An Examination of the Theme of Discipleship in The Seven Churches of Revelation Steve L. Roy, 2021-09-15 Go and make disciples Our command is clear our mission is given But what exactly is a disciple and what does discipleship really mean In *An Examination of the Theme of Discipleship in the Seven Churches of Revelation* Dr Steve Roy takes the reader to the book of Revelation and to the specific letters from Jesus Christ himself These letters help the reader to discover dramatically important conclusions as to what discipleship is and what it means to be a disciple Through each of the letters to the seven churches Jesus follows a particular pattern of discipleship and applies it to the specific churches in western Asia Minor These patterns and instructions are just as relevant for us today as they were when John the Revelator sent them This book is written for the person who wants to take discipleship seriously and for the pastor who stands before his congregation weekly with the purpose of making disciples

The Meaning of "Make Disciples" in the Broader Context of the Gospel of Matthew Lindsay D. Arthur, 2022-05-09 Students of the Bible are generally comfortable with their understanding of the command make disciples Matt 28 19 Indeed most of them would argue that the Gospel writer Matthew spells out very clearly the meaning of the term in the Great Commission Matt 28 16 20 by utilizing three key words viz go ing baptizing and teaching This point of view is the result of centuries of scholarly opinion that has looked primarily if not solely to these three adjacent participles of make disciples Matt 28 19 and not to the entire Gospel of Matthew for the meaning of the command This book does not suggest that going baptizing and teaching are not to be considered in determining the essence of Christian disciple making Rather it contends that the three terms should not be our only source of meaning This problem is tackled herein by demonstrating that Matthew establishes a framework within

the Great Commission itself that points to a fuller meaning of make disciples in the broader context of his Gospel and that the Gospel writer expects his reader to draw on his entire Gospel to grasp the full meaning of this important command

Mimesis in the Johannine Literature C. Bennema, 2017-09-21 Mimesis is a fundamental and pervasive human concept but has attracted little attention from Johannine scholarship This is unsurprising since Johannine ethics of which mimesis is a part has only recently become a fruitful area of research Bennema contends that scholars have not yet identified the centre of Johannine ethics admittedly due to the fact that mimesis is not immediately evident in the Johannine text because the usual terminology for mimesis is missing This volume is the first organized study on the concept of mimesis in the Johannine literature The aim of the study is to establish that mimesis is a genuine Johannine concept to explain its particulars and to show that mimesis is integral to Johannine ethics Bennema argues that Johannine mimesis is a cognitive creative process that shapes the believer's identity and behaviour within the context of the divine family Besides being instrumental in people's moral transformation mimesis is also a vital mechanism for mediating the divine reality to people

Ecclesia and Ethics Edward Allen Jones III, John Frederick, John Anthony Dunne, Eric Lewellen, Janghoon Park, 2016-05-19 Ecclesia and Ethics considers the subject of Ecclesial Ethics within its theological theoretical and exegetical contexts Part one presents the biblical theological foundations of an ecclesial ethic examining issues such as creation and Paul's theology of the Cross Part two moves on to examine issues of character formation and community Finally part three presents a range of exegetical applications which examine scripture and ethics in praxis These essays look at hot button issues such as the virtual self in the digital age economics and attitudes to war The collection includes luminaries such as N T Wright Michael J Gorman Stanley Hauerwas and Dennis Hollinger as well as giving space to new theological and exegetical voices As such Ecclesia and Ethics provides a challenging and contemporary examination of modern ethical debates in the light of up to date theology and exegesis

The Spirituality of Following Jesus in John's Gospel Sean Seongik Kim, 2017-10-12 Research on following Jesus has mostly been done in terms of what Jesus followers ought to do In this unprecedented study Kim presents following Jesus in John's Gospel through the perspective of what Jesus does for his followers Following Jesus is a journey towards the place

where Jesus leads his followers that is to a relationship with the Father It is ultimately participating in the Son's communion with the Father Jesus who was in the bosom of the Father descended from him and ascends to him taking his followers with him so that they may be with him where he is with the Father in glory and love Kim develops this thesis by examining the term *akolouthēin* to follow and correlated motifs in John's Gospel *Servants and Fools* Arthur Boers, 2015-10-20

Leadership is a much discussed topic What does it actually mean for us as Christians Does Christian leadership have its own distinctive shape and character In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers examines Jesus's pattern of leadership Boers shows how this pattern is rooted in service and sacrifice is cautious about power and hierarchies and prioritizes the vulnerable In other words it often reverses what we expect of leadership and is different from what we read in most leadership literature *Servants and Fools* is a unique resource for students and practitioners across denominations It offers a foundational perspective on leadership and guidance for practical application in the reader's daily life and ministry Arthur Boers has at last written the book we have sorely needed a book that is destined to become the main text in my seminary courses in church leadership a book that is sure to be enthusiastically received by thousands of contemporary Christian leaders Boers energetically underscores the joyful peculiarity of specifically Christian leadership His book is unique a biblically based Christologically grounded defense of leadership in the name of Christ Will Willimon Professor of the Practice of Christian Ministry Duke Divinity School United Methodist Bishop retired and author of *Pastor The Theology and Practice of Ordained Leadership* *Servants and Fools* is a brilliant and essential contribution to any serious study of leadership Robust faithful insightful biblical teaching A judicious knowledgeable harvest of the best contributions from leadership theorists and practitioners Plus humor in the trenches experiences and practical applications I cannot imagine ever teaching another class on leadership without assigning and discussing Arthur Boers's book David W Gill Mockler Phillips Professor of Workplace Theology Ethics Gordon Conwell Theological Seminary In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers deconstructs the contemporary cult of leadership and serves up a refreshingly Biblical alternative It is a great cautionary tale for today's churches seminaries and Christian non profits At the same time it offers great insight for secular organizations and leaders as well John Suk author former editor of *The Banner* and pastor of Lawrence Park Community Church Toronto Canada One of Hearts Minds Bookstore's BEST BOOKS OF 2015 [Christology and Discipleship in John 17](#) Marianus Pale Hera, 2013 Using the method of literary critical analysis to read the Johannine narrative Marianus Pale Hera underlines the profound relationship between the Johannine Christology and the Gospel's teaching on discipleship A narrative reading of selected passages from chapters 1-12 of John the prologue Jesus first disciples the first sign at Cana the man born blind and the I Am sayings indicates John's tendency to present christological teaching that leads to teaching on discipleship The reading of these passages also identifies the elements that indicate the christological character of Johannine discipleship The author's exegesis of John 17 confirms that John's teaching on

Christology and discipleship are intimately interrelated to each other All the elements that indicate the christological character of discipleship are on display in John 17 The author concludes that Christology which is the center and heartbeat of John s thought is not an end in itself but leads to discipleship The twofold message of Christology and discipleship is a distinctive Johannine trait

Making Disciples Sylvia Wilkey Collinson, 2007-01-01 The Christian faith community regards the making of disciples as a prime directive of Jesus himself though this theme is not dominant in contemporary models of teaching in the church This investigation seeks to develop a theory of discipling and to test its congruence as an effective educational strategy with the objectives of modern Christian faith communities After briefly examining the discipling model of teaching as practiced in the world of the Ancient Near East a detailed study of New Testament texts investigates the practice of discipling by Jesus and his followers and in the church of the first century An understanding of the concept of discipling is gained by gradually refining its definition as the study progresses through a contemporary examination of other informal models of education Religious and educational research findings are explored to enable the validity of the discipling model to be determined Finally the definition is used as a benchmark to examine various contemporary educational theories within the community of faith In contrast to the schooling model discipling has been shown to be an effective model for teaching attitudes values and behavior as well as knowledge and beliefs in today s church Its emphasis on commitment to learning relationships within a nurturing community and active involvement in the mission of Christ to the world and its capacity to adapt to differences in age culture ability and interests make it a model of teaching worthy of much greater attention by the Christian faith community

Following Jesus Daniel J. Harrington, S.J., 2012-12-04 The Church as a whole and all her Pastors like Christ must set out to lead people out of the desert towards the place of life towards friendship with the Son of God towards the One who gives us life and life in abundance Pope Benedict XVI Apostolic Letter Porta Fidei Becoming a disciple of Christ was no easy task in the time of Jesus and it continues to be the ultimate challenge It is about combining one s head and heart to not only become His student in an intellectual sense but also conforming to His person imitating His

sacrificial love and by means of faith and baptism actually taking on His identity as the Son of God This book from renowned Catholic biblical scholar Daniel J Harrington is divided into four parts each of which deals with six key New Testament passages relating to the theme of following Jesus Part One Hearing Jesus Call in the Synoptic Gospels Part Two Growing in Appreciation of Jesus in John's Gospel Part Three Paul as a Disciple of Jesus Part Four Other Ways of Being a Disciple of Jesus Harrington brings the concepts home in an accessible and actionable way through simplified summaries at the end of each section along with the proactive Think Pray and Act reflections and Ten Points on Discipleship for support and guidance Following Jesus What the New Testament Teaches Us is perfect for individual or group study as we share in the universal call to discipleship

Body and Blood Andrew R. Hardy, Keith Foster, 2019-06-07 The largest missional challenge facing the church of Christ in the West is to equip every member to engage in missionary endeavor in third places Third places are those social zones in society like coffee shops gyms shopping malls pubs etc that everyone and anyone can meet in as commonly owned spaces The authors argue that for too long the church has not equipped and trained its members to engage in mission in the public square The mobilization of every member to become the hands and feet of the missional sacramental body of Christ to carry the message of God's generous love to not yet Christians is vital if we want to witness the kingdom reign of God extend into their lives Places are important to the sovereign Lord of mission and this book challenges the churches of Christ to become what they properly need to be equipping agencies for every member mission and ministry

Moral Transformation Andrew J. Wallace, R. D. Rusk, 2011 Recent scholarship has challenged post Reformation ideas about the early Christian doctrines of salvation This ground breaking book draws together the conclusions of recent scholarship into a compelling and clear view of the early Christian paradigm of salvation It presents the case that the early Christians focussed not on Christ's death on the cross or saving faith but on moral transformation They saw Jesus as God's appointed teacher prophet and leader who died as a martyr in order to teach them a new way of life Their paradigm of salvation centred upon this way of life taught by Jesus and on following faithfully his example and teachings Part 1 How the Gospels present Jesus explores the way in which the early Christians understood the teaching of Jesus It highlights five themes of Jesus message economics and wealth moral purity social equality the temple system and physical and spiritual affliction It shows why people viewed Jesus as a divinely appointed teacher prophet and leader and saw his death as a martyrdom for his cause and movement Part 2 Doctrines of the early Christians presents the key early Christian doctrines of salvation and shows why several post Reformation doctrines conflict with their views It shows that the early Christians believed God's final judgment is made on the basis of character and conduct They believed that by following Jesus and transforming their lives morally they would obtain positive judgment and resurrection This part shows how the early Christians ideas of faith justification forgiveness and grace all fit into this paradigm Part 3 The importance of Jesus looks at why the early Christians considered Jesus so significant they focussed on the moral transformation he brought to their lives

This part highlights what they believed Jesus achieved for them and how they used sacrificial language to explain these beliefs. It explores the evidence for viewing Jesus' death as a martyrdom and for seeing his resurrection as equally important. Part 4 Ideas throughout history shows that Christians held this paradigm of salvation for several centuries. It outlines the key changes that occurred from the 4th century through to the Reformation which moved tradition away from the early Christian ideas. Finally, it offers a critique of modern post-Reformation doctrines of salvation.

Images of Salvation in the New Testament Brenda B. Colijn, 2010-10-05 The New Testament does not develop a systematic doctrine of salvation, writes Brenda Colijn. Instead, it presents us with a variety of pictures taken from different perspectives. Students of the New Testament and of theology will both find their vision broadened and their understanding deepened by this rich, informative study. As the author seeks to understand their implications for people of faith, she uncovers how New Testament images provide the building blocks of the master story of redemption.

The Message of Holiness Derek Tidball, 2010-05-05 Derek Tidball surveys the Scriptures for a comprehensive biblical understanding of the elusive mandate from God to be holy as I am holy. The triune God of glory he contends sets us on paths that lead us through encounters with God, ourselves, our enemies, and our companions to our ultimate destination where we discover that we have been reshaped by God into his own image.

The Routledge Encyclopedia of the Historical Jesus Craig Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man, the teachings, the acts, and the events ascribed to him that have served as the foundational story of one of the world's central religions. This kind of historiography is not biography. The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion. Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma, belief, and theological interpretation. In recent years, historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond. Entries will cover the classical studies that initiated the new historiography, the theoretical discussions about authenticating the historical record, the examination of sources that have led to the western understanding of Jesus' teachings, and disseminated myth of the events concerning Jesus' birth and death. Subject areas include the history of the historical study of the New Testament, major contributors and their works, theoretical issues and concepts, methodologies and criteria, historical genres and rhetorical styles in the story of Jesus, historical and rhetorical context of martyrdom and messianism, historical teachings of Jesus within historical context of ethics, titles of Jesus, historical events in the life of Jesus, historical figures in the life of Jesus, historical use of Biblical figures referenced in the Gospels, places and regions, institutions, the history of the New Testament within the culture, politics, and law of the Roman Empire.
