Douglas Geivett, Gary R. Habermas, 2025-10-16 Rumors of deception have surrounded claims of Jesus resurrection ever since the soldiers appointed to guard his tomb made their report to the Jewish authorities But no one has led the philosophic charge against miracles quite as influentially as David Hume with his 1748 essay *Of Miracles* Refined revised restated his arguments still affect philosophic discussions of miracles today During the twentieth century strong arguments have been raised by Antony Flew professor emeritus at Keele University in England Flew has contributed a fresh statement of his objections to the idea of God s acting in history just for this volume which also includes Hume s classic critique as a part of the case against miracles In response Douglas Geivett and Gary Habermas have assembled a distinguished team of scholars to rebut the objections and set forth the positive case for God s action in history Richard Purtill clarifies the word miracle while Norman Geisler critiques Hume s case against miracles Francis Beckwith and Winfried Corduan assess how we would recognize miracles in the past and in the present Ronald Nash examines naturalism s exclusion of miracles and shows its self referential incoherence J P Moreland discusses whether science properly rules out the possibility of miracles God s existence and action in history are probed by David Beck and Stephen Davis while Douglas Geivett argues that within a theistic framework it is reasonable to expect miracles as confirmation of claims to special revelation David Clark examines miracles within the context of various world religions Robert Newman John Feinberg

William Lane Craig and Gary Habermas conclude by investigating fulfilled prophecy the virgin birth and incarnation of Jesus the empty tomb and the resurrection appearances In *Defense of Miracles* is a comprehensive up to date discussion that should not be overlooked by anyone concerned with the current debate over miracles **Miracle and History** John Huntley Skrine,1912 *Eight Lectures on Miracles* James Bowling Mozley,1878 **Miracles and the Modern Mind** Norman L. Geisler,2004-06-21 That miracles exist is an important part of the Christian tradition yet a brief survey of modern thought reveals a marked prejudice against this notion Here Geisler shows how the laws of logic and science speak to the reasonableness of miracles A dispassionate look at the facts and arguments demands that doubters question their own naturalistic assumptions Geisler also describes signs wonders and power contrasting what the Bible means by a miracle with bizarre stories of saints faith healers and occultists A continuation of his work begun in *Miracles and Modern Thought* *Miracles and the Modern Mind* includes extensive revisions and additions *Are Miracles Credible?* John James Lias,1883

Syllabus or Skeleton of Dr. Goodwin's Lectures on Apologetics Anonymous,2025-07-21 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *God's Word in Human Words* Kenton L. Sparks,2008-03-01 The conclusions of critical biblical scholarship often pose a disconcerting challenge to traditional Christian faith Between the two poles of uncritical embrace and outright rejection of these conclusions is there a third way Can evangelical believers incorporate the insights of biblical criticism while at the same time maintaining a high view of Scripture and a vital faith In this provocative book Kenton Sparks argues that the insights from historical and biblical criticism can indeed be valuable to evangelicals and may even yield solutions to difficult issues in biblical studies while avoiding pat answers This constructive response to biblical criticism includes taking seriously both the divine and the human aspects of the Bible and acknowledging the diversity that exists in the biblical texts

not his wife and presents fresh perspectives on Transcendentalism Grodzins explores Transcendentalism's religious roots shows the profound religious and political issues at stake in the Transcendentalist controversy and offers new insights into Parker's Transcendentalist colleagues including Emerson Margaret Fuller and Bronson Alcott He traces too the intellectual origins of Parker's epochal definition of democracy as government of by and for the people The manuscript of this book was awarded the Allan Nevins Prize by the Society of American Historians *Ferdinand Christian Baur and the History of Early Christianity* Martin Bauspiess, Christof Landmesser, David Lincicum, 2017-02-10 Ferdinand Christian Baur 1792 1860 has been described as the greatest and at the same time the most controversial theologian in German Protestant theology since Schleiermacher The controversy was epitomized by a nineteenth century British critic who wrote that his theory makes of Christianity a thing of purely natural origin calls in question the authenticity of all but a few of the New Testament books and makes the whole collection contain not a harmonious system of divine truth but a confused mass of merely human and contradictory opinions as to the nature of the Christian religion The contributors to this volume however regard Baur as an epoch making New Testament scholar whose methods and conclusions though superseded have been mostly affirmed during the century and a half since his death This collection focuses on the history of early Christianity although as a historian of the church and theology Baur covered the entire field up to own time He combined the most exacting historical research with a theological interpretation of history influenced by Kant Schelling and Hegel The first three chapters discuss Baur's relation to Strauss M hler and Hegel Then a central core of chapters considers his historical and exegetical perspectives Judaism and Hellenism Gnosticism New Testament introduction and theology the Pauline epistles the Synoptic Gospels John the critique of miracle and the combination of absoluteness and relativity The final chapters view his influence by analyzing the reception of Baur in Britain Baur and Harnack and Baur and practical theology This work offers a multi faceted picture of his thinking which will stimulate contemporary discussion *An Essay on Miracle* Geoffrey Hughes, 1912 [The International Cyclopedia](#) Harry Thurston Peck, 1899 **Studies in the History of Christian Apologetics** James Macgregor, 1894
