Pleasures Of The Garden Images From The Metropolitan Museum Of Art:

Pleasures of the Garden Metropolitan Museum of Art (New York, N.Y.), Mac K. Griswold, 1987 **Pleasures of the Garden** Metropolitan Museum of Art (New York, N.Y.), Mac K. Griswold, 1987 Looks at paintings drawings and prints from around the world that portray the pleasures of gardens and discusses garden plans follies and Oriental gardens Public Garden Management: a Global Perspective BIJAN DEHGAN, 2014-04-15 Public Gardens Management A Global Perspective provides essential information about public gardens and what is involved in designing managing and maintaining one Although suitable as a textbook its audience will include anyone with direct or peripheral responsibility for administration or supervision of a complex organization that requires scientific knowledge as well as public relations and business acumen It may also prove useful for homeowners for there is no fundamental difference between growing plants in a public garden or a home garden a fact reflected in the extensive reference citations The topic is multidisciplinary and as old as the beginning of human civilization when the concept of mental and physical restoration was realized by early man while he she was in a natural but well ordered garden environment Thus began the art of garden making Many volumes have been written on every applicable subject discussed in this and similar publications Indeed the voluminous literature on history design horticulture and numerous related subjects is nothing short of overwhelming Accordingly anyone involved in management of public gardens whether as a director or area supervisor and irrespective of the type and size of such facility would have to have familiarity with various aspects of garden organization and administration However despite the enormous number and diversity of such publications there are very few books that deal with the multiplicity of the topics in such a manner as to be practical in approach and cover most relevant and unified issues in a single book These volumes provide the essential background information on plants animals management maintenance fundraising and finances as well as history art design education and conservation They also cover a host of interrelated subjects and responsible organization of such activities as creating a childrens garden horticultural therapy conservatories zoological gardens and parks hence administration of multidimensional public gardens Nearly 500 full color plates representing illustrations from gardens in more than 30 countries are provided to assist and guide students and other interested individuals with history and the fundamental issues of public garden management The 15 chapters begin with the need for public gardens types of public gardens historical backgrounds as well as design diversity Numerous quotations are included from many garden lovers landscape architects philosophers and others The authors primary aim in writing this book was based on the confidence that a relevant reference between the encyclopedic nature of some and the specific subject matter of others could be used to provide fundamental information for management of public as well as private gardens The boundary between botanical and zoological gardens and parks is no longer as distinct as it once was In part it is because a garden is not a garden without plants and in part it has become apparent that for all practical intents and purposes all animals need plants for their survival Visitors of zoological

gardens expect to see more than just animals zoos are landscaped grounds Moreover most communities find it financially difficult to simultaneously operate a botanical garden or an arboretum as well as a zoological garden and city parks A number of public gardens are currently referred to as botanical and zoological garden Population density and the public's desires and expectations as well as financial requirements are among the reasons for some major city parks such as Golden Gate in San Francisco Central Park in New York City and Lincoln Park in Chicago which integrate botanical or zoological divisions as well as museums and recreational facilities While this book attempts to provide basic principles involved in public garden management it does not claim to be a substitute for broader familiarity

I'll Build a Stairway to Paradise
Mac Griswold, 2022-11-15

I'll Build a Stairway to Paradise is like an exquisite string of pearls the perfect balance of elegance style design and beauty This book is inspiring spirited and totally absorbing Diane von Furstenberg The story of Bunny Mellon the great landscape and interior designer becomes a revelatory exploration of extreme wealth in the American century Bunny Mellon whose life was marked by astonishing good fortune as well as tragedy and scandal remains a singular figure in the annals of American design She had her finger on the pulse of American culture and possessed a rare once in a generation sense of style and grace Her most celebrated work the White House Rose Garden designed during the presidency of John F Kennedy demonstrated how formal restraint and the sparing use of color could be deployed to maximal effect Later her understated landscape design for the Kennedy grave site at Arlington National Cemetery changed the face of American public memorials Mellon was a famously private person and many of her greatest achievements remained concealed from public view Her rarely seen gardens and domestic interiors at eight different properties on three continents became legends and models At Oak Spring Farm in Virginia the bibliographic riches of her Garden Library were twinned with the expansive flowering gardens lying below the Edward Larrabee Barnes designed building At her home on Nantucket she pruned back the landscape to reveal the elemental forms of nature Mellon also ranked as one of the great art collectors of her era encouraging her husband Paul to use his family's vast wealth to acquire hundreds of nineteenth century French paintings many of which were donated to the National Gallery of Art Her own tastes ranged from Mark Rothko to Richard Diebenkorn in quantity In I'll Build a Stairway to Paradise Mac Griswold who knew Mellon personally delves into her subject's closely guarded personal archives to construct an unrivaled portrait of a woman as complex and multifaceted as the gardens and homes on which she left her mark Mellon tested the anodyne 1950s model of woman as wife as mother by getting a divorce admitting candidly to her first husband that she wanted a richer one She imperiously traded old friends for new and ultimately used her reputation her connections and above all her money to help fund John Edwards's short lived presidential campaign She led an American version of a royal court that over the years included Jackie Kennedy Hubert de Givenchy and I M Pei How Mellon's character style and taste developed together to produce her greatest accomplishments private and public is the real subject of this biography

Pictures for Use and Pleasure James Cahill, 2010 This is an outstanding piece

of work timely essential authoritative and original Cahill throws light on obscure artists emerging styles and regional traditions unexplored aspects of cultural life enigmatic iconographies and questions of authorship and authenticity leaving the reader richly informed and full of new ideas Susan Nelson Indiana University Cahill brings the vast body of vernacular painting into the legitimate venue of art historical criticism giving connoisseurs viewers and readers a more capacious and accurate grasp of the world of Chinese pictorial art Susan Mann author of *The Talented Women of the Zhang Family*

Greater Perfections John Dixon Hunt, 2000 *Greater Perfections* explores the meanings of garden and its relationship to other interventions into the natural world But above all it offers a new and challenging account of the role of representation in garden art Journal

The Manor Mac Griswold, 2025-09-23 Mac Griswold's *The Manor* is the biography of a uniquely American place that has endured through wars great and small through fortunes won and lost through histories bright and sinister and of the family that has lived there since its founding as a Colonial New England slave plantation three and a half centuries ago In 1984 the landscape historian Mac Griswold was rowing along a Long Island creek when she came upon a stately yellow house and a garden guarded by looming boxwoods She instantly knew that boxwoods that large twelve feet tall fifteen feet wide had to be hundreds of years old So as it happened was the house Sylvester Manor had been held in the same family for eleven generations Formerly encompassing all of Shelter Island New York a pearl of 8 000 acres caught between the North and South Forks of Long Island the manor had dwindled to 243 acres Still its hidden vault proved to be full of revelations and treasures including the 1666 charter for the land and correspondence from Thomas Jefferson Most notable was the short and steep flight of steps the family had called the slave staircase which would provide clues to the extensive but little known story of Northern slavery Alongside a team of archaeologists Griswold began a dig that would uncover a landscape bursting with stories Based on years of archival and field research as well as voyages to Africa the West Indies and Europe *The Manor* is at once an investigation into forgotten lives and a sweeping drama that captures our history in all its richness and suffering It is a monumental achievement

Space and Place in Children's Literature, 1789 to the Present Maria Sachiko Cecire, Hannah Field, Malini Roy, 2016-03-09 Focusing on questions of space and locale in children's literature this collection explores how metaphorical and physical space can create landscapes of power knowledge and identity in texts from the early nineteenth century to the present The collection is comprised of four sections that take up the space between children and adults the representation of real world places fantasy travel and locales and the physical space of the children's book as object In their essays the contributors analyze works from a range of sources and traditions by authors such as Sylvia Plath Maria Edgeworth Gloria Anzald a Jenny Robson C S Lewis Elizabeth Knox and Claude Ponti While maintaining a focus

on how location and spatiality aid in defining the child's relationship to the world the essays also address themes of borders displacement diaspora exile fantasy gender history home leaving and homecoming hybridity mapping and metatextuality With an epilogue by Philip Pullman in which he discusses his own relationship to image and locale this collection is also a valuable resource for understanding the work of this celebrated author of children's literature

Faces of God: Images of Devotion in Indo-Muslim Painting, 1500-1800 Murad Khan Mumtaz, 2023-08-28 Islamic art is often misrepresented as an iconophobic tradition As a result of this assumption the polyvalence of figural artworks made for South Asian Muslim audiences has remained hidden in plain view This book situates manuscript illustrations and album paintings within cultures of devotion and ritual shaped by Islamic intellectual and religious histories Central to this story are the Mughal siblings Jahanara Begum and Dara Shikoh and their Sufi guide Mulla Shah Through detailed art historical analysis supported by new translations this study contextualizes artworks made for Indo Muslim patrons by putting them into direct dialogue with written testimonies

The Mind Is a Collection Sean Silver, 2015-10-28 John Locke described the mind as a cabinet Robert Hooke called it a repository Joseph Addison imagined a drawer of medals Each of these philosophers was an avid collector and curator of books coins and cultural artifacts It is therefore no coincidence that when they wrote about the mental work of reason and imagination they modeled their powers of intellect in terms of collecting cataloging and classification The Mind Is a Collection approaches seventeenth and eighteenth century metaphors of the mind from a material point of view Each of the book's six chapters is organized as a series of linked exhibits that speak to a single aspect of Enlightenment philosophies of mind From his first chapter on metaphor to the last one on dispossession Sean Silver looks at ways that abstract theories referred to cognitive ecologies systems crafted to enable certain kinds of thinking such as libraries workshops notebooks collections and gardens In doing so he demonstrates the crossings over of material into ideal ideal into material and the ways in which an idea might repeatedly turn up in an object or a range of objects might repeatedly stand for an idea A brief conclusion examines the afterlife of the metaphor of mind as collection as it turns up in present day cognitive studies Modern cognitive theory has been applied to the microcomputer and while the object is new the habit is as old as the Enlightenment By examining lived environments and embodied habits from 1660 to 1800 Silver demonstrates that the philosophical dualism that separated mind from body and idea from thing was inextricably established through active engagement with crafted ecologies

The New Yorker Harold Wallace Ross, William Shawn, Tina Brown, David Remnick, Katharine Sergeant Angell White, Rea Irvin, Roger Angell, 1929 *Capability Brown, Royal Gardener* Jonathan Finch, Jan Woudstra, 2020-10-26 Lancelot Capability Brown was one of the most influential landscape designers of the eighteenth century at a time when Britain was changing radically from an agrarian to an industrial and colonial nation whilst Europe was periodically convulsed by war and revolution The extent and nature of his influence are however fiercely debated Brown worked at hundreds of important sites across England and his name became synonymous with the English Garden style which was copied across Northern Europe and entranced Catherine the Great who remodelled her landscapes in St Petersburg to reflect the new style He was famed in his time and recognised by the Crown but Brown's style was readily copied over his later life and particularly after his death Arguably this ubiquity led to the denigration of his achievements and even his character particularly by the agents of the Picturesque The lack of any personal primary material from Brown forcing scholars to rely on his landscapes contracts and bank accounts has hindered attempts to provide a rounded and credible account of the man and his works However by exploring his team of associates and his role as Royal Gardener new

light can be thrown on the man his landscapes and his landscape legacy Bringing together a number of perspectives from across Northern Europe Capability Brown Royal Gardener explores the lasting international impact of Brown With Brown s position as Royal Gardener at its heart this book explores for the first time his business methods working methods and European influence It assesses how crucially Brown s work practices placed him within the world of nurserymen and landscape designers and how his business practices and long term relationships with draughtsmen and designers allowed him to manage a huge number of projects and a substantial financial turnover This in turn allowed him to work in a way that promoted and advanced his style of landscape Edited by Professor Jonathan Finch University of York and Dr Jan Woudstra University of Sheffield and with a varied range of engaging contributors drawn internationally from archaeology art history history and landscape architecture Capability Brown Royal Gardener weaves together strands from across a broad range of disciplinary interests It makes an important contribution to the scholarly discussion of Brown s work the work of his collaborators and legacy in the UK and across Northern Europe Relevant to students and academics at all levels this volume throws new light on Capability Brown and his impact on the business of place making in Northern Europe

The Pleasure Garden, from Vauxhall to Coney Island Jonathan Conlin, 2012-11-29 Summers at the Vauxhall pleasure garden in London brought diverse entertainments to a diverse public Picturesque walks and arbors offered a pastoral retreat from the city while at the same time the garden s attractions indulged distinctly urban tastes for fashion novelty and sociability High and low born alike were free to walk the paths the proximity to strangers and the danger of dark walks were as thrilling to visitors as the fountains and fireworks Vauxhall was the venue that made the careers of composers inspired novelists and showcased the work of artists Scoundrels sudden downpours and extortionate ham prices notwithstanding Vauxhall became a must see destination for both Londoners and tourists Before long there were Vauxhalls across Britain and America from York to New York Norwich to New Orleans This edited volume provides the first book length study of the attractions and interactions of the pleasure garden from the opening of Vauxhall in the seventeenth century to the amusement parks of the early twentieth Nine essays explore the mutual influences of human behavior and design landscape painting sculpture and even transient elements such as lighting and music tacitly informed visitors how to move within the space what to wear how to behave and where they might transgress The Pleasure Garden from Vauxhall to Coney Island draws together the work of musicologists art historians and scholars of urban studies and landscape design to unfold a cultural history of pleasure gardens from the entertainments they offered to the anxieties of social difference they provoked
