Plea For Eros:

A Plea for Eros Siri Hustvedt, 2025-09-23 From the author of the international bestseller *What I Loved* a provocative collection of autobiographical and critical essays about writing and writers Whether her subject is growing up in Minnesota cross dressing or the novel Hustvedt's nonfiction like her fiction defies easy categorization elegantly combining intellect emotion wit and passion With a light touch and consummate clarity she undresses the cultural prejudices that veil both literature and life and explores the multiple personalities that inevitably inhabit a writer's mind Is it possible for a woman in the twentieth century to endorse the corset and at the same time approach with authority what it is like to be a man Hustvedt does Writing with rigorous honesty about her own divided self and how this has shaped her as a writer she also approaches the works of others Fitzgerald Dickens and Henry James with revelatory insight and a practitioner's understanding of their art

Poet and Audience in the Argonautica of Apollonius Robert V. Albis, 1996 In this innovative study of the *Argonautica* Robert Albis examines structural elements of the text that recreate phenomena associated with composers and performers of epic much earlier in the Greek tradition Such phenomena include the effect of divine inspiration on the performer and the empathy thus created among the audience performer and characters of the poetry Albis focuses on the invocations of the *Argonautica* arguing that these passages reveal the poet's attempts to associate himself and the audience with the activity within the poem Albis' approach to the *Argonautica* is important because it makes use of theoretical approaches to poetry while still concentrating on the place of the poet and epic poetry in contemporary Greek culture and on the tradition the poet had inherited This fascinating study which includes analyses of the Homeric influence on Apollonius and Apollonius' influence on Virgil will be of interest to scholars of ancient epic Greek poetry and Hellenistic Greek culture

Eminence Rising Thomas Owais Campbell, 2023-04-19 *Eminence Rising* By Thomas Owais Campbell About the Book Orphaned and alone Eros Wolf is a brilliant gifted but socially awkward misunderstood young student Determined to succeed and armed with only sheer will he learns to control his dangerous potent abilities before they consume him Graduating from law school at the age of nineteen He quickly gains fame and attention when his past unexpectedly comes back to haunt him in horrifying ways Eros must control his abilities while combating his enemies without losing all he is and those he loves

For Love of Matter Freya Mathews, 2003-08-14 A bold and original work in ecocosmology and metaphysics Kinesis Christina Clark, Edith Foster, Judith P. Hallett, 2015-08-20 *Kinesis* The Ancient Depiction of Gesture Motion and Emotion analyzes the depiction of emotions gestures and nonverbal behaviors in ancient Greek and Roman texts and considers the precise language depicting them Individual contributors examine genres ranging from historiography and epic to tragedy philosophy and vase decoration They explore evidence as disparate as Pliny's depiction of animal emotions Plato's presentation of Aristophanes' hiccups and Thucydides' use of verb tenses Sophocles' deployment of silence is considered as are Lucan's depiction of death and the speaking objects of the medieval *Alexander Romance* Ancient authors' depictions of

emotion gesture and nonverbal behavior are intrinsically relevant to psychological social and anthropological studies of the ancient world and are perhaps even more important to those who study the texts themselves and try to understand them The volume will be relevant to scholars studying Greek and Roman society and literature as well as to those who study the imitation of ancient literature in later societies Since jargon is avoided and all passages in ancient languages are translated the volume will be suitable for students from the upper undergraduate level Contributors in addition to the volume editors include Jeffrey Rusten Rosaria Vignolo Munson Hans Peter Stahl Carolyn Dewald Rachel Kitzinger Deborah Boedeker Daniel P Tompkins John Marincola Carolin Hahnemann Ellen Finkelpearl Hanna M Roisman Eliot Wirshbo James V Morrison Bruce Heiden Daniel B Levine and Brad L Cook **OPULENTLY ORGANIZED OPPORTUNITY: From the Soul of Heaven ,**

Altruism and Christian Ethics Colin Grant,2000-11-16 Separated from its anchorage in religion ethics has followed the social sciences in seeing human beings as fundamentally characterised by self interest so that altruism is either naively idealistic or arrogantly self sufficient Colin Grant contends that as a modern secular concept altruism is a parody on the self giving love of Christianity so that its dismissal represents a social levelling that loses the depths that theology makes intelligible and religion makes possible The Christian affirmation is that God is characterised by self giving love agape then expected of Christians Lacking this theological background the focus on self interest in sociobiology and economics and on human realism in the political focus of John Rawls or the feminist sociability of Carol Gilligan finds altruism naive or a dangerous distraction from real possibilities of mutual support This book argues that to dispense with altruism is to dispense with God and with the divine transformation of human possibilities Plato's Craft of Justice Richard D. Parry,1996-01-01 This book traces the development of Plato s analogy between craft and virtue from Euthydemus and Gorgias through the central books of the Republic It shows that Plato s middle dialogues develop and extend rather than reject philosophical positions taken in the early dialogues *The Art of the Essay, 1999* ,1999-09-14 In this newest installment of The Art of the Essay series acclaimed essayist Lopate has selected and introduced the year s most notable influential or surprising essays published during the last 12 months **Buddha is Dead** Manu Bazzano,2006-06-01 Drawing on Zen as well as on Nietzsche s thought and its ramifications in and for western culture this book contains the philosophy of European Zen which is an unconditional affirmation of living and dying to their fullest It is aimed at those interested in Eastern philosophy and religions and who seek life affirming wisdom Shakespeare's Letters Alan Stewart,2008-11-13 Shakespeare s plays are stuffed with letters 111 appear on stage in all but five of his dramas But for modern actors directors and critics they are frequently an awkward embarrassment Alan Stewart shows how and why Shakespeare put letters on stage in virtually all of his plays By reconstructing the very different uses to which letters were put in Shakespeare s time and recapturing what it meant to write send receive read and archive a letter it throws new light on some of his most familiar dramas Early modern letters were not private missives sent through an anonymous postal system but a vital sometimes the only means of maintaining contact and

sending news between distant locations Penning a letter was a serious business in a period when writers made their own pen and ink letter writing protocols were strict letters were dispatched by personal messengers or carriers often received and read in public and Shakespeare exploited all these features to dramatic effect Surveying the vast range of letters in Shakespeare's oeuvre the book also features sustained new readings of Hamlet King Lear Antony and Cleopatra The Merchant of Venice and Henry IV Part One

The Principle of Excellence Nimi Wariboko, 2009-01-01 This book is a bold attempt to

reconceptualize excellence It is no longer the virtue of doing something well or the mean of two extremes but a clearing which allows humans to manifest their potentialities and creatively resist obstacles The concept of excellence is emancipated from the excessive concern with order and good citizenry to become a liberatory principle for interrogating all social institutions in the name of a better future
