Reading J. Z. Smith Willi Braun, Russell T. McCutcheon, 2018-06-28 Over the course of a career of more than forty years Jonathan Z Smith was among the most important voices of critical reflection within the academic study of religion distinguishing himself as perhaps the most influential theorist of religion of the last half century Among his significant body of work are essays and lectures on teaching and the essential role of academic scholarship on religion in matters of education and public policy The interviews and essay published here display something of the dynamic thinking on his feet liveliness that Smith brought to questions about the study of religion his theoretical preferences and his methods of teaching With refreshing candidness and clarity Reading J Z Smith offers an often provocative introduction to discussions on issues that still dominate the complex and continually changing critical conversations in the academic study of religion **Dostoevsky's**

Unfinished Journey Robin Feuer Miller, Professor Robin Feuer Miller, 2007-01-01 How does Dostoevsky's fiction illuminate questions that are important to us today What does the author have to say about memory and invention the nature of evidence and why we read How did his readings of such writers as Rousseau Maturin and Dickens filter into his own novelistic consciousness And what happens to a novel like Crime and Punishment when it is the subject of a classroom discussion or a conversation In this original and wide ranging book Dostoevsky scholar Robin Feuer Miller approaches the author's major works from a variety of angles and offers a new set of keys to understanding Dostoevsky's world Taking Dostoevsky's own conversion as her point of departure Miller explores themes of conversion and healing in his fiction where spiritual and artistic transfigurations abound She also addresses questions of literary influence intertextuality and the potency of what the author termed ideas in the air For readers new to Dostoevsky's writings as well as those deeply familiar with them Miller offers lucid insights into his works and into their continuing power to engage readers in our own times

Books Promiscuously Read Heather Cass White, 2021-07-06 The critic and scholar Heather Cass White offers an exploration of the nature of reading Heather Cass White's *Books Promiscuously Read* is about the pleasures of reading and its power in shaping our internal lives It advocates for a life of constant disorderly time consuming reading and encourages readers to trust in the value of the exhilaration and fascination such reading entails Rather than arguing for the moral value of reading or the preeminence of literature as an aesthetic form *Books Promiscuously Read* illustrates the irreplaceable experience of the self that reading provides for those inclined to do it Through three sections Play Transgression and Insight which focus on three ways of thinking about reading *Books Promiscuously Read* moves among and considers many poems novels stories and works of nonfiction The prose is shot through with quotations reflecting the way readers think through the words of others *Books Promiscuously Read* is a tribute to the whole lives readers live in their books and aims to recommit people to those lives As White writes What matters is staying attuned to an ordinary unflashy mutely persistent miracle that all the books to be read and all the selves to be because we have read them are still there still waiting still undiminished in

Hegel Robert Lucas Scott,2025-03-14 Retrieves Hegelian speculative experience for literary theory The relationship between Hegel and literary theory has for a long time been both contested and paradoxical On the one hand theory is often skeptical of all that Hegel ostensibly stood for idealism systematicity and identity at the expense of difference Yet in spite of itself literary theory is taken to owe a profound debt to Hegel s philosophy Robert Lucas Scott s book complicates this account and argues that literary theory has made the mistake of abstracting Hegel s thought from its more dynamic presentation in Hegel s writings reducing Hegel to a series of propositions or positions Literary theory Scott argues misses what is perhaps the greatest innovation of Hegel s philosophy a presentation of experience that begins precisely by setting aside all preconceptions or prior assumptions It is on this point that Hegel s philosophy itself approaches literature its content cannot be simply abstracted from the singular experience of reading it Only through a mode of reading alive to speculative experience can literary theory become truly Hegelian Scott s exposition of Hegel offers a model of reading with relevance beyond philosophy one that is critical without pretensions of mastery and detachment and that honors the singularity of the reading experience without succumbing to the subjectivism of the postcritical The book also includes engagements with the work of Luther Kant Marx Gillian Rose Fredric Jameson Robert Brandom Catherine Malabou and more in its recovery of Hegel s thought for a critical understanding of our time

The Oxford Handbook of John Bunyan Michael Davies,W. R. Owens,2018-07-04

The Oxford Handbook of John Bunyan is the most extensive volume of original essays ever published on the seventeenth century Nonconformist preacher and writer John Bunyan Its thirty eight chapters examine Bunyan s life and works their religious and historical contexts and the critical reception of his writings in particular his allegorical narrative The Pilgrim s Progress Interdisciplinary and comprehensive it provides unparalleled scope and expertise ranging from literary theory to religious history and from theology to post colonial criticism The Handbook is structured in four sections The first Contexts deals with the historical Bunyan in relation to various aspects of his life background and work as a Nonconformist from basic facts of biography to the nature of his church at Bedford his theology and the religious and political cultures of seventeenth century

Dissent Part 2 considers Bunyan's literary output from his earliest printed tracts to his posthumously published works. Offering discrete chapters on Bunyan's major works *Grace Abounding to the Chief of Sinners* 1666, *The Pilgrim's Progress* Parts I and II 1678-1684, *The Life and Death of Mr Badman* 1680 and *The Holy War* 1682, this section nevertheless covers Bunyan's oeuvre in its entirety: controversial and pastoral narrative and poetic. Section 3, *Directions in Criticism*, engages with Bunyan in literary critical terms, focusing on his employment of form and language and on theoretical approaches to his writings from psychoanalytic to post-secular criticism. Section 4, *Journeys*, tackles some of the ways in which Bunyan's works, and especially *The Pilgrim's Progress*, have travelled throughout the world since the late seventeenth century, assessing Bunyan's place within key literary periods and their distinctive developments from the eighteenth-century novel to the writing of empire.

Light of The Dove R.A. Sales, 2016-04-21. Miles Alexander, son of an Alabama sharecropper, is a successful business and entertainment lawyer with interests as distant as Costa Rica, where much to his law partners' dismay, he is about to acquire a local restaurant chain from the notorious coffee baron Humberto Cabrera, one of the wealthiest and most mysterious dons of Central America. Miles' success, however, has distanced him from his roots, altered his belief system, his political views, and the values that shaped him. Fearing Miles will suffer the same fate as his grandfather, who was crippled at about Miles' age, Mary Rose Alexander, the Dove, through a series of transpersonal quantum exchanges with Miles while he is in Costa Rica, draws him back to Ohio, where upon his arrival, she suffers a disabling stroke that marks the beginning of a long and sometimes painful journey during which time, in the afterglow of his Mother's Light, Miles rediscovers what is truly pleasing to his soul, revealed to him in his hometown, where he is forced to confront issues of race, prejudice, poverty, and hopelessness that are part of Lessons of Home. Can he get beyond the sudden and jarring rift with his white law partner, the antagonist Reid Lowell? Can he rise above temptation and unbridled materialism and embrace compassion and community over competition and individualism? Or will he return to his old ways and suffer the fate his mother is all too aware of? Reid Milbank Lowell, scion of wealthy planters from Georgia, finds that his financial and lifestyle interests in the continued success of the law firm Alexander Seasongood Lowell far outweigh Miles' personal interests, leading to a conflict between the two men that is nothing less than a clash of cultures. The law firm and its representation of rappers and others antithetical to Reid's antebellum roots has led Reid to stray from the path his fathers would have him follow. Will he continue along the same path and suffer the same fate as the mythical Narcissus in a classic case of Death by Envy? Or will he change in time to avoid a painful ending and the wrath of his ancestors?

wealth of different meanings reinforcing and cutting across each other *A Panenmentalist Philosophy of Literature, or How Does Actual Reality Imitate Pure Possibilities?* Amihud Gilead, 2019-05-14 The relationship between the literary imagination literary possibilities and actual reality poses a major philosophical problem in the field of the metaphysics of literature This detailed analysis of some literary masterpieces by Proust Kafka Tolstoy Dostoyevsky Thomas Mann Virginia Woolf and William Faulkner demonstrates that actual reality actualizes or imitates literary pure possibilities As such these masterpieces should be treated not as romans a clef but instead as paradigm cases on whose basis we grasp and understand actual reality **Increasing Fluency with High Frequency Word Phrases Grade 4** Timothy Rasinski, Edward Fry, Kathleen Knoblock, 2007-05-08 Immerse your fourth graders in research based practice aimed to develop reading fluency This resource offers 20 extensive lessons that analyze high frequency practice to gain word recognition expression and fluency with comprehension questions **Reading with a Passion** Jeffrey Staley, 2002-06-01 In this strikingly personal account of recent literary approaches to the Bible Jeffrey Staley shows how people s life experiences relate to what they read in the Scriptures He illustrates his argument from theories of autobiography where recent literary and feminist critiques provide him with tools for reflecting upon his childhood on a Navajo reservation and his family s five generations of contact with the Navajo people in northern Arizona and New Mexico Using Tony Hillerman s popular detective novels as a lens to refract his own childhood memories Staley investigates how his cross cultural childhood and family history have contributed to his understanding of the Fourth Gospel By combining such diverse materials as popular fiction medieval passion plays cultural anthropology rhetorical studies and autobiographical reflection Staley takes his readers on a fascinating spiritual and intellectual journey through the Gospel of John
