Patty Tania:

Patty's Got a Gun William Graebner, 2024-05-31 It was a story so bizarre it defied belief in April 1974 twenty year old newspaper heiress Patricia Hearst robbed a San Francisco bank in the company of members of the Symbionese Liberation Army who had kidnapped her a mere nine weeks earlier But the robbery and the spectacular 1976 trial that ended with Hearst's criminal conviction seemed oddly appropriate to the troubled mood of the nation an instant exemplar of a turbulent era With *Patty's Got a Gun* the first substantial reconsideration of Patty Hearst's story in more than twenty five years William Graebner vividly re creates the atmosphere of uncertainty and frustration of mid 1970s America Drawing on copious media accounts of the robbery and trial as well as cultural artifacts from glam rock to *Invasion of the Body Snatchers* Graebner paints a compelling portrait of a nation confused and frightened by the upheavals of 1960s liberalism and beginning to tip over into what would become Reagan era conservatism with its invocations of individual responsibility and the heroic Trapped in the middle of that shift the affectless zombielike brainwashed Patty Hearst was a ready made symbol of all that seemed to have gone wrong with the sixties the inevitable result some said of rampant permissiveness feckless elitism the loss of moral clarity and feminism run amok By offering a fresh look at Patty Hearst and her trial for the first time free from the agendas of the day yet set fully in their cultural context *Patty's Got a Gun* delivers a nuanced portrait of both an unforgettable moment and an entire era one whose repercussions continue to be felt today **Celebrity** James

Monaco, 1978 *Wanted Women* Mary Elizabeth Strunk, 2010-09-18 The iconic photo of Bonnie Parker cigar clenched in jaw pistol in hand says it all America loves its bad girls Now Mary Elizabeth Strunk tells us why *Wanted Women* is a startling look at the lives and legends of ten female outlaws who gained notoriety during the tumultuous decades that bracketed the tenure of FBI director J Edgar Hoover Strunk looks at real life events and fictional portrayals to decipher what our obsession with these women says about shifting gender roles evolving law enforcement practices and American cultural attitudes in general These women's stories reveal what it takes and what it has meant to be a high profile female lawbreaker in America Strunk introduces us to Kathryn Mrs Machine Gun Kelly Ma Barker and Bonnie Parker from the 1930s and from the 1970s we meet heiress turned revolutionary Patty Hearst five other women of the Symbionese Liberation Army and Black Panther Assata Shakur All saw themselves as struggling against an oppressive legal system All became wanted criminals and would play a part in shaping Hoover's legacy And all spent enormous amounts of energy attempting to manipulate public opinion in their favor Strunk argues that each woman's public persona was to some degree invented by Hoover who saw outlaw women as an alarming threat to public morality He went after them with a vengeance but in many ways his obsession only added to their reputations Strunk shows how Hoover's repeated use of popular culture to publicize the threat of violent women initially succeeded in strengthening his FBI but his approach became a liability by the time law enforcement was pitted against the women outlaws of the 1970s The book chronicles the careers of these infamous outlaws both in the real world and in popular

culture film ads true crime stories autobiographies as well as Hoover's own forays into filmmaking. It boasts 27 compelling images of movie stills, wanted posters, and other ephemera that have been assembled nowhere else, including rarely reproduced SLA artifacts. Strunk's book is the first study to define the narrow formula necessary for a woman to cross over from criminal to outlaw. Hitting on key notes of American culture from Black and gender studies to cinematic and legal history, *Wanted Women* sets a new benchmark for how we view women and crime as it contributes fresh insights into twentieth-century social history.

Identity Envy: Wanting to Be Who We're Not Jim Tushinski, Jim Van Buskirk, 2014-05-01 Gay men and lesbians present humorous and hard-hitting accounts of the need to belong somewhere. Why would a lesbian raised in a Jewish home have a sudden desire to be a tough-talking Catholic girl? And why would a gay man travel to Ireland in a desperate attempt to escape his hillbilly roots? *Identity Envy: Wanting to Be Who We're Not* explores the connections gay men and lesbians have to religions, races, ethnicities, classes, families of origin, and genders not their own. This unique anthology takes both humorous and serious looks at the identities of others as queer writers explore their own identity envies in personal essays, memoirs, and other creative nonfiction. Gay men, lesbians, bisexuals, transgendered, intersex, and other sexual minorities often feel marginalized by mainstream culture and have a need to belong somewhere, to claim a group as their own. This surprising book presents stories of identity envy that are humorous and hard-hitting, poignant and provocative, written with energy, wit, and candor by many of your favorite writers and some exciting newcomers. *Identity Envy: Wanting to Be Who We're Not* includes Gerard Wozek's *King Fu*, infused *Chasing the Grasshopper*, Max Pierce's fantasy of being a Child Star that helped him through a troubled family life, Lori Horvitz's *Shiksa in my Living Room*, D. Travers Scott's *EuroTex*, Perry Brass's *A Serene Invisibility*, Turning Myself into a Christian Girl, Jim Tushinski's ode to *Lost in Space*, The Perfect Space Family, Al Cho's unlikely

The Instability of Truth Rebecca Lemov,2025-03-25 An acclaimed historian of science uncovers the hidden history of brainwashing and its troubling implications for today Because brainwashing affects both the world and our observation of the world we often don t recognize it while it s happening unless we know where to look As Rebecca Lemov writes in The Instability of Truth Brainwashing erases itself What we call brainwashing is more common than we think it is not so much what happens to other people as what can happen to anyone The Instability of Truth exposes the myriad ways our minds can be controlled against our will from the brainwashing techniques used against American POWs in North Korea to the soft brainwashing of social media doomscrolling and behavior shaping In our increasingly data driven world anyone can fall victim to mind control Lemov identifies invasive forms of emotional engineering that exploit trauma and addiction to coerce and persuade in everyday life Tracing the word brainwashing from deep in the files of an operative of the U S Office of Strategic Services in the 1950s to the pioneering research of Robert Jay Lifton to the public trials of cult leaders and the case of Patty Hearst Lemov also studies how the idea of mind control has spread across the globe and penetrated courtrooms secret labs military schools and today s digital sites The Instability of Truth offers lessons from mind control episodes past and present Truth is always subject to question in more mundane walks of life than most people believe and Lemov equips us for the increasing challenges we face from social media AI and an unprecedented global form of surveillance capitalism The Instability of Truth develops a rigorous new understanding of both brainwashing s paradoxes and its emotional roots by giving voice to brainwashers the brainwashed and third party observers alike
