The Conflict Between Faith and Experience, and the Shape of Psalms 73-83 Stephen J. Smith, 2022-06-16 Stephen J Smith enters the lively field of editorial criticism of the Hebrew Psalter or Psalterexegese with this detailed investigation into the final form of Psalms 73 83 In the book he engages scholarly disagreements over this collection s structure the degree and nature of its literary unity and the primary theological message s it communicates Smith argues that the sequence of Psalms 73 82 and possibly 83 has a deliberate design that reflects a sustained focus on addressing and resolving a multidimensional collision between faith i e core Israelite beliefs about God and experience i e the individual community s lived experience of God that was precipitated by God s prolonged absence in the Temple s destruction c 586 587 BCE Parting ways with previous scholarship Smith contends that a recursive organizing principle rooted in biblical parallelism structures the collection Over the book s nine chapters he makes the case that the editor s grouped its psalms into two major blocks 74 78 79 82 of two sub groupings each 74 76 77 78 79 82 80 81 in order to develop a single topic in multiple dimensions the severe threat that God s prolonged absence in the temple s destruction posed to the ongoing viability of various core Israelite beliefs about God most fundamentally God s goodness Smith makes the case that the collection is shaped to resolve this crisis by bolstering the reader s confidence in and commitment to these beliefs in the face of their apparent failure **Emerging Sectarianism in**

the Dead Sea Scrolls, 2022-07-18 These essays reflect the lively debate about the sectarian movement of the Scrolls They debate the degree to which the movement was separated from the rest of Judaism and whether there was one or several watershed moments in the separation Notable contributions include a cluster of essays on the Teacher of Righteousness and a thorough survey of the archaeology of Qumran The texts are problematic in historical research because they rely on biblical stereotypes Nonetheless possible interpretations can be compared and degrees of probability debated The debate is significant not only for the sect but for the nature of ancient Judaism *Promises to Keep* Yael Ziegler, 2008 While many studies explore the literary role of the oath in general literature none have contended with the role of the oath in the biblical narratives This study seeks to fill that vacuum This study demonstrates that by perceiving the oath as a literary device for plot and character development additional or more precise meanings may be revealed in the biblical stories The Rhetoric

Smith, 2015-06-01 In *Recapturing the Voice of God* veteran preacher Steven W Smith teaches how to preach genre sensitive text driven sermons to allow the structure of the text to be the structure of the sermon *Valuable and Vulnerable* Julie Faith Parker, 2013-11-11 Just as women in the Bible have been overlooked for much of interpretative history children in the Bible have fascinating and compelling stories that scholars have largely ignored This groundbreaking book focuses on children in the Hebrew Bible The author argues that the biblical writers recognized children as different from adults and used these ideas to shape their stories She provides conceptual and historical frameworks for understanding children and childhood and examines Hebrew terms related to children and youth The book introduces a new methodology of childist interpretation and applies it to the Elisha cycle 2 Kings 2 8 which contains forty nine child characters Combining literary insights with social scientific evidence the author demonstrates that children play critical roles in the world of the text as well as the culture that produced it **Literary Construction of Identity in the Ancient World** Hanna Liss, Manfred

Oeming, 2010-06-30 Encountering an ancient text not only as a historical source but also as a literary artifact entails an important paradigm shift which in recent years has taken place in classical and Oriental philology Biblical scholars Egyptologists and classical philologists have been pioneers in supplementing traditional historical critical exegesis with more literary approaches This has led to a wealth of new insights While the methodological consequences of this shift have been discussed within each discipline until recently there has not been an attempt to discuss its validity and methodology on an interdisciplinary level In 2006 the Faculty of Bible and Biblical Interpretation at the Hochschule für Jüdische Studien Heidelberg and the Faculty of Theology at the University of Heidelberg invited scholars from the U S Canada the Netherlands Israel and Germany to examine these issues Under the title *Literary Fiction and the Construction of Identity in Ancient Literatures* Options and Limits of Modern Literary Approaches in the Exegesis of Ancient Texts experts in Egyptology classical philology ancient Near Eastern studies biblical studies Jewish studies literary studies and comparative religion came together to present current research and debate open questions At this conference each representative from a total of 23 different disciplines dealt with literary theory in regard to his or her area of research The present volume organizes 17 of the resulting essays along 5 thematic lines that show how similar issues are dealt with in different disciplines 1 Thinking of Ancient Texts as Literature 2 The Identity of Authors and Readers 3 Fiction and Fact 4 Rereading Biblical Poetry and 5 Modeling the Future by Reconstructing the Past

Consumption and Wealth in Luke's Travel Narrative James A. Metzger, 2007 While several recent studies have suggested that the Gospel of Luke recommends generous almsgiving or a relatively benign sharing ethic that mimics existing redistributive measures in early Roman Palestine this book argues that a much more subversive reading of the Gospel's wealth and possessions traditions is defensible

The Temporal Mechanics of the Fourth Gospel Douglas Estes, 2008-01-01 By redefining narrative temporality in light of modern physics this book advances a unique and innovative approach to the deep seated temporalities within the Gospel of John and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship

Unity and Disunity in Ezra-Nehemiah Mark J. Boda, Paul L. Redditt, 2008 Until the late 1960s the scholarly consensus was that Chronicles Ezra Nehemiah was a single unified literary work Then arguments began to be mounted for treating Chronicles as a distinct composition and the majority of scholars were swayed by these arguments though others retained the older consensus view In recent years some scholars have begun to suggest that Ezra and Nehemiah are distinct literary entities This new debate is the occasion for the present volume Here scholars from around the globe Canada Finland Germany Guatemala Israel Korea the Netherlands United Kingdom United States showcase current scholarly explanations for the final shape of this literary complex known as Ezra Nehemiah Fourteen scholars present their approach to the unity or disunity of this literature employing research methodologies that range from the diachronic to the synchronic Critical responses to this emerging research are provided by three reviewers Joseph Blenkinsopp Tamara Eskenazi and Hugh Williamson whose work laid the

foundation in earlier decades for much of the discussion today The result is a rich conversation which provides an enlightening resource for the study of these biblical books in particular as well as for reflection on the impact of one's interpretive framework on the study of ancient literature in general
