Nelson-Royes, 2012-10-18 *Transforming Early Learners into Superb Readers* Promoting Literacy at School at Home and within the Community aids elementary educators, reading specialists, school administrators, private and public educators, parents and caregivers who want to help early learners become proficient readers. The early years are the most important for children because they are the formative years so it is vital for children to build a solid reading foundation when they are most receptive. Andrea Nelson Royes contends that if all these individual players collectively help to develop a child's reading readiness, all children may thrive from a high quality education and a love of literacy. *Electromechanical Control*
