Look At Leninism:

A Look at Leninism Ron Taber, 1988 *Lenin and Leninism: Lenin as the Organizer and Leader of the Russian Communist Party* Joseph Stalin, 2024-05-09 In April 1920 Stalin wrote a commemorative article titled *Lenin as the Organizer and Leader of the Russian Communist Party* often grouped under *Lenin and Leninism* Delivered on Lenin's 50th birthday at a Moscow Party Committee meeting it was published soon afterward In it Stalin praised Lenin's personal role in building and guiding the Bolshevik Party attributing to him almost all strategic and organizational achievements of the Revolution The piece takes on a reverential tone common in Soviet cult of personality later and sought to remind readers of Lenin's indispensable contribution This article appeared in 1920 in Moscow likely in party newspapers or bulletins It has two sections the organizer and the leader though the subtitle used by the *Collected Works* suggests it was one article Stalin recounts Lenin's early underground work the foundation of Bolshevik newspapers victory in factional struggles and leadership during the Civil War The core content is laudatory biography for example Stalin writes of Lenin's strategy in the October Revolution his unifying tactics for Soviets and his influence on policy Alternative titles are usually not used in English except *Lenin as Organizer* some later editions simply list it under *Lenin and Leninism* The style is hagiographic rather than analytical reflecting its purpose as a eulogy Its historical importance is mainly in how it set a tone for Stalin's own image making Published during Lenin's lifetime it helped inaugurate the narrative that Stalin was Lenin's right hand man and successor thus bolstering Stalin's standing In Soviet history it has been widely cited as evidence of Stalin's loyalty and ideological continuity with Lenin After Stalin's death the article was included in *Stalin's Works Vol 4 1917-1920* as noted by the official editors Today it is viewed as a propagandistic piece reflecting early Soviet efforts to mythologize Lenin nevertheless its depictions of events such as Lenin's role in party congresses have sometimes served historians as a source albeit a very partisan one This modern *Critical Reader's Edition* includes an illuminating afterword tracing Stalin's intellectual relationships with revolutionary philosophers and politicians including Hegel Feuerbach Engels and Ricardo containing unique research into his intellectual development and economic metaphysical theories religious impulses masquerading as materialism a comprehensive timeline of his life and works a glossary of Lenin-Stalinist terminology and a detailed index of his work works Combined with the scholarly amplifying material this professional translation is an indispensable exploration of Stalin's world-changing philosophy which he manifested into one of the most terrifying authoritarian regimes ever created

Lenin, Hegel, and Western Marxism Kevin Anderson, 1995 This first full-length treatment of Lenin's studies of Hegel presents Lenin as a major figure in Hegelian Marxism providing a more nuanced portrait of his work than that of either official Marxist Leninism or most Western accounts With impressive argumentation and wide-ranging scholarship Anderson presents us with a Lenin that no one seriously interested in current debates over the relevance of Marxist theory to socialist practice can afford to miss Bertell Ollman author of *Dialectical Investigations* An

important contribution to grasping the conceptual roots of Marxist theory and practice Tom Rockmore author of Hegel's Circular Epistemology Today Lenin looks like he did little more than prepare the way for Stalin You will find the opposite view in this novel study I recommend the book to anyone seriously interested in Russia and revolution George Uri Fischer author of The Soviet System and Modern Society

Lenin Robert Service, 2011-02-21 Lenin is a colossal figure whose influence on twentieth century history cannot be underestimated Robert Service has written a calmly authoritative biography on this seemingly unknowable figure Making use of recently opened archives he has been able to piece together the private as well as the public life giving the first complete picture of Lenin This biography simultaneously provides an account of one of the greatest turning points in modern history Through the prism of Lenin's career Service examines events such as the October Revolution and the ideas of Marxism Leninism the one party state economic modernisation dictatorship and the politics of inter war Europe In discovering the origins of the USSR he casts light on the nature of the state and society which Lenin left behind and which have not entirely disappeared after the collapse of the Soviet regime in 1991 Immensely scholarly but also vivid and readable This is a splendid book much the best that I have ever read about Lenin I was overwhelmed by the power and vividness of this portrait Dominic Lieven Sunday Telegraph He has managed skilfully to depict the surreal life of an obsessive brilliant and stubborn individual Guardian Lenin's life was politics but Service has succeeded in keeping Lenin the man in focus throughout This book deserves a place among the best studies of one of the most fascinating figures in modern history Harold Shukman The Times

The Prospects for Liberal Nationalism in Post-Leninist States Cheng Chen, 2010-11-01

Lenin Beryl Williams, 2014-06-17 Drawing on the flood of new material to emerge from Russian and Western sources in recent years Beryl Williams focuses on Lenin's years in power and provides first rate introduction to the life ideology and impact of one of the formative figures of the 20th century Within an overall chronological framework Williams examines topics such as cultural revolution foreign policy and expansion As well as being an examination of Lenin's life and work this is an up to date evaluation of recent historiographical debates and literature in the context of the period
