**Rattles and Steadies**, 1986 **Rattles and Steadies**, 1986 Gander is one of the best known small towns in the world especially among west and east Europeans Russians know it with familiarity This book is not about Gander however despite its notoriety rather it conceals the great wilderness that surrounds Gander the magnificent Gander River laden with salmon the limitless forests abounding with game Much has been written about the seafaring Newfoundlander and his exploits on the bay bight tickle or sea but literally nothing has been written about the Newfoundlander as a woodsman This book then fills that tremendous gap and gives us through the life long experiences of one man all the excitement lure and love that a preoccupation with the land can bring **Freedom to Play** Norah L. Lewis, 2010-09-29 When we were children we made our own fun is a frequent comment from those who were children in pre television times But what games activities and amusements did children enjoy prior to the mid 1950s Recollections of older Canadians selections from writings by Canadian authors and letters written to the children's pages of agricultural publications indicate that for most children play was then as now an essential part of childhood Through play youngsters developed the physical mental and emotional skills that helped them cope with life and taught them to get along with other children In both rural and urban settings children were generally free to explore their environment They were sent outdoors to play by both parents and teachers Their games were generally self organized and physically active with domestic animals acting as important companions and playmates Children frequently made their own toys and equipment and since playing rather than winning was important most children were included in games Special days holidays and organizations for children and youth provided welcome breaks from daily routines Their lives were busy but there was always time for play always time for fun Norah Lewis has provided an entertaining view of the toys games and activities in Canada and pre confederate Newfoundland from approximately 1900 through 1955 Her book will be of interest to historians educators and sociologists as well as anyone who lived through or wants to know more about those early years in Canada and the games children used to play **History and Ethnography of the Beothuk** Ingeborg Marshall, 1996 Relations with Inuit Montagnais and Micmac are also discussed **Between Damnation and Starvation** John Carrick Greene, 1999 In 1997 the Canadian constitution was amended to remove the denominational rights of Newfoundland churches regarding education erasing the last vestiges of a uniquely organized society Until the 1950s and 1960s Newfoundland had been characterized by an *Actes du XVIe Congrès international des sciences onomastiques* Jean-Claude Boulanger, 1990 *White Tie and Decorations* Sir John Hope Simpson, Lady Quita Hope Simpson, 1996 Blending poetic language and scientific fact Carolyn Lesser explores how one magnificent bear lives throughout the year Impressionistic paintings follow the bear as he hunts swims plays and journeys in the far north Lyrical in tone and accurate in zoological detail the narrative is ideal for one on one sharing School Library Journal *Around the Red Land* Larry Small, 2007 These poems span the gamut of life from love to death a eulogy for a people who for the most part are

no longer with us Their evolution in rural Newfoundland has taken hundreds of years and there is a good possibility that we will never see their likes again Full of knowledge self sufficiency independence pride and dignity most of them I think would be deeply insulted by some of our contemporary characterizations of them One could easily argue that this collection is a portrayal of the tyranny of progress the displacement of people the destruction of community or part of the natural progression of human history Either way one cannot help being affected by their demise and the transformation of people and place into a form of human madness Therefore these poems might be viewed as a lament for ordinary people who were the most extraordinary men and women whom I was fortunate enough to have known It behoves us never to forget them
