Experiences of Criminal Justice Daniel Newman,Roxanna Dehaghani,2022-01-18 Austerity continues to impact the criminal justice process in England and Wales police numbers are down the Crown Prosecution Service is in disarray legal aid has been reduced courts are closing and magistrates are leaving Research into the criminal process usually focuses on England however this book offers a rare insight into South Wales Drawing on first hand accounts of lawyers police suspects and the convicted and their families it uncovers how these affected individuals navigate the challenges caused by austerity what has changed and what can be done to improve the system This book is a reliable and evocative account of the reality of criminal justice in Wales **The Lower Criminal Courts** Alisa Smith,Sean Maddan,2019-05-22 This book explores misdemeanor courts in the United States by focusing on the processing of misdemeanor crimes and the resultant consequences of conviction such as loss of employment and housing the imposition of significant fines and loss of liberty all amounting to the criminalization of poverty that happens in many U S misdemeanor courts A major concern is the lack of due process employed in lower courts Although the seminal case of Gideon v Wainwright required the appointment of counsel to individuals too poor to hire counsel in felony cases it was not until 1967 when the President s Commission on Law Enforcement and Administration of Justice found a crisis in the lower courts that the Supreme Court extended the right to counsel to some though not all prosecutions of misdemeanor offenses The first step to improving our understanding of the lower courts is a concerted effort by scholars to focus on the processing and outcomes of misdemeanor cases This collection begins to fill the void by providing a comprehensive review of the scholarly work on the lower courts in the United States Collecting analysis from key academics engaged in work in this area today the book reviews the varying specialized lower criminal courts including specialty courts that have emerged in just the last couple of decades along with discussions of the history legal challenges operation primary actors judges prosecutors defense counsel and defendants and current research on these courts The book explores the profound consequences misdemeanor processing has for defendants and discusses the future of the lower criminal courts and offers best practices to improve them The Lower Criminal Courts is essential for scholars and undergraduate and graduate students in criminology sociology justice studies pre law legal studies political science and social work and it is also useful as a resource providing legal practitioners with important information highlighting the significance of consequences of misdemeanor arrests detentions and adjudications **The Encyclopedia of Rural Crime** Alistair Harkness,Jessica Rene Peterson,Matt Bowden,Cassie Pedersen,Joseph Donnermeyer,2024-05-14 The

Rural Victims of Crime Rachel Hale, Alistair Harkness, 2022-12-30 *Rural Victims of Crime* offers a pioneering sustained assessment of the rural victim. It does so by examining and analysing the conceptual constructs of a victim and challenging the urban bias of victimisation and victimology in criminological study. Indeed far too much criminological scholarship is based on the false assumption that rural areas are relatively crime free and thus free too of victims. Providing international perspectives chapters in this edited collection focus centrally on notions of place and space and constructions of rural victims in a variety of contexts exploring the impact that geographic location has on the type and prevalence of victimisation. The concept of victimisation is often considered in terms of interpersonal relationships between humans neglecting the potent impact of victimisation of non humans and the natural and built environment. *Rural Victims of Crime* discusses existing notions of victimology in relation to non human subjects broadening conceptualisations of the victim and associated impacts resulting from victimisation. Structured in three parts *Rural Victims of Crime* conceptualises the rural victim enhances understanding of the realities of rural victimisation and considers both formal and informal responses to rural victimisation. Chapters are accompanied by practical contemporary case studies to connect theory with praxis. This book is an essential and valuable resource for academics students and practitioners alike in the fields of criminology criminal justice rural studies victimology geography sociology and spatiality. *America's Courts and the Criminal Justice System* David W.

Neubauer, 1999 By far the best selling text in this market *AMERICA'S COURTS* focuses on the dynamics of the court by introducing the concept of the courtroom work group and the relationship between the three main actors judge prosecutor and defense attorney thus illustrating the law in action not just dry theory and facts. **Ritual and Myth in Odawa**

Revitalization Melissa A. Pflüg, 1998 This interdisciplinary account of a contemporary Great Lakes Algonkian community explores how the ethical system underlying Odawa Ottawa myth and ritual sustains traditionalists efforts to confront the legal and social issues threatening tribal identity. Because many Odawa are not members of federally recognized communities anthropologist Melissa A Pflug focuses on their struggle to overcome long term social marginalization and achieve collective sovereignty. In profound ways contemporary Odawa people are walking the paths of their ancestors. Neolin Pontiac The Trout and Tenskwatawa Those prophetic leaders together with mythic Great Persons established a legacy tied to land language and tradition a sovereign identity that defines Odawa life in terms of pimadaziwin life sustaining moral and healthy
