Rural Development And Planning In Zimbabwe:

Rural Development and Planning in Zimbabwe N. D. Mutizwa-Mangiza, A. H. J. Helmsing, 1991 This text contains 15 papers which aim to assess the progress of the different dimensions of rural development and planning in post independence Zimbabwe From these papers the text draws conclusions and makes policy recommendations for the future *Farewell to Farms* Deborah Fahy Bryceson, Vali Jamal, 2019-05-23 First published in 1997 this volume asks whether Africa's future is necessarily rooted in peasant agriculture The title of this book *Farewell to Farms* is deliberately intended to challenge the widely held view that Africa is the world's reserve for peasant farming African rural populations are themselves moving away from a reliance on agriculture Deagrarianisation takes the form of urban migration as well as the expansion of non agricultural activities in rural areas providing new income sources occupations and social identities for rural dwellers Using recent continent wide case study evidence the authors assess the impact of deagrarianisation on household welfare business performance and national development Their findings which reveal new economic trajectories and social patterns emerging from a period of accelerated change call into question assumptions about Africa's future place in the world division of labour

Sustainable and Smart Spatial Planning in Africa Charles Chavunduka, Walter Timo De Vries, Pamela Duran Diaz, 2022-04-24 This book clarifies the smart city concept that is gaining application in Sub Saharan Africa It shows how the smart concept can be used to address problems that would be difficult and more expensive to solve using traditional techniques such as employment creation This is done through elaboration of the African interpretation of smartness using tools for smart solid waste management e governance smart energy and smart infrastructure The case studies selected and each chapter explain a different dimension of the smart city concept and offer innovative solutions to problems of rapid urbanization It lays the theoretical foundation for further research on smart cities and rural areas in Africa *The Palgrave Encyclopedia of Urban and Regional Futures* Robert C. Brears, 2023-01-13 While urban settlements are the drivers of the global economy and centres of learning culture and innovation and nations rely on competitive dynamic regions for their economic social and environmental objectives urban centres and regions face a myriad of challenges that impact the ways in which people live and work create wealth and interact and connect with places Rapid urbanisation is resulting in urban sprawl rising emissions urban poverty and high unemployment rates housing affordability issues lack of urban investment low urban financial and governance capacities rising inequality and urban crimes environmental degradation increasing vulnerability to natural disasters and so forth At the regional level low employment low wage growth scarce financial resources climate change waste and pollution and rising urban peri urban competition etc are impacting the ability of regions to meet socio economic development goals while protecting biodiversity The response to these challenges has typically been the application of inadequate or piecemeal solutions often as a result of fragmented decision making and competing priorities with numerous economic environmental and social consequences In response there is a growing movement towards viewing

cities and regions as complex and sociotechnical in nature with people and communities interacting with one another and with objects such as roads buildings transport links etc within a range of urban and regional settings or contexts This comprehensive MRW will provide readers with expert interdisciplinary knowledge on how urban centres and regions in locations of varying climates lifestyles income levels and stages development are creating synergies and reducing trade offs in the development of resilient resource efficient environmentally friendly liveable socially equitable integrated and technology enabled centres and regions

[Development Practice in Eastern and Southern Africa](#) Tshilidzi Madzivhandila,Sepo Hachigonta,Joseph Francis,Joseph Kamuzhanje,Oluwatoyin Dare Kolawole,Shirley DeWolf,2022-03-29 This book is a rare collection of reflective and reflexive stories that reveal how seasoned academics agents of grassroots social change leaders and journalists transformed and

shaped the development landscape in eastern and southern Africa Whereas practical experiences are crucial assets and resources for shaping the academic environment and development practice landscape most of the existing literature recommended as key learning materials in tertiary institutions is rarely in synch with the practical realities of development practice The shared individual lived experiences from academic endeavours and fieldwork provide hands on tools for students and emerging practitioners who might be involved in or are currently facilitating development work The thrust of the book therefore is to demystify the day to day experiences of development practitioners while contributing to learning pathways or strategies for achieving viable solutions to the myriad of challenges which grassroots communities face The relevance of the book as a crucial resource for students pursuing development oriented degree programmes in colleges and universities is obvious Without any doubt the compilation will be handy in the implementation of diverse development oriented transformation agenda at academic programming and policy levels
