Re Appraisals Some Commonsense Readings In American Literature:

Re-appraisals: Some Commonsense Readings in American Literature Martin Burgess Green, 1963 **Re-appraisals**
Martin Green, 1965 Corrective pieces on such American writers as Emerson Hawthorne Melville Whitman Twain and Salinger to protest the misinterpretations arrived at by critics *Encyclopedia of American Literature* Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S **American Literature Before 1880** Robert Lawson-Peebles, 2003-11-13 American Literature Before 1880 attempts to place its subject in the broadest possible international perspective It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastwards In between the book examines the projection of images of the East onto an as yet unrecognised West the cultural consequences of Viking Colombian and then English migration to America the growth and independence of the British American colonies the key writers of the new Republic and the development of the culture of the United States before and after the Civil War It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature The book therefore begins with a lengthy survey of earlier histories of American Literature *The American Scene* Stuart Hutchinson, 1991-10-02 The American Scene considers major texts of nineteenth century American literature The Leatherstocking Tales Poe's fiction The Scarlet Letter Moby Dick Leaves of Grass Dickinson's poetry Huckleberry Finn James's The American Scene It sees these works as attempts to articulate relationships between the self and the New World The indeterminacy of the relationships is expressed in the formal instability of the works themselves In these respects nineteenth century American literature is shown to offer a striking contrast to comparable English literature **The Literature of the United States of America** Marshall Walker, 1988-09-15 American literature over the last four hundred years has developed distinctive qualities and traditions partly engendered by the land itself The rich variety of literature flourished as the land was colonised and cultivated In this new edition Marshall Walker has updated his wide ranging study of American literature by giving greater attention to poets from Hart Crane and e e Cummings to John Ashbery and A R Ammons and to novelists from William Burroughs and Kurt Vonnegut to John Irving More space is given to drama from the later works of Tennessee Williams and Arthur Miller to the plays of Sam Shepard and David Mamet The special concerns of Black Jewish and Women writers are explored as this book demonstrates that American literary history can no longer be considered largely in terms of regional dominances On The Prejudices, Predilections, and Firm Beliefs of William Faulkner Cleanth Brooks, 1987-11 It seems appropriate if not inevitable that one of our best critics should be the foremost authority on one of our best novelists Cleanth Brooks the author of three seminal studies of William Faulkner has been a serious student of that master craftsman's fiction for more than four decades In this new collection Brooks considers many of the important characteristics of Faulkner's work He focuses more specifically than he has in the past on certain questions and in some instances offers rebuttals to what he considered unfair assessments

of Faulkner In the first essay Brooks challenges the notion that Donald Davidson John Crowe Ransom Robert Penn Warren and other members of the Fugitive Agrarian movement at Vanderbilt University were slow to recognize Faulkner's achievements Indeed Brooks provides clear evidence not only that the Fugitives were early supporters of Faulkner but that Faulkner and the Fugitives shared many concerns and ideas about their region Brooks also writes about Faulkner's personal beliefs and demonstrates how the virtues Faulkner held in highest esteem such as courage and honor are embodied in his fiction In two essays Faulkner and the Community and Faulkner's Two Cities Brooks analyzes the importance of a closely knit world specifically the hill region of north Mississippi and the cities of Memphis and New Orleans to Faulkner's works Brooks considers Faulkner's serious regard for the chivalric tradition as well as his amusement in Gavin Stevens' exemplification of it in *Intruder in the Dust* and *Requiem for a Nun* Faulkner's treatment of women characters especially in *Light in August* and *The Hamlet* is discussed as are his ideas about the American Dream These essays are vintage Brooks The prose is as always felicitous the manner modest and winning the thought pertinent and rigorous Despite the thematic diversity of the essays the emphasis is ultimately the same reading and rereading the novels of William Faulkner is a continuing pleasure and an enduring challenge

Gender, Fantasy, and Realism in American Literature Alfred Habegger, 1982 In this study of the 19th century American novel the author demonstrates the imaginative continuity between sentimental and realistic fiction and sets out to establish that realism is the central and preeminent literary type in America a mode grounded in the tradition of women's popular fiction which shaped the nation's reading habits in the mid 19th century He examines this feminine literature with its common technique of symbolizing deeper social conflicts through patterns of courtship marriage and gender roles Contends that Howells and James owe much of their fictional domain to the often disparaged household dramas of these female precursors

A Companion to Herman Melville Wyn Kelley, 2015-06-24 In a series of 35 original essays this companion demonstrates the relevance of Melville's works in the twenty first century Presents 35 original essays by scholars from around the world representing a range of different approaches to Melville Considers Melville in a global context and looks at the impact of global economies and technologies on the way people read Melville Takes account of the latest and most sophisticated scholarship including postcolonial and feminist perspectives Locates Melville in his cultural milieu revising our views of his politics on race gender and democracy Reveals Melville as a more contemporary writer than his critics have sometimes assumed

define literature and its academic study This study offers the authors theories of American literature and more specifically his interest here is in how those theories define the canon of American literature and how those definitions influence our understanding and teaching of that canon *In Respect to Egotism* Joel Porte,1991-07-26 This 1991 book examines nineteenth century literature focusing on the general question of the American Romantic ego **Edward Said and the Authority of Literary Criticism** Nicolas Vandeviver,2019-09-26 This book examines the earliest writings of Edward Said and the foundations of what came to be known as postcolonial criticism in order to reveal how the groundbreaking author of Orientalism turned literary criticism into a form of political intervention Tracing Said s shifting conceptions of literature and agency in relation to the history of American literary studies in the thirty years or so between the end of World War II and the last quarter of the twentieth century this book offers a rich and novel understanding of the critical practice of this indispensable figure and the institutional context from which it emerged By combining broad scale literary history with granular attention to the vocabulary of criticism Nicolas Vandeviver brings to light the harmonizing of methodological conflicts that informs Said s approach to literature and argues that Said s enduring political significance is grounded in his practice as a literary critic **Catcher in the Rye, the (MAXNotes Literature Guides)** Robert S.
