Bureaucrats as Law-makers Frank M. Häge, 2013 The Council of Ministers is one of the

most powerful institutions of the European Union EU and plays a major role in the European policy making process Drawing on formal theory and combining quantitative and qualitative methods in an innovative fashion this book provides novel insights into the role of national bureaucrats in legislative decision making of the Council of the EU The book examines and describes the Council of Ministers committee system and its internal decision making process Relying on a wide quantitative dataset as well as six detailed case studies in the policy areas of Agriculture Environment and Taxation it provides a comprehensive and systematic assessment of the extent to which national bureaucrats act as law makers in the Council It also examines the degree to which theories on collective decision making delegation and international socialization can account for variation in the involvement of bureaucrats Investigating how often and why national officials in working parties and committees rather than ministers make legislative decisions in the EU this book addresses the implications of bureaucratic influence for the democratic legitimacy of Council decision making The author finds that ministers play a generally more important role in legislative decision making than often assumed alleviating to some extent concerns about the democratic legitimacy of Council decisions Bureaucrats as Law Makers will be of interest to students scholars and practitioners in the field of European Union politics and policy making legislative decision making intergovernmental negotiations and international socialization Adoption Reckonings Gonda Van Steen, 2025-08-12 This book presents a new theater play For Three Refrigerators and a Washing Machine along with a thorough introduction that provides historical context and theoretical framing The play with the enigmatic title tells the poignant and forgotten stories of international child adoptions from Greece in the 1950s and the 1960s It offers an in depth exploration of the first postwar mass international adoption movement unveiling the emotional and even existential challenges faced by those involved Based on an authentic playscript the book creates awareness about what has not been said should be said but still cannot be said about the losses involved in the permanent uprooting of children and teenagers It tackles the primal questions of Where do I come from and What happened to the child I relinquished for adoption abroad And why did nobody foresee that adopted children become adopted adults who ask critical questions about origins procedures and aftercare Thus the book boldly reflects on the complexities and profound losses associated with displacing children and perpetuating taboos Also it reveals multiple connections to similar adoption movements worldwide which include countries and histories of origin such as Ireland South Korea Vietnam and several states in Central and South America This thought provoking book poses critical questions about identity and belonging that far exceed the Greek setting and continue to be relevant today Journal Arizona. Kamil,Peter B. Mosenthal,P David Pearson,2016-11-18 A comprehensive overview of important contemporary issues in the field of reading research from the mid 1980s to mid 1990s this well received volume offers readers an examination of literacy through a variety of lenses some permitting microscopic views and others panoramic views A veritable who s who of specialists in the field chapter authors cover current methodology as well as cumulative research based knowledge Because it deals with society and literacy the first section provides the broadest possible view of literacy The second section defines the range of activities culturally determined to be a part of the enterprise known as literacy The third focuses on the processes that individuals engage in when they perform the act of reading The fourth section visits the environment in which the knowledge that comprises literacy is passed on from one generation to the next The last section an epilogue to the whole enterprise of reading research provides apt philosophical reflection *Reading in the mobile era* West, Mark,Chew Han Ei,2014-04-28 Millions of people do not read for one reason they do not have access to text But mobile phones and cellular networks are transforming a scarce resource into an abundant one Drawing on the analysis of over 4 000 surveys collected in seven developing countries and corresponding qualitative interviews this report paints a detailed picture of who reads books and stories on mobile devices and why The findings illuminate for the first time the habits beliefs and profiles of mobile readers in developing countries This information points to strategies to expand mobile reading and by extension the educational and socio economic benefits associated with increased reading Mobile technology can advance literacy and learning in underserved communities around the world This report shows how **Master Adoption** Janine Myung Ja, We don t have adoption issues we have an issue with adoption The author offers a rare perspective based on the natural law of identity and equal rights even for adopted people If you believe adopted people should have the same rights as all other humans you will find value in this rare book advocating for equality The author provides an Eastern and Metaphysical view

that is aligned with all international human rights treaties and rooted in the Taoist way of nature which appreciates who we are as we are Nope we re not sinful creatures We re sacred souls Overseas adoption is exploitation because the commodification of children violates the natural inherent civil constitutional universal and God given rights of the child which are inborn and innate and also recognized and enshrined in several state and international conventions and declarations such as at the United Nations in the US Constitution the Bill of Rights and the Declaration of Independence All humans on earth except for adopted people have access to the truth of their biology and ancestry In contrast due to continuously reformed and refined draconian adoption laws spearheaded by evangelical agencies adopted people are deprived of such equality No matter how the multi billion dollar industry is refined and reformed adoption laws are rooted in the commodification of children and as a consequence deprive individuals of what is innately theirs Master Adoption Claim Your Authentic Power offers adopted people a rare perspective steeped in solidarity rooted in the truth of who we are **Handbook of Reading**
