Martin Luther Michael A. Mullett, 2004 Martin Luther's radical actions in 16th century Germany sparked off the dramatic process of the European Reformation This important new biography portrays Luther his concerns and his achievements with clarity and verve and provides a

Martin Luther's Anti-Semitism Eric W. Gritsch, 2012-01-09 In this book Eric W Gritsch a Lutheran and a distinguished Luther scholar faces the glaring ugliness of Martin Luther's anti-Semitism head on describing Luther's journey from initial attempts to proselytize Jews to an appallingly racist position which he apparently held until his death Comprehensively laying out the textual evidence for Luther's virulent anti-Semitism Gritsch traces the development of Luther's thinking in relation to his experiences external influences and theological convictions Revealing greater impending danger with each step Martin Luther's Anti-Semitism marches steadily onward until the full extent of Luther's racism becomes apparent Gritsch's unflinching analysis also describes the impact of Luther's egregious words on subsequent generations and places Luther within Europe's long history of anti-Semitism Throughout however Gritsch resists the temptation either to demonize or to exonerate Luther Rather readers will recognize Luther's mistakes as links in a chain that pulled him further and further away from an attitude of respect for Jews as the biblical people of God Gritsch depicts Luther as a famous example of the intensive struggle with the enduring question of Christian Jewish relations It is a great historical tragedy that Luther of all people fell victim to anti-Semitism albeit against his better judgment

The Flesh of the Word K.J. Drake, 2021-04-13 The extra Calvinisticum the doctrine that the eternal Son maintains his existence beyond the flesh both during his earthly ministry and perpetually divided the Lutheran and Reformed traditions during the Reformation This book explores the emergence and development of the extra Calvinisticum in the Reformed tradition by tracing its first exposition from Ulrich Zwingli to early Reformed

orthodoxy Rather than being an ancillary issue the questions surrounding the extra Calvinisticum were a determinative factor in the differentiation of Magisterial Protestantism into rival confessions Reformed theologians maintained this doctrine in order to preserve the integrity of both Christ's divine and human natures as the mediator between God and humanity This rationale remained consistent across this period with increasing elaboration and sophistication to meet the challenges leveled against the doctrine in Lutheran polemics The study begins with Zwingli's early use of the extra Calvinisticum in the Eucharistic controversy with Martin Luther and especially as the alternative to Luther's doctrine of the ubiquity of Christ's human body Over time Reformed theologians such as Peter Martyr Vermigli and Antione de Chandieu articulated the extra Calvinisticum with increasing rigor by incorporating conciliar christology the church fathers and scholastic methodology to address the polemical needs of engagement with Lutheranism The Flesh of the Word illustrates the development of christological doctrine by Reformed theologians offering a coherent historical narrative of Reformed christology from its emergence into the period of confessionalization The extra Calvinisticum was interconnected to broader concerns affecting concepts of the union of Christ's natures the communication of attributes and the understanding of heaven

Challenges to Authority Peter Elmer, 2000-01-01 The evolution and reception of the Renaissance was mediated by developments in various other spheres of early modern life and culture Foremost among these were the religious changes initiated by the Protestant Reformation which are discussed in the opening chapters of this book Religious and cultural developments in Germany are contrasted with sixteenth century Spain and are further explored through the study of the picaresque novel Lazarillo de Tormes Subsequent chapters explore the Renaissance fascination with witchcraft and demonology in both learned discourse Pico's Strix and popular drama The Witch of Edmonton The volume concludes with a study of one of the most influential and provocative writers of the sixteenth century Michel de Montaigne whose Essays provide stimulating material for a reassessment of the impact of the Renaissance on contemporary thought

Luther's Epistle of Straw Jason D. Lane, 2017-11-07 This work challenges the common consensus that Luther with his commitment to St Paul's articulation of

justification by faith leaves no room for the Letter of St James Against this one sided reading of Luther focused only his criticism of the letter this book argues that Luther had fruitful interpretations of the epistle that shaped the subsequent exegetical tradition Scholarship's singular concentration on Luther's criticism of James as an epistle of straw has caused many to overlook Luther's sermons on James the many places where James comes to full expression in Luther's writings and the influence that Luther's biblical interpretation had on later interpretations of James Based primarily on neglected Lutheran sermons in the sixteenth and seventeenth centuries this work examines the pastoral hermeneutic of Luther and his theological heirs as they heard the voice of James and communicated that voice to and for the sake of the church Scholars pastors and educated laity alike are invited to discover how Luther's theology was shaped by the Epistle of James and how Luther's students and theological heirs aimed to preach this disputed letter fruitfully to their hearers Martin Luther's Exegetical Use of the Epistle of St. James Dennis Clare Stoutenburg, 2023-12-29 **Martin Luther's Hebrew in**

Theological quarterly, 1907 Mediaeval Commentaries on the Sentences of Peter Lombard, 2015-01-27 The work published in this third and final volume of Brill's handbook on the tradition of the Book of Sentences breaks new ground in three ways First several chapters contribute to the debate concerning the meaning of medieval authority and authorship For some of the most influential literature on the Sentences consisted of study aids and compilations that were derivative or circulated anonymously Consequently the volume also sheds light on theological education on the ground the kind of teaching that was dispensed by the average master and received by the average student Finally the contributors show that Peter Lombard's textbook played a much more dynamic role in later medieval theology than hitherto assumed The work remained a force to be reckoned with until at least the sixteenth century especially in the Iberian Peninsula Contributors are Claire Angotti Monica Brinzei Franklin T Harkins Severin V Kitanov Lidia Lanza Philipp W Rosemann Chris Schabel John T Slotemaker Marco Toste Jeffrey C Witt and Ueli Zahnd **Scala Christus est** Giovanni Tortoriello, 2023-05-09 Since the nineteenth century scholars have debated the controversial relationships between humanism the Renaissance and the Reformation Challenging the dominant narrative on the subject Giovanni Tortoriello reconstructs the debates that

characterized the early Reformation movements He shows that Martin Luther's theology of the cross developed in reaction to the irenic tendencies of the Renaissance With the spread of Platonism Hermeticism and Kabbalah in the fifteenth century the identity of Christianity shifted and the boundaries between the different religions thinned In response to this attempt to minimize the differences among the various religions Luther reiterated the centrality and uniqueness of the salvific event of the cross Confessional biases and theological prejudices have obliterated the role that Platonism Hermeticism and Christian Kabbalah played in the early Reformation debates The author reconstructs these controversies and situates Luther's theology of the cross in this historical context

Luther's Relation to Humanism Mary Elizabeth Bradt, 1925 New criticisms on the celebrated text, 1 John v. 7, a lect., tr. by W.A. Evanson Franz Anton Knittel, 1829 New Criticisms on the Celebrated Text, 1 John V. 7. "For There are Three that Bear Record in Heaven, the Father, the Word, and the Holy Ghost ; and These Three are One." A Synodical Lecture, by Francis Antony Knittel ... Published at Brunswick in 1785. Translated from the Original German, by William Alleyn Evanson Franz Anton Knittel, 1829 Luther's First Front Robert C. Croken, 1990 Since the Reformation in the sixteenth century one of the basic divisions between Catholics and Protestants has been the concept of the mystery of the Eucharist and its meaning to modern Man In this new study Robert C Croken tries to explain why Luther's view of the Eucharist is pivotal to ecumenical dialogue among Christians The sacrificial dimension of the Eucharist is one of the tenets Luther opposed although this basic theme has often been neglected in recent research This study focuses on Luther's rejection of the Eucharist as a sacrifice and a good work a major doctrinal shift from previous Catholic belief Explaining the historical origins of the debate Robert Croken shows the reader where the Roman Catholic and Lutheran churches have grown apart and where they have found agreement This book is a systematic study of Martin Luther's writings in the context of his break with Rome and will be of value to scholars and theologians of modern Christianity searching for common ground in ecumenical discussions

Martin Luther's Understanding of God's Two Kingdoms William J. Wright, 2010 A leading Reformation scholar historically reassesses the original breadth of Luther's theology of the two kingdoms and the cultural contexts from which it emerged *The Essential Nestingen* John T. but at the same accessible work in these three areas of his research and teaching Spanning over three decades of his ministry as a teacher of the church these essays find a common focus in Christ who is the end of the law for righteousness Romans 10 4 They remain timely and serve not only as a testimony to Nestingen erudite scholarship but as a resource for the edification for a new generation of both pastors and lay people who share Nestingen passion for handing over the goods that he found in Luther and the Lutheran Confessions

Luther's Augustinian Theology of the Cross Marco Barone, 2017-06-06 These theological paradoxes have been deduced well or poorly from St Paul the especially chosen vessel and instrument of Christ and also from St Augustine his most trustworthy interpreter These are some of Martin Luther's words that introduce his Heidelberg Disputation 1518 a collection of doctrinal theses that serves as a manifesto of Luther's theology The German Reformer claimed that his theses were a faithful exposition not only of Pauline theology but also of Augustine's doctrine of salvation Luther's Augustinian Theology of the Cross is an unprecedented commentary of Luther's Heidelberg Disputation Through a wide range of Augustinian texts the author shows the accuracy of Luther's claim Moreover the work offers some original considerations that are of interest to both theology and philosophy In the year of the 500th anniversary of the Reformation this volume is a lively and stimulating addition to the debate about the relationship between Augustine's soteriology and the theology of the Reformation
