Longitudinal Qualitative Research Analyzing Change Through Time:

Longitudinal Qualitative Research Johnny Saldaña, 2003 Professor Saldaña briefly discusses the basic elements of longitudinal qualitative data, examines time and change in longitudinal qualitative studies, and then offers sixteen specific questions through which researchers may approach the analysis of longitudinal qualitative data. Longitudinal Qualitative Research Johnny Saldaña, 2003-05-16 Johnny Saldaña outlines the basic elements of longitudinal qualitative data focusing on micro levels of change observed within individual cases and groups of participants. He draws upon his primary experience in theater education to examine time and change in longitudinal qualitative studies, contending that playwrights and qualitative researchers write for the same purpose to create a unique insightful and engaging text about the human condition. Offering sixteen specific questions through which researchers may approach the analysis of longitudinal qualitative data, Professor Saldaña presents a text intended as a primer for fellow newcomers to long-term inquiry based on traditional social science methods from traditional qualitative and quantitative paradigms but enriched by an artist educator's unconventional perspective. The SAGE Handbook of Qualitative Research Design Uwe Flick, 2022-03-17 Qualitative research design is continually evolving. It is not only more established in disciplines beyond the traditional social sciences in which it is a standard choice but also just as impacted by the changes in what data technologies and approaches researchers are using. This Handbook takes readers through the foundational theories, functions, strategies, and approaches to qualitative research design before showcasing how it negotiates different data and research environments and produces credible, actionable impact beyond the study. Containing contributions from over 90 top scholars from a range of social science disciplines, this Handbook is not just an anthology of different qualitative research designs and how when to use them; it is a complete exploration of how and why these designs are shaped and how why and into what they are evolving. This is a valuable resource for Master's and PhD level students, faculty members, and researchers across a wide range of disciplines such as health, nursing, psychology, social work, sociology, and education. Volume One: Part I: Concepts of Designing Designs in Qualitative Research; Part 2: Theories and Epistemological Contexts of Designing Qualitative Research; Part 3: Elements of Designing Qualitative Research; Part 4: Basic Designs and Research Strategies in Qualitative Research; Part 5:

Sporty Girls Sheryl Clark, 2021-03-01 This book engages with the ongoing question of why many girls stop doing sport and physical activity in their teenage years Previous research has found that many girls disengagement from sport takes place despite their childhood enjoyment and that frequently these same women take up sport again as adults Within these chapters Sheryl Clark explores what it is about this period of time that persuades many girls to disengage from sports when their male peers continue to take part why some girls continue to take part and most importantly how girls understand this participation She suggests that girls participation in sport should be viewed as part of their ongoing constructions of successful girlhood within a competitive schooling system and broader socioeconomic context

Writing Qualitatively Johnny Salda, 2018-04-09 Writing Qualitatively The Selected Works of Johnny Salda a showcases the diverse range of writing styles available to qualitative researchers through the work one of the most internationally cited and referenced methodologists The traditional academic journal article still holds its place as a convention of published scholarship but Salda a illustrates how a variety of approaches to research documentation can evocatively represent social life and one s self in intriguing ways Writing Qualitatively assembles journal articles book chapters ancillary materials texts from keynote addresses and previously unpublished work that illustrate Salda a s eclectic body of inquiry Each piece is prefaced with author comments on the selection and how readers themselves might venture into comparable writing styles Multiple methodologies and writing examples are included ranging from case studies to action research from poetry to ethnodramatic play scripts from confessional tales to autoethnographies and from textbook materials to classroom session designs An introduction to the collection discusses Salda a s writing processes and how qualitative researchers and educators can extend their own imaginations and creativity to find new forms of scholarly presentation and representation Writing Qualitatively serves as a supplemental text for undergraduate and graduate courses in qualitative inquiry educational research ethnography and arts based research This unique anthology demonstrates to students professors and professional researchers how academic scholarship can be reported through a breadth of literary genres elements and styles

Conducting Contextual Research

Bernard Guerin, Eden Thain, Kristen Stevens, Adan C. Richards, Guilherme Bergo Leugi, 2024-06-27 This innovative book proposes an entirely new approach to social research presenting practical ways to discover people's life contexts in order to understand why they do what they do which is essential for any forms of research that need to understand people Taking a novel approach that goes beyond traditional categorisations of qualitative and quantitative research the book starts by discussing the real basis of all research methods in social relationships before detailing the methods for finding out about a person's life contexts in very practical terms accompanied by suggested questions advice and research tricks to help you progress The various life contexts are then worked through chapter by chapter Drawing on the rich and varied research experiences of all the authors examples are given throughout with later chapters focusing on specific research areas Conducting Contextual Research is essential reading for postgraduate students and professionals in the fields of counselling psychology and social work and will be useful to anyone conducting research or inquiries to understand human behaviour including academic researchers detectives intelligence operators social workers government service researchers social policy analysts and biographers **Preparing White Teachers for Anti-Racist Education** Katrina Liu, Michael K.

Thomas, Richard Miller, 2024-12-22 Using a framework combining Critical Race Theory and Critical Reflection and Generativity for Transformative Praxis this book examines both how white preservice teachers conceive of race and racism habits of mind and how they react when dealing with race and racism in the classroom patterns of acting With firm grounding in real world data the authors detail ways in which teacher educators can recognize and deal with preservice teachers who cannot or will not translate their reflections on race into actions against racism
