Held Captive by Indians Richard VanDerBeets, 1994 The brilliant introductory essay and the superb editing combine to make the book a valuable contribution to American history and literature Pacific Historical Review The value of this gruesomely fascinating collection is inestimable This is a book for both the scholar and casual reader who wants something out of the ordinary Library Journal The best of the genre that has appeared comprehensive well edited and thoroughly useful Russell B Nye Among the early white settlers accounts of Indian captivities and massacres became America's first literature of catharsis a means by which a population that disapproved of fiction and play acting could satisfy its appetite for stories about other people's misfortunes This collection of unaltered captivity narratives first published in 1973 remains an invaluable source of information for historians and ethnologists providing a fascinating glimpse of a vanished era For this revised edition VanDerBeets has written a new preface discussing the proliferation of recent scholarship about captivity narratives especially those written by women

In the Shadow of the Gallows Jeannine Marie DeLombard, 2012-07-24 From Puritan Execution Day rituals to gangsta rap the black criminal has been an enduring presence in American culture To understand why Jeannine Marie DeLombard insists we must set aside the lenses of pathology and persecution and instead view the African American felon from the far more revealing perspectives of publicity and personhood When the Supreme Court declared in Dred Scott that African Americans have no rights which the white man was bound to respect it overlooked the right to due process which ensured that black offenders even slaves appeared as persons in the eyes of the law In the familiar account of African Americans historical shift from plantation to prison we have forgotten how for a century before the Civil War state punishment affirmed black political membership in the breach while a thriving popular crime literature provided early America's best known models of individual black selfhood Before there was the slave narrative there was the criminal confession Placing the black condemned at the forefront of the African American canon

allows us to see how a later generation of enslaved activists most notably Frederick Douglass could marshal the public presence and civic authority necessary to fashion themselves as eligible citizens At the same time in an era when abolitionists were charging Americans with the national crime of manstealing a racialized sense of culpability became equally central to white civic identity What for African Americans is the legacy of a citizenship grounded in culpable personhood For white Americans must membership in a nation built on race slavery always betoken guilt In the Shadow of the Gallows reads classics by J Hector St John de Cr vecoeur Edgar Allan Poe Frederick Douglass Herman Melville George Lippard and Edward Everett Hale alongside execution sermons criminal confessions trial transcripts philosophical treatises and political polemics to address fundamental questions about race responsibility and American civic belonging **Slavery, Propaganda, and the American Revolution** Patricia Bradley, 2010-04-08 Under the leadership of Samuel Adams patriot propagandists deliberately and conscientiously kept the issue of slavery off the agenda as goals for freedom were set for the American Revolution By comparing coverage in the publications of the patriot press with those of the moderate colonial press this book finds that the patriots avoided misinterpreted or distorted news reports on blacks and slaves even in the face of a vigorous antislavery movement The Boston Gazette the most important newspaper of the Revolution was chief among the periodicals that dodged or excluded abolition The author of this study shows that The Gazette misled its readers about the notable Somerset decision that led to abolition in Great Britain She notes also that The Gazette excluded anti slavery essays even from patriots who supported abolition No petitions written by Boston slaves were published nor were any writings by the black poet Phillis Wheatley The Gazette also manipulated the racial identity of Crispus Attucks the first casualty in the Revolution When using the word slavery The Gazette took care to focus it not upon abolition but upon Great Britain s enslavement of its American colonies Since propaganda on behalf of the Revolution reached a high level of sophistication and since Boston can be considered the foundry of Revolutionary propaganda the author writes that the omission of abolition from its agenda cannot be considered as accidental but as intentional By the time the Revolution began white attitudes toward blacks were firmly fixed and these persisted long after American independence had been achieved In Boston notions of virtue and vigilance were shown to be negatively embodied in black colonists These devil s imps were long represented in blackface in Boston s annual Pope Day parade Although the leaders of the Revolution did not articulate a national vision on abolition the colonial anti slavery movement was able to achieve a degree of success but only in drives through the individual colonies *Catalogue of the American library of ... George Brinley [by J.H. Trumbull]. (Special ed.).* James Hammond Trumbull, George Brinley, 1878 **Catalogue of the American Library of the Late Mr. George Brinley** George Brinley, 1897 **The Identity Question: Blacks and Jews in Europe and America** Philipson, Robert, 2000 A ^AMixed Race Frank Shuffelton, 1993-04-29 This collection of new essays enters one of the most topical and energetic debates of our time the subject of ethnicity The recent vigorous debates being waged over questions raised by the phenomenon of

multiculturalism in America highlight the fact that American culture has arisen out of an unusually rich and interactive ethnic mix. The essays in *A Mixed Race* suggest that American society was inescapably multicultural from its very beginnings and that this representation of cultural differences fundamentally defined American culture. While recent scholarship has looked extensively at the ethnic formation of modern American culture, this study focuses on the eighteenth century and colonial American values that have been previously overlooked in the debate, arguing that a culture shaped by responses to ethnic and racial difference is not merely a modern circumstance but one at the base of American history. Written by a group of first class contributors, the essays in this collection discuss the representation of cultural differences between European immigrants and Native Americans, the circumstances of the first African American autobiographical narratives, rhetorical negotiations among different European American cultural groups, ethnic representation in the genre literature of jest books and execution narratives, and the ethnic conceptions of Michel de Crevecoeur, Phillis Wheatley, and Thomas Jefferson. *A Mixed Race* offers agile and original yet scholarly readings of ethnicity and ethnic formation from some of our best critics of early American culture. Moving from questions of race and ethnicity to varieties of ethnic representation and finally to individual confrontations, this volume sheds light on the confrontations of ethnically diverse peoples and launches a timely full scale investigation of the construction of American culture.

When Brer Rabbit Meets Coyote Jonathan Brennan, 2003. An exploration of the literature history and culture of people of mixed African American and Native American descent. *When Brer Rabbit Meets Coyote* is the first book to theorize an African Native American literary tradition. In examining this overlooked tradition, the book prompts a reconsideration of interracial relations in American history and literature. Jonathan Brennan, in a sweeping historical and analytical introduction to this collection of essays, surveys several centuries of literature in the context of the historical and cultural exchange and development of distinct African Native American traditions. Positing a new African Native American literary theory, he illuminates the roles subjectivity, situational identities, and strategic discourse play in defining African Native American literatures. Brennan provides a thorough background to the literary tradition and a valuable overview to topics discussed in the essays. He examines African Native American political and historical texts, travel narratives, and the Mardi Gras Indian tradition, suggesting that this evolving oral tradition parallels the development of numerous Black Indian literary traditions in the United States and Latin America.

Handbook of American Romanticism Philipp Löffler, Clemens Spahr, Jan Stievermann, 2021-07-05. The *Handbook of American Romanticism* presents a comprehensive survey of the various schools, authors, and works that constituted antebellum literature in the United States. The volume is designed to feature a selection of representative case studies and to assess them within two complementary frameworks: the most relevant historical, political, and institutional contexts of the antebellum decades and the consequent re-appropriations of the Romantic period by academic literary criticism in the twentieth and early twenty-first centuries.

The Cambridge Companion to Early American Literature Bryce Traister, 2021-11-25. This book introduces readers to early

American literary studies through original readings of key literary texts Belief Vs. Theory in Black American Literary Criticism Joseph Weixlmann, Chester J. Fontenot, 1986 Handbook of Transatlantic North American Studies Julia Straub, 2016-05-10 Transatlantic literary studies have provided important new perspectives on North American British and Irish literature They have led to a revision of literary history and the idea of a national literature They have changed the perception of the Anglo American literary market and its many processes of transatlantic production distribution reception and criticism Rather than dwelling on comparisons or engaging with the notion of influence transatlantic literary studies seek to understand North American British and Irish literature as linked with each other by virtue of multi layered historical and cultural ties and pay special attention to the many refractions and mutual interferences that have characterized these traditions since colonial times This handbook brings together articles that summarize some of the crucial transatlantic concepts debates and topics The contributions contained in this volume examine periods in literary and cultural history literary movements individual authors as well as genres from a transatlantic perspective combining theoretical insight with textual analysis Narrative of the Uncommon Sufferings, and Surprizing Deliverance Briton Hammon, 1792 **African American Literature** Alma Dawson Ph.D., Connie Van Fleet, 2004-12-30 Will guide readers to works central to the compelling African American experience that match specific reading interests A brief history of the evolution of African American literature collection development guidelines and readers advisory tips complete this resource **African American Almanac: Culture** Jay P. Pederson, 1994 African American Almanac features historical and current information on African American life and culture Biography profiles hundreds of notable African Americans Breakthroughs provides fascinating details on hundreds of milestones involving African Americans Chronology features significant milestones in all aspects of African American history beginning in 1492 Voices contains 35 full or excerpted speeches and other notable spoken words of African Americans **Maps of Heaven, Maps of Hell** Edward J. Ingebreetsen, 1996 Ingebreetsen English Georgetown U poses an interesting question in his introduction Why does Milton s Satan have all the best lines A glance at the bestsellers list shows that king of horror Stephen King tops the charts with five books Americans obviously love to be scared out of their wits because the author argues our puritanical theology demands fear to attain conversion and the writings of Cotton Mather Hawthorne Frost and King are the relics of this collective memory Tracing themes of captivity expiation self loss and possession the volume provides an entertaining analysis of American literature and cultural identity Paper edition unseen 19 95 Annotation copyright by Book News Inc Portland OR **The African American Encyclopedia** Michael Warren Williams, 1993 Deals extensively with the African American experience in the United States from the very beginning up to the present day with an in depth examination of the history and contributions of a people who want to be recognized
