References and Resources Index      *Reach Every One You Teach* ,2001 The Good the Better and the Bottom Line Doing your best for your Sunday school class involves three things the ability to help students discover God's truth for themselves your God-given giftedness the amount of time you have to prepare and teach and the resources that are available to you One of the resources that can have a significant impact on your effectiveness in the classroom is the curriculum you use Have you had a chance to take a hard look at your curriculum Have you checked it over to find out how well it connects with your students We recently checked out several popular curricula to see how they fared The good news was that the basic plan of most of them the strategy behind the educational spiritual and interactive parts of the curriculum was sound The better news was that there were things that could be done to make curriculum work even more effectively for students like yours Like you we've noticed the blank stares and silence that sometimes met our approach in the classroom Those were often painful and discouraging experiences for us There had to be a way to reach those students we seemed to be missing We sensed it might be time for some changes So we sought out ways to shape a curriculum that could reach this generation of students right where they are in your classroom These adjustments were based on proven methods that gave a fresh approach to educational and developmental ideas that have stood the test of time The bottom line was that adjustments were needed in two general categories 1 the natural learning cycle and 2 age grouping The why and how of these adjustments make up the majority of this book      **Alexander's Book of Mystery** C.
