Post-Jungian Criticism James S. Baumlin,Tita French Baumlin,George H. Jensen,2004-02-01 This groundbreaking collection brings the range and diversity of post Jungian thought into the realm of contemporary literary and cultural criticism These essays explore expand critique and apply post Jungian critical theory as they revisit and reread Jung's own writings from numerous perspectives No longer treated as a source of clear unequivocal authoritative pronouncement Jung's writings are themselves subjected to critical deconstructive readings and several of the essays confront head on Jung's evident racism antifeminism anti-Semitism and political conservatism While not downplaying such charges the contributors outline an alternative post Jungian theory responsive to contemporary feminist postcolonial and poststructural concerns The result is not just a critical reinterpretation but more important a regeneration of Jungian thought

Nineteenth-Century Anti-Catholic Discourses D. Peschier,2005-06-21 By the middle of the nineteenth century much clearly gendered anti Catholic literature was produced for the Protestant middle classes Nineteenth Century Anti Catholic Discourses explores how this writing generated a series of popular Catholic images and looks towards the cultural social and historical foundation of these representations Diana Peschier places the novels of Charlotte Brontë within the framework of Victorian social ideologies in particular the climate created by rise of anti Catholicism and thus provides an alternative reading of her work

Chiaroscuro Helen Barolini,1999 A lively lucid and often extremely moving collection of essays Sandra Gilbert author of *Wrongful Death* A Memoir Barolini's essays

moved me Their commitment their passion their intelligence struck me very powerfully and made them among the most incisive essays on Italian Americana ethnicity and diversity in literature that I have ever read Fred Misurella author of *Understanding Milan Kundera* Public Events Private Affairs and Short Time Part memoir part social commentary and part literary criticism *Chiaroscuro* is not only profoundly original but also of crucial importance in establishing the contours of an Italian American tradition Spanning a quarter century of work the essays in Helen Barolini's essays explore her personal search literature as a formative influence and the turning of the personal into the political Included in *Chiaroscuro* is an updated re introduction to Barolini's American Book Award winning collection *The Dream Book* An Anthology of Writings by Italian American Women English Writers B. A. Sheen, 2004 *English Writers* A Bibliography with Vignettes **The Feminine Case** Tessa Adams, Andrea Duncan, 2018-12-07 *The Feminine Case* is a collection of papers that debate the issue of gender from a Jungian perspective Particular attention is paid to the discussion of Jung's transcendent function and what this offers women in the process of individualisation Attention is also given to the revisionist work of James Hillman and to relevant issues found within post Lacanian critique principally in the works of Julia Kristeva Luce Irigaray and Helene Cixous The chapters deal with a range of issues and aim to promote further discussion One theme discussed in the book is the way in which feminine language is formed within a masculine domain and how it can and is changing Works of literature notably those of Charlotte Bronte and *The Tempest* are explored and examined in conjunction with Jungian themes The feminine in relation to the maternal and in its lack of relation to the divine are two other engaging topics discussed in this volume This collection involves the reader in a welcome debate on the role of the feminine in the Jungian world Cross-currents of Jungian Thought Donald R. Dyer, 1991 *Choice*, 1992 *English Novel Explication*, 1976 **Cumulative Bibliography of Victorian Studies**, 1970 **The Cumulative Book Index**, 1991 A world list of books in the English language Literary Intention, Literary Interpretations, and Readers John Maynard, 2009-04-17 This accessible personal and provocative study returns to the major subject in literary discussion before and during the relatively recent flourishing of literary theory that of literary intention Does the author's personal intention or historical site determine a correct interpretation of a literary work Probing the entire range of issues connected with this many faceted and knotty concept this book engages with interpretation on both theoretical and practical levels It argues that the hard questions about interpretation connected to issues of intention cannot be sidestepped or ignored It does not argue for conservative concepts of literature itself nor against the major historical engagements of critics in our time But in addressing those who continue to read or teach literature it does insist on a level of sophistication in issues of literary interpretation that cannot be assured by historical research and knowledge of the social and cultural connections to literary works The overall aim of the work is to recall readers to the great complexity pleasure and interest of literary interpretation **Literary Criticism Register**, 1991 **Charlotte Brontë's Jane Eyre** Elsie Browning Michie, 2006 Divided into three sections this work explores a range of

interpretive strategies applied to readings of Jane Eyre The last section includes essays that frame the historical and social contexts out of which Jane Eyre arose and investigate the critical reception and afterlife of the text publisher *Subject Guide to Books in Print* ,1993 *Paperbound Books in Print* ,1992 **The Victorian Novel** Harold Bloom,2004 Victorian England produces some the the greatest novelists in Western history including Charles Dickens Thomas Hardy and George Eliot Critical analysis focuses on the development of the Victorian novel through the second half of the 19th century **Jane Eyre's Sisters** Jody Gentian Bower,2015-03-15 Ever since women in the West first started publishing works of fiction they have written about a heroine who must wander from one place to another as she searches for a way to live the life she wants to live a life through which she can express her true self creatively in the world Yet while many have written about the heroine s journey most of those authors base their models of this journey on Joseph Campbell s model of the Heroic Quest story or on old myths and tales written down by men not on the stories that women tell In Jane Eyre s Sisters How Women Live and Write the Heroine s Story cultural mythologist Jody Gentian Bower looks at novels by women and some men as well as biographies of women that tell the story of the Aletis the wandering heroine She finds a similar pattern in works spanning the centuries from Lady Mary Wroth and William Shakespeare in the 1600s to Sue Monk Kidd Suzanne Collins and Philip Pullman in the current century including works by Jane Austen the Bront sisters George Eliot Elizabeth Gaskell Charles Dickens Kate Chopin Virginia Woolf Doris Lessing J R R Tolkien and Alice Walker to name just a few She also discusses myths and folk tales that follow the same pattern Dr Bower argues that the Aletis represents an archetypal character that has to date received surprisingly little scholarly recognition despite her central role in many of the greatest works of Western fiction Using an engaging down to earth writing style Dr Bower outlines the stages and cast of characters of the Aletis story with many examples from the literature She discusses how the Aletis story differs from the hero s quest how it has changed over the centuries as women gained more independence and what heroines of novels and movies might be like in the future She gives examples from the lives of real women and scatters stories that illustrate many of her points throughout the book In the end she concludes authors of the Aletis story use their imagination to give us characters who serve as role models for how a woman can live a full and free life
