Del the most glamorous and loving of stepmothers stepped into Phillip's life. Del had hung out with Fidel Castro and Che Guevara in Mexico City before the Cuban revolution; she was also a convicted bank robber who had violated her parole and was suspected in her ex-husband's murder. Phillip had long since lost track of Del, but when Padma said she'd like to write about her and about his own young life, he eagerly agreed. Quickly though, Padma's research uncovered hidden truths about these larger-than-real-life characters. Watching the effects on Phillip as these secrets, evasions, and traumas came to light, she increasingly feared that when it came to the book or the friendship, only one of them would get out of this process alive. In this unforgettable memoir, Padma reflects on the joys and frictions of this strange journey with grace, humour, and poetry, including original readings of Hans Christian Andersen fairytales and other stories that beautifully echo her characters' adventures and her own. Like *Every Form of Love*, is that rare thing: an irresistible literary page-turner that twists and turns, delivering powerful revelations right to the very end.
