Scandal journalist Ashley McGuire takes this radical campaign to task and reveals How so called gender norming flies in the face of science which is proving that men and women are even more different than commonly acknowledged Why especially if you have kids it s almost impossible to avoid the dangerous consequences of a gender neutral world How embracing sexual differences can make policing safer government more efficient and hedge funds lose less money How gender neutrality is making women more vulnerable to violence How the word gender formerly a grammatical term has been used to dismiss the reality of definite biological sex male and female with fluid gender identities Why gender insanity is not something we can just ignore and hope will fade away but need to refute now with hard cold facts before it does any more damage which it likely will Sex Scandal The Drive to Abolish Male and Female is packed with news breaking interviews shocking examples and inconvenient facts that everyone needs to read and act on *Engaging Boys and Men in Sexual Assault Prevention* Lindsay M. Murphy, 2025-08-14 This book analyzes the ethics of men buying and selling sex to one another It gathers in one place key ethical and legal issues that bear on the justification for the criminalization of male prostitution At present prostitution the solicitation or offer of paid sexual encounters is criminalized in virtually the entire United States Male prostitution is poorly studied across academic disciplines and this book represents the first sustained ethical analysis of the topic First it shows that paid sexual encounters among men belong on a spectrum of transactional sexual relationships and that many of their features are not distinctive in a way that justifies condemnation It shows as well that the sexuality involved men having sex with men does not involve relationships that are immoral in a way that might justify criminalization The book also demonstrates that men buying and selling sexual encounters can consent in morally meaningful ways without reinforcing status inequality Finally the book reviews key constitutional law cases to show

that a certain interpretation of the relationship between the law and morality justifies decriminalization of male prostitution

Paid Sexual Encounters among Men will appeal to scholars and graduate students working in applied ethics the philosophy of sex and gender sociology and law
