Raymond E. Baldwin: Connecticut Statesman Curtiss S. Johnson, 1972 **African American Connecticut Explored** Elizabeth J. Normen, 2014-01-27 Winner of the Connecticut League of Historic Organization Award of Merit 2015

The numerous essays by many of the state's leading historians in *African American Connecticut Explored* document an array of subjects beginning from the earliest years of the state's colonization around 1630 and continuing well into the 20th century. The voice of Connecticut's African Americans rings clear through topics such as the Black Governors of Connecticut, nationally prominent black abolitionists like the reverends Amos Beman and James Pennington, the African American community's response to the Amistad trial, the letters of Joseph O. Cross of the 29th Regiment of Colored Volunteers in the Civil War, and the Civil Rights work of baseball great Jackie Robinson, a twenty-year resident of Stamford, to name a few. Insightful introductions to each section explore broader issues faced by the state's African American residents as they struggled for full rights as citizens. This book represents the collaborative effort of Connecticut Explored and the Amistad Center for Art Culture with support from the State Historic Preservation Office and Connecticut's Freedom Trail. It will be a valuable guide for anyone interested in this fascinating area of Connecticut's history. Contributors include Billie M. [A Genius for Confusion](#) Richard M. Fried, 2022-10-15 This new biography of Joseph R. McCarthy shows how the Wisconsin Senator's campaign against American Communists prized sensation above truth. McCarthy often put aside his hunt for Reds while he pursued his anti-communist critics. He fought foes not just with noisy accusations but with covert gossip. He was gullible enough that some con artists managed to lure him on wild goose chases. The man who charged others with being dupes was sometimes one himself. Historian Fried's book builds on over a decade's research in a multitude of sources, many of them newly opened, not just McCarthy's own papers but those of forty-seven Senate colleagues, plus records of journalists, observers, and activists. It brings to light such theatrical episodes as a CIA op against McCarthy as well as Joe's quixotic search for Soviet security chief Lavrenti Beria in Spain. The resulting multi-focal perspective on the political and institutional setting in which McCarthy operated with such abandon is full of drama.

[American Classicist](#) Victoria Houseman, 2023-10-03 Flanders, who led the movement in the Senate to censure Joseph McCarthy and inspired Hamilton's depiction of Demosthenes in her final book *The Echo of Greece*, Houseman also situates Edith Hamilton's writing in relation to contemporary events such as the Great

Depression the rise of fascism American involvement in the Second World War the dropping of the atomic bombs and American foreign policy during the Cold War among others She argues that Hamilton s writing and themes were often a response to these events Even Mythology intended as a modern version of Bulfinch s Mythology was partly written during the fascist Italian invasion of Greece and makes many arguments for the special claims of Greece in Western history Her work has influenced generations of readers as well and was even said to have been a favorite of Robert Kennedy s who drew on The Greek Way for inspiration in drafting speeches *Connecticut Encyclopedia* Jennifer Herman,2008-01-01 The Connecticut Encyclopedia contains detailed information on States Symbols and Designations Geography Archaeology State History Local History on individual cities towns and counties Chronology of Historic Events in the State Profiles of Governors Political Directory State Constitution Bibliography of books about the state and an Index *Encyclopedia of the United States Congress* Robert E.
