Valuing Customer Engagement V. Kumar,2024-02-14 In recent years the concept of customer engagement has evolved as a powerful tool in the managerial toolkit of firms to incorporate a profitable approach to customer management There is a pressing need for an authoritative book that communicates the fundamentals of profitable customer engagement by proposing a customer engagement value framework This book Valuing Customer Engagement is first of its kind on customer engagement that outlines the theory and methods of engaging customers profitably in business to consumer and business to business settings Written by world renowned scholar and thought leader V Kumar this seminal work book explains the definitions of the metrics within the CEV framework and analyzes ways to measure and maximize these metrics that can help in engaging customers profitably Dr Kumar also reveals the interrelationships between these metrics i.e how

each metric impacts the other with examples from all over the world This updated edition introduces of Customer Valuation Theory as a way of quantifying direct and indirect engagement value while presenting newer applications and case studies With practical examples of companies that have benefited by implementing these strategies this guide is a must have for business executives who want to maximize companies profitability as well as students wanting to learn how to engage customers and build loyalty The Marketing / Accounting Interface Robin Roslender, Richard M.S. Wilson, 2013-09-13

When marketing managers and financial managers join forces within any business the result can often be poor communication on financial criteria and goals The risk of this situation occurring is inevitably present when those with different professional backgrounds and roles are working in accordance with their own norms In his seminal 1956 paper on general systems theory the economist Kenneth Boulding referred to the phenomenon of specialised ears and generalised deafness which can be seen to exist when marketing managers are financially illiterate or when financial managers lack the necessary insights to design implement and operate accounting systems which are useful to marketing managers in carrying out their roles It is increasingly difficult to attach credence to the idea of marketing managers who lack financial skills or financial managers who fail to relate to the context in which marketing managers operate Understanding the marketing accounting interface is therefore important in generating emergent properties from the interaction of marketers and accountants whereby the whole is greater than the sum of the parts The chapters in this volume seek to address this challenge This book was originally published as a special issue of the Journal of Marketing Management Customer Relationship Management Francis Buttle, 2009 This title presents an holistic view of CRM arguing that its essence concerns basic business strategy developing and maintaining long term mutually beneficial relationships with strategically significant customers rather than the operational tools which achieve these aims *The Marketing Performance Blueprint* Paul Roetzer, 2014-07-23 Discover what's possible when the art and science of marketing collide The Marketing Performance Blueprint is an actionable and innovative guide to unlocking your potential as a marketer and accelerating success for your business With an eye toward the marketing industry's rapid evolution this book focuses on the processes technologies and strategies that are redefining the marketing environment Step by step you will learn how to build performance driven organizations that exceed ROI expectations and outpace the competition Companies are demanding a more technical scientific approach to marketing and this guide provides the key information that helps marketing professionals choose the right tools and recruit the right talent to more effectively build brand generate leads convert sales and increase customer loyalty Marketers are facing increased pressure to connect every dollar spent to bottom line results As the industry advances the tremendous gaps in talent technology and strategy leave many professionals underprepared and underperforming The Marketing Performance Blueprint helps bridge those gaps Align marketing talent technology and strategy to reach performance goals Drive digital marketing transformation within your organization Recruit train and retain a modern

marketing team Propel growth through digital savvy marketing agency partners Adapt more quickly to marketing technology advancements Create connected customer experiences Turn marketing data into intelligence and intelligence into action Devise integrated marketing strategies that deliver real business results The marketers who will redefine the industry in the coming months and years will never stop challenging conventional knowledge and solutions Whether in terms of evolved talent advanced technology or more intelligent and integrated strategies these driven professionals will be in demand as the pioneers of the new marketing era The Marketing Performance Blueprint helps marketers blaze a trail of their own by providing a roadmap to success
