primarily for the prospective author The Directory of Publishers in Religion lists and describes 177 publishers serving the full range of religious publishing secular and denominational academic and popular Numerous indexes guide the reader to publishers with a particular faith denominational cultural emphasis subject area focus or genre preference The Dictionary of Publishers in Religion is an indispensable tool for the prospective author and publishing professional an up to date resource for the best and most complete information about religious publishing worldwide *Navigating the Spiritual Dimension of Childhood* Helena Card, 2025-09-30 Focusing on enhancing spiritual development this book guides educators in thoughtful pedagogy and practice to encourage and recognise young children s spirituality in everyday educational settings Young children s innate spirituality is an integral part of their everyday lives as well as their personal growth and development This book draws on the Reggio Emilia approach to develop an environment that will nurture the spiritual expression of children Based on qualitative research the book presents children s expression of spirituality through flow creativity imagination caring or empathy towards another attraction to nature and natural phenomena joy wonder and awe curiosity and engagement It guides the reader in creating environments in which children explore discover and play and where spiritual expression can manifest and be nurtured Each chapter concludes with a variety of practical suggestions to support the reader in noticing and nurturing spirituality in children Drawing on interdisciplinary research and perspectives this accessible book is written for pre service and in service educators alike offering an inspiring way to recontextualise childhood and design pedagogy *Kingdom of Children* Mitchell Stevens, 2009-02-09 More than one million American children are schooled by their parents As their ranks grow home schoolers are making headlines by winning national spelling bees and excelling at elite universities The few studies conducted suggest that homeschooled children are academically successful and remarkably well socialized Yet we still know little about this alternative to one of society s most fundamental institutions Beyond a vague notion of children reading around the kitchen table we don t know what home schooling looks like from the inside Sociologist Mitchell Stevens goes behind the scenes of the homeschool movement and into the homes and meetings of home schoolers What he finds are two very different kinds of home education one rooted in the liberal alternative school movement of the 1960s and 1970s and one stemming from the Christian day school movement of the same era Stevens explains how this dual history shapes the meaning and practice of home schooling today In the process he introduces us to an unlikely mix of parents including fundamentalist Protestants pagans naturalists and educational radicals and notes the core values on which they agree the sanctity of childhood and the primacy of family in the face of a highly competitive bureaucratized society *Kingdom of Children* aptly places home schoolers within longer traditions of American social activism It reveals that home schooling is not a random collection of individuals but an elaborate social movement with its own celebrities networks and characteristic lifeways Stevens shows how home schoolers have built their philosophical and religious convictions into the practical structure of the cause and documents the political consequences of their success at

doing so Ultimately the history of home schooling serves as a parable about the organizational strategies of the progressive left and the religious right since the 1960s Kingdom of Children shows what happens when progressive ideals meet conventional politics demonstrates the extraordinary political capacity of conservative Protestantism and explains the subtle ways in which cultural sensibility shapes social movement outcomes more generally
