Richard Wagner W.J Henderson,2020-08-02 Reproduction of the original Richard Wagner by W J Henderson

Richard Wagner John Louis DiGaetani,2014-01-02 This is a new biography of the German composer Richard Wagner 200 years after his birth re examining his life in light of new documents and new sensibilities Since World War II Wagner has often been wrongly associated with Adolf Hitler because Hitler liked Wagner s music and used it in Nazi propaganda But Wagner died in 1883 fifty years before Hitler s regime It is time to have a fresh look at Wagner s life without the Nazi associations His life was a series of abandonments and traumas for the self destructive but creative genius as he tried to survive as a freelance composer in the hostile environments of 19th century Germany

Wagner and His Works Henry Theophilus Finck,1904

Drama and the World of

Richard Wagner Dieter Borchmeyer, 2003-11-30 Richard Wagner continues to be the most controversial artist in history a perpetually troubling figure in our cultural consciousness The unceasing debate over his works and their impact for and against is one reason why there has been no genuinely comprehensive modern account of his musical dramas until now Dieter Borchmeyer's book is the first to present an overall picture of these musical dramas from the standpoint of literary and theatrical history It extends from the composer's early works still largely ignored to the Ring Cycle and Parsifal and includes Wagner's unfinished works and operas he never set to music Through lively prose we come to see Wagner as a librettist and as a man of letters rather than primarily as musical composer Borchmeyer uncovers a vast field of cultural and historical cross references in Wagner's works In the first part of the book he sets out in search of the various archetypal scenes opening up the composer's dramatic workshop to the reader He covers all of Wagner's operas from early juvenilia to the canonical later works The second part examines Wagner in relation to political figures including King Ludwig II and Bismarck and importantly in light of critical reactions by literary giants Thomas Mann whom Borchmeyer calls a guiding light in this exploration of the fields that Wagner tilled and Nietzsche whose appeal to philology is a key source of inspiration in attempts to grapple with Wagner's works For more than twenty years Borchmeyer has placed his scholarship at the service of the famed Bayreuth Festival With this volume he gives us a summation of decades of engagement with the phenomenon of Wagner and at the same time the result of an abiding critical passion for his works *Richard Wagner, His Life and His Dramas* William James Henderson, 1901 *The Life of Richard Wagner* Ernest Newman, 2014-03-20 Newman's Life of Wagner published between 1933 and 1947 the culmination of forty years research is a classic biography *The Wagner Group* Jack Margolin, 2024-10-13 At once deeply researched and as readable as a thriller Mark Galeotti An important book about the world's most dangerous mercenary outfit Margolin unearths new details that will surprise readers Sean McFate Margolin takes readers deep into the shadowy underworld A must read Clarissa Ward CNN A tale of violence and political intrigue that reads like a Tom Clancy novel written by Fyodor Dostoyevsky The Wall Street Journal Riveting It's a vital window onto the weird world of secretive privatized modern warfare Publishers Weekly starred review An eye opening terrifying history of this notorious and widely influential mercenary group This book exposes the history and the future of the Wagner Group Russia's notorious and secretive mercenary army revealing details of their operations never documented before Using extensive leaks first hand accounts and the byzantine paper trail left in the group's wake Jack Margolin traces the Wagner Group from its roots as a battlefield rumor to a private military enterprise tens of thousands strong that eventually comes to threaten Putin himself He follows individual commanders and foot soldiers within the group as they fight in Ukraine Syria and Africa sometimes alongside fellow military contractors from the United Kingdom and the United States He shows Wagner mercenaries committing atrocities plundering oil diamonds and gold and changing the course of conflicts from Europe to Africa in the name of the Kremlin's strategic aims In documenting the Wagner Group's story up to the

dramatic demise of its chief director Evgeniy Prigozhin Margolin demonstrates that Wagner was not an aberration but a manifestation of the new geopolitical order of global capital global crime and of the entrepreneurs that thrive in it

Wagner's Melodies David Trippett, 2013-05-02 Since the 1840s critics have lambasted Wagner for lacking the ability to compose melody But for him melody was fundamental music's only form This incongruity testifies to the surprising difficulties during the nineteenth century of conceptualizing melody Despite its indispensable place in opera contemporary theorists were unable even to agree on a definition for it In *Wagner's Melodies* David Trippett re-examines Wagner's central aesthetic claims placing the composer's ideas about melody in the context of the scientific discourse of his age from the emergence of the natural sciences and historical linguistics to sources about music's stimulation of the body and inventions for automatic composition Interweaving a rich variety of material from the history of science music theory music criticism private correspondence and court reports Trippett uncovers a new and controversial discourse that placed melody at the apex of artistic self-consciousness and generated problems of urgent dimensions for German music aesthetics **Genius, Power and Magic** Roderick Cavaliero, 2013-04-26 Before unification Germany was a loose collection of variously sovereign principalities nurtured on deep thought fine music and hard rye bread It was known across Europe for the plentiful supply of consorts to be found among its abundant royalty but the language and culture was largely incomprehensible to those outside its lands In the long eighteenth and nineteenth centuries between the end of the Thirty Years War in 1648 and unification under Bismarck in 1871 Germany became the land of philosophers poets writers and composers This particularly German cultural movement was able to survive the avalanche of Napoleonic conquest and exploitation and its impact was gradually felt far beyond Germany's borders In this book Roderick Cavaliero provides a fascinating overview of Germany's cultural zenith in the eighteenth and nineteenth centuries He considers the work of Germany's own artistic exports the literature of Goethe and Grimm the music of Wagner Schumann Mendelssohn and Bach and the philosophy of Schiller and Kant as well as the impact of Germany on foreign visitors from Coleridge to Thackeray and from Byron to Disraeli Providing a comprehensive and highly readable account of Germany's cultural life from Frederick the Great to Bismarck *Genius Power and Magic* is fascinating reading for anyone interested in European history and cultural history
