The Paris Muse Louisa Treger, 2024-07-04 Living with him was like living at the centre of the universe It was electrifying and humbling blissful and destructive all at the same time Paris 1936 When Dora Maar a talented French photographer painter and poet is introduced to Pablo Picasso she is mesmerized by his dark and intense stare Drawn to his volcanic creativity it isn't long before she embarks on a passionate relationship with the Spanish artist that sometimes includes sadism and masochism and ultimately pushes her to the edge *The Paris Muse* is the fictionalized retelling of this disturbing love story as we follow Dora on her journey of self discovery and expression Set in Paris and the French Riviera where Dora and Pablo spent their holidays with their glamorous artist friends it provides a fascinating insight into how Picasso was a genius who side stepped the rules in his human relationships as he did in his art Much to Dora's torment he refused to divorce his wife and conducted affairs with Dora's friends The Spanish Civil War made him depressed and violent an angst that culminated in his acclaimed painting *Guernica* which Dora documented as he painted As the encroaching darkness suffocates their relationship a darkness that escalates once the Second World War begins and the Nazis invade the country Dora has a nervous breakdown and is hospitalized Atmospheric intense and moving *The Paris Muse* is an astonishing read that ensures that this talented often overlooked woman who gave her life to Picasso is no longer a footnote Praise for *The Paris Muse* An accomplished literary novel and also an absolute page turner Raw sexual charisma and its descent into toxic cruelty which is set and artfully echoed in times of peace and war Essie Fox author of the Sunday Times bestseller *The Fascination Dora Maar The Weeping Woman of Picasso's famous paintings steps out of the canvas in Louisa Treger's unforgettable new novel Dora's passionate obsessive relationship with the artist came close to destroying her and Treger's beautifully written first person narrative takes us deep inside her grief and torment Picasso emerges as a controlling sadistic man who is single minded in pursuit of his art first his pleasure second This is a powerful absorbing read about a woman who was a talented artist in her own right and it illustrates very graphically who*

skin & bones Renée Watson,2024-05-07 Best Book of May 2024 by New York Post Finalist for the 2024 Westport Prize for Literature From the acclaimed 1 New York Times bestselling author comes a soulful and lyrical novel exploring sisterhood motherhood faith love and ultimately what gets passed down from one generation to the next At 40 Lena Baker is at a steady and stable moment in life between wine nights with her two best friends and her wedding just weeks away she's happy in love and in friendship until a confession on her wedding day shifts her world Unmoored and grieving a major loss Lena finds herself trying to teach her daughter self love while struggling to do so herself Lena questions everything she's learned about dating friendship and motherhood and through it all she works tirelessly to bring the oft forgotten Black history of Oregon to the masses sidestepping her well meaning co workers that don't understand that their good intentions are often offensive and hurtful Through Watson's poetic voice skin bones is a stirring exploration of who society makes space for and is ultimately a story of heartbreak and healing **I Wanna Take Me a Picture** Wendy Ewald,Alexandra Lightfoot,2002-09-17 Written for parents and teachers I Wanna Take Me a Picture is an accessible and practical guide to getting children involved in photography Through a series of lessons from self portraiture to representing their dreams it teaches everything a beginner needs to know how to compose a picture set up a darkroom and develop film Lateness and Longing George Baker,2023-05-23 How a generation of women artists is transforming photography with analogue techniques Beginning in the 1990s a series of major artists imagined the expansion of photography intensifying its ideas and effects while abandoning many of its former medium constraints Simultaneous with this development in contemporary art however photography was moving toward total digitalization Lateness and Longing presents the first account of a generation of artists focused on the work of Zoe Leonard Tacita Dean Sharon Lockhart and Moyra Davey who have collectively transformed the practice of

photography using analogue technologies in a dissident way and radicalizing signifiers of older models of feminist art All these artists have resisted the transition to the digital in their work Instead in what amounts to a series of feminist polemics they return to earlier incomplete or unrealized moments in photography s history gravitating toward the analogue basis of photographic mediums Their work announces that photography has become not obsolete but late opened up by the potentially critical forces of anachronism Through a strategy of return of refusing to let go the work of these artists proposes an afterlife and survival of the photographic in contemporary art a formal lateness wherein photography finds its way forward through resistance to the contemporary itself Poetic View II Aloha Rick,2024-03-22 This book contains a collection of some of my best work yet a collection of poetry written in layman s terms that just about anyone can read and understand my message This is a collection of poetry written on about every subject that you can imagine

Self-Portrait Marti Friedlander,2014-01-01 From a childhood spent in London s rough East End to a half century in New Zealand photographing winemakers and artists children and kuia Marti Friedlander has lived a life marked by adventure travel and its fair share of challenges It is also a life that has been defined by the art of observation and capturing on film In Self Portrait the renowned photographer tells her story for the first time As clear and unflinching in her prose as she is in her photography Friedlander describes growing up in a London orphanage being Jewish working in a Kensington photography studio marrying a New Zealander the challenges of moving to a new country and a life spent photographing the ordinary and the extraordinary from balloons and beaches to politicians and protests She also explains how with a stranger s eye she captured the transformation of New Zealand life over the last half century This is a rich meditation on one woman s photographic journey through the 20th century *Alice Neel* Phoebe Hoban,2010-12-07 Alice Neel liked to say that she was the century and in many ways she was She was born into a proper Victorian family and came of age during suffrage The quintessential Bohemian she spent more than half a century from her early days as a WPA artist living in the heart of the Village through her Whitney retrospective in 1974 until her death ten years later painting often in

near obscurity an extraordinarily diverse population from young black sisters in Harlem to the elderly Jewish twin artists Raphael and Moses Soyer to Meyer Schapiro and Linus Pauling to the American Communist Party chairman Gus Hall creating an indelible portrait of 20th century America Neel's hundreds of portraits portray a universe of powerful personalities and document an age Neel painted through the Depression McCarthyism the Civil Rights Movement the sexual revolution of the 60's feminism and the feverish eighties Fiercely democratic in her subjects she portrayed her lovers her children her neighbors in Spanish Harlem pregnant nudes crazy people and famous figures in the art world all in a searing psychological style uniquely her own From Village legend Joe Gould with multiple penises to Frank O'Hara as a lyrical young poet from porn star Annie Sprinkle gussied up in leather to her own anxious nude pregnant daughter in law Neel's portraits are as arrestingly executed as they are relentlessly honest In this first full length biography of Neel best selling author Phoebe Hoban recounts the remarkable story of Neel's life and career as full of Sturm and Drang as the century she powerfully captured in paint Neel managed to transcend her often tragic circumstances surviving the death from diphtheria of her infant daughter Santillana her first child by the renowned Cuban painter Carlos Enriquez with whom she lived in Havana for a year before returning to America the break up of her marriage a nervous breakdown at thirty resulting in several suicide attempts for which she was institutionalized and the terrible separation from her second child Isabetta whom Carlos took back to Havana In every aspect of her life Neel dictated her own terms from defiantly painting figurative pieces at the height of Abstract Expressionism convincing her subjects to disrobe which many of them did including surprisingly Andy Warhol to becoming a single mother to the two sons she bore to dramatically different partners No wonder she became the de facto artist of the Feminist movement When Time magazine put Kate Millet on its cover in 1970 she was asked to paint the portrait Very much in touch with her time Neel was also always ahead of it Although she herself would probably have rejected such label she was America's first feminist multicultural artist a populist painter for the ages Phoebe Hoban's Alice Neel The Art of Not Sitting Pretty tells the unforgettable story of a woman who forged a permanent place in the pantheon by courageously flaunting convention both in her life and her work
