## **Reader In Peace Studies:**

Approaches to Peace David P. Barash, 2010 Approaches to Peace provides a unique and interdisciplinary sampling of classic articles and short literary selections focusing on the diverse aspects of peace and conflict studies Readings cover the causes of war and proposed means of preventing it and reflect upon the universal concern for positive peace The material examines nonviolence movements peace movements religious inspirations and our future prospects for peace The book's balanced and unbiased approach make it easily adaptable to both general discussions of peace and conflict as well as the rapidly changing issues of the moment Approaches to Peace is able to stand on its own as a foundation text in any introductory peace studies course It is also compact enough to use as a supplement with other more specialized readings or used in conjunction with a text Each selection is prefaced by a short introduction highlighting the author's background the work's historical context and the selection's significance in terms of the big picture Study questions and a list of suggested readings at the end of each selection also provide a useful resource for students

Peace and Conflict Studies Charles Webel, Jørgen Johansen, 2012 Peace and Conflict Studies A Reader is a comprehensive and intensive introduction to the key works in this growing field Presenting a range of theories methodologies and approaches to understanding peace and to transforming conflict this edited volume contains both classic and cutting edge contemporary analyses The text is divided into six general sections PART I Peace Studies Peace Education and Peace PART II Peace Theories and Peace Movements PART III The Meanings and Nature of Conflict PART IV Conflict Analysis Transformation and Prevention PART V Nonviolent Action and Political Change PART VI Building Institutions and Cultures of Peace With an extensive introduction as well as recommendations for further reading and questions for the classroom Peace and Conflict Studies A Reader will be essential reading for students teachers and practitioners of peace and conflict studies and conflict resolution It is also highly recommended for students of peace operations peacebuilding sociology international security and IR in general

A Reader in Peace Studies Paul Smoker, Ruth Davies, Barbara Munske, 1990 By providing an introduction to the field of Peace Studies this collection of articles from authors of all political persuasions and from many countries gives the reader an insight into the issues involved in the understanding of peace and conflict in the modern interdependent global system The topics covered in the book include what is peace theory and why is it important the contribution of feminism to the understanding of peace the contribution of psychology to the understanding of peace analyses of different forms of international conflict various aspects of nuclear technology and related decision making political and economic aspects of development in the Third World and the alternative of nonviolence The thought provoking ideas presented here form the basis for discussion in Peace Studies courses as well as providing the general reader with the range of expert knowledge and learned opinion they need in order to be active and informed citizens

Peace Studies Ranabir Samaddar, 2004-08-19 Providing a new approach to understanding peace and conflict resolution in a comparative perspective this volume will attract the attention of students

and scholars of international relations human rights politics and peace and security studies **BOOK JACKET** *A Peace Reader* Joseph Fahey, Richard Armstrong, 1992 *A Peace Reader Revised* contains articles reflecting different and even opposing viewpoints offering competing visions of the future They range from the scholarly to the folksy from the philosophical to the satirical from the didactic to the poetic In an effort to help students develop critical thinking skills the authors include study questions after every major article The result is a book as contemporary as today's headlines and as timeless as the wisdom of the ages *The Women and War Reader* Lois Ann Lorentzen, Jennifer E. Turpin, 1998-07 Women play many roles during wartime This compelling study brings together the work of foremost scholars on women and war to address questions of ethnicity women and the war complex peacemaking motherhood and more It leaves behind outdated arguments about militarist men and pacifist women while still recognizing differences in men's and women's relationships to war **Peace and World Order Studies** Barbara J. Wien, 1978-01-01 *Ethnographic Peace Research* Gearoid Millar, 2017-11-24 This volume calls for an empirical extension of the local turn within peace research Building on insights from conflict transformation gender studies critical International Relations and Anthropology the contributions critique existing peace research methods as affirming unequal power marginalizing local communities and stripping the peace kept of substantive agency and voice By incorporating scholars from these various fields the volume pushes for more locally grounded ethnographic and potentially participatory approaches While recognizing that any Ethnographic Peace Research EPR agenda must incorporate a variety of methodologies the volume nonetheless paves a clear path for the much needed empirical turn within the local turn literature [Peace and Conflict Studies](#) David P. Barash, Charles P. Webel, 2016-12-29 The thoroughly updated Fourth Edition of the gold standard text explores historical and current topics in today's rapidly changing world to provide a comprehensive introduction to peace and conflict studies The authors offer an insightful analysis of 21st century global affairs including such timely topics as ISIS the nature of violence and nonviolence cutting edge military technologies the Terrorism and Global Peace Indexes and the latest developments in Iran North Korea and Syria Comprehensive yet written in a student friendly and accessible style the text represents a commitment to inspire readers to create a better world through an understanding of what has happened and what is happening and therefore what is likely to take place in the future Read Dr Barash's article on Psychology Today on why nuclear threats by the U S Government are never a successful defense tactic *Youth Peacebuilding* Lesley J. Pruitt, 2013-04-01 This book highlights the important role youth can play in processes of peacebuilding by examining music as a tool for engaging youth in such activities As Lesley J Pruitt discusses throughout the book music as expression as creation as inspiration can provide many unique insights into transforming conflicts altering our understandings and achieving change She offers detailed empirical work on two youth peacebuilding programs in Australia and Northern Ireland countries that appear overtly peaceful but where youth still face structural violence and related direct violence at the community level She also pays careful attention to the ways in which

gender norms might influence young people's participation in music based peacebuilding activities Ultimately the book defines a new research area linking youth cultures and music with peacebuilding practice and policy      **Resistance**

**Studies Reader** Christopher Kullenberg, Jakob Lehne, 2009      Peace on Earth Thomas Matyók, Maureen Flaherty, Hamdesa Tusso, Jessica Senehi, Sean Byrne, 2013-12-16 *Peace on Earth The Role of Religion in Peace and Conflict Studies* provides a critical analysis of faith and religious institutions in peacebuilding practice and pedagogy The work captures the synergistic relationships among faith traditions and how multiple approaches to conflict transformation and peacebuilding result in a creative process that has the potential to achieve a more detailed view of peace on earth containing breadth as well as depth Library and bookstore shelves are filled with critiques of the negative impacts of religion in conflict scenarios *Peace on Earth The Role of Religion in Peace and Conflict Studies* offers an alternate view that suggests religious organizations play a more complex role in conflict than a simply negative one Faith based organizations and their workers are often found on the frontlines of conflict throughout the world conducting conflict management and resolution activities as well as advancing peacebuilding initiatives      *The Palgrave Handbook of Disciplinary and Regional Approaches to Peace* Oliver Richmond, Sandra Pogodda, Jasmin Ramovic, 2016-03-15 In this handbook a diverse range of leading scholars consider the social cultural economic political and developmental underpinnings of peace This handbook is a much needed response to the failures of contemporary peacebuilding missions and narrow disciplinary debates both of which have outlined the need for more interdisciplinary work in International Relations and Peace and Conflict studies Scholars students and policymakers are often disillusioned with universalist and northern dominated approaches and a better understanding of the variations of peace and its building blocks across different regions is required Collectively these chapters promote a more differentiated notion of peace employing comparative analysis to explain how peace is debated and contested      *The Disability Studies Reader* Lennard J. Davis, 2006 The second edition of *The Disability Studies Reader* builds and improves upon the classic first edition which has sold well over 6000 copies since 1999 As a field disability studies burst onto the scene across the social sciences and humanities in the 1990s and the first edition of the reader gathered the best work that had been written on the subject including essays by famous authors such as Susan Sontag and Erving Goffman The new edition is more global in its coverage and adds material on genetic testing the human genome queer studies and issues in developing countries The size of the audience has grown since the first edition's publication and the second edition's new material will make it even more useful for courses on the subject Courses on the subject have mushroomed in the past ten years and can now be found across the social sciences humanities and behavioral sciences      Comparative Education Reader Edward R. Beauchamp, 2003 *The Comparative Education Reader* brings together leading scholars to provide a collection of writings on the rapidly expanding discipline of comparative education      **Business, Ethics and Peace** Manas Chatterji, Luk Bouckaert, 2015-09-23 This volume gathers a selection of papers presented at the International SPES Conference Business for Peace Strategies for Hope

held in Ypres in April 2014 The papers illustrate the impact of religion in peace management and present solutions and practices for corporate peace building

**War, Peace, And The Social Order** Brian E. Fogarty, 2019-09-18 This book is the author's attempt to translate his knowledge of peace studies into the language of sociology so that the former can be grasped as a more complete whole It aims to increase interest among sociologists in issues of war and peace because they provide food for sociological thought

**The Antonia Darder Reader** Antonia Darder, 2023-08-23 2024 SPE Outstanding Book Award Winner Antonia Darder is a Puerto Rican and American scholar artist poet song writer and activist She holds the Leavey Presidential Endowed Chair in Ethics and Moral Leadership in the School of Education at Loyola Marymount University Her scholarship is known around the world and her efforts have earned her a large number of academic awards including the Scholars of Color Distinguished Career Contribution Award by the American Education Research Association Three critical Darderean scholars Kortney Hernandez Sharon Cronin and Eduardo Lopez who have been lovingly mentored empowered and challenged by Darder and who have developed their critical consciousness through the soulful educational wisdom of Darder have come together to embrace the impossible task of curating a volume of some of her most powerful educational scholarship This volume includes Antonia Darder's central writings on the topics of language culture inequality and education If one were to read Darder as Paulo Freire encouraged us to read the word and the world her works would speak volumes of her unwavering commitment to the struggle for liberation and an emancipatory vision of the world This is embodied in all aspects of her work as the range of her scholarship spans across mediums and decades The Antonia Darder Reader is essential reading as a keystone volume in multiculturalism critical studies cultural studies and many other disciplines Perfect for courses such as Social and Cultural Foundations of Education History and Philosophy of Education Teacher Education Bilingual Education Latinx and Education Studies Critical Pedagogy Critical Theory Race and Education Sociology of Education Culturally Responsive Teaching Social Justice and Research Methodology

**International Peace Research Newsletter**, 1991

*Peacebuilding Paradigms* Henry F. Carey, 2020-12-17 Peacebuilding Paradigms focuses on how seven paradigms from the Comparative Politics International Relations and Policy Analysis subfields Realism Liberalism Constructivism Cosmopolitanism Critical Theories Locality and Policy analyze peacebuilding The contributors explore the arguments of each paradigm and then compare and contrast them This book suggests that a hybrid approach that incorporates useful insights from each of these paradigms best explains how and why peacebuilding projects and policies succeed in some cases fail in others and provide lessons learned Rather than merely using a theoretical approach the authors use case studies to demonstrate why a focus on just one paradigm alone as an explanatory model is insufficient This collection directly at how peacebuilding theory affects peacebuilding policies and provides recommendations for best practices for future peacebuilding missions
