect but nonetheless exciting and thought provoking exercise that drew social science researchers and students from four public universities in Kenya into an experiment in participatory research community education and development in two locations The experiment was grounded on the assumptions that the people of Kenya are a primary resource and that given proper roles and contribution of planners researchers and programme implementers self sustainable development can become a reality The contributors of this book have focused on the potential of the university to facilitate participation of the people in development They have given specific suggestions on how this might be accomplished

Revolutionizing Development Andrea Cornwall, Ian Scoones, 2022-03-28 This book tells the story of development studies in practice over the last fifty years through the work of one remarkable individual Robert Chambers His work has taken him from being a colonial officer in Kenya through training and managing large rural development projects to a fundamental critique of top down development and the championing of participatory approaches The contributors eloquently demonstrate how he has been at the centre of major shifts in development thinking and practice over this period popularising terms that are now at the centre of the development lexicon such as vulnerability multi dimensional poverty sustainable livelihoods and farmer first Robert Chambers played a major role in the massive growth in participatory approaches to development and particularly the application of participatory methods in development research and appraisal This has led to fundamental challenges to development practice ranging from approaches to monitoring and evaluation to institutional learning and professional training There is probably no one who has had more influence on approaches to development in the past decades *Revolutionizing Development* offers a unique overview of these contributions in thirty two concise chapters from authors who have been intimately involved as collaborators critics and colleagues of Robert Chambers

Bureaucracy in the Modern State Jon Pierre, 1995 Public administration is under

increasing pressure to become more efficient better geared to the demands and opinions of citizens more open to contacts with transnational bureaucracies and more responsive to the ideas of elected policy makers

Political Development and the New Realism in Sub-Saharan Africa David Ernest Apter, Carl Gustav Rosberg, 1994 Since the 1950s David Apter and Carl Rosenberg have been among the leading American scholars in African Studies In this volume they along with other major specialists in the field explore the new configurations of African politics With tentative efforts at a revival of democracy now taking place it seems appropriate to reassess the theoretical debates and empirical themes that have characterized postwar Sub Saharan African politics Focusing on new realism that has emerged among Africanists since the dismantling of colonial rule the essays are presented as a corrective both to the initial euphoria informing African studies and to the later tendency to place blame for all Africa's political and economic difficulties on the receding specter of colonial oppression

Politics, Participation, And Poverty Barbara P. Thomas, Barbara Thomas-Slayter, 2019-05-28 Focusing on the distribution of benefits in relation to class ethnicity and gender this book explores the methods to which the rural poor can organize themselves to participate in economic and social development and examines the roles that self help organizations play in the political economy of Kenya Dr Thomas looks at the competition for power

Bewitching Development James Howard Smith, 2009-10-15 These days development inspires scant trust in the West For critics who condemn centralized efforts to plan African societies as latter day imperialism such plans too closely reflect their roots in colonial rule and neoliberal economics But proponents of this pessimistic view often ignore how significant this concept has become for Africans themselves In *Bewitching Development* James Howard Smith presents a close ethnographic account of how people in the Taita Hills of Kenya have appropriated and made sense of development thought and practice focusing on the complex ways that development connects with changing understandings of witchcraft Similar to magic development's promise of a better world elicits both hope and suspicion from Wataita Smith shows that the unforeseen changes wrought by development greater wealth for some dashed hopes for many more foster moral debates that Taita people express in occult terms By carefully chronicling the beliefs and actions of this diverse community from frustrated youths to nostalgic seniors duplicitous preachers to thought provoking witch doctors *Bewitching Development* vividly depicts the social life of formerly foreign ideas and practices in postcolonial Africa

Education and Research in Public Administration in Africa Adebayo Adedeji, Colin Baker, 2023-08-31 Originally published in 1974 this book is a valuable contribution to the literature about the African context of public administration The application of research to public administration and the communication of research findings are discussed in depth All aspects of the subject are presented non university based non academic institutes as well as undergraduate and post graduate programmes The book concludes with some non African comparisons from Australia France the USA and UK
