Victorian Poetry Isobel Armstrong, 2019-01-30 In *Victorian Poetry* Poetry Poetics and Politics Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic

work was first published in 1993 A new chapter on the alternative fin de siècle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike Aesthetics and World Politics R. Bleiker, 2009-08-28 This book presents one of the first systematic assessments of aesthetic insights into world politics It examines the nature of aesthetic approaches and outlines how they differ from traditional analysis of politics The book explores the potential and limits of aesthetics through a series of case studies on language and poetics *A Companion to Contemporary British and Irish Poetry, 1960 - 2015* Wolfgang Gortschacher, David Malcolm, 2020-12-14 A comprehensive and scholarly review of contemporary British and Irish Poetry With contributions from noted scholars in the field A Companion to Contemporary British and Irish Poetry 1960 2015 offers a collection of writings from a diverse group of experts They explore the richness of individual poets genres forms techniques traditions concerns and institutions that comprise these two distinct but interrelated national poetries Part of the acclaimed Blackwell Companion to Literature and Culture series this book contains a comprehensive survey of the most important contemporary Irish and British poetry The contributors provide new perspectives and positions on the topic This important book Explores the institutions histories and receptions of contemporary Irish and British poetry Contains contributions from leading scholars of British and Irish poetry Includes an analysis of the most prominent Irish and British poets Puts contemporary Irish and British poetry in context Written for students and academics of contemporary poetry A Companion to Contemporary British and Irish Poetry 1960 2015 offers a comprehensive review of contemporary poetry from a wide range of diverse contributors *The Art of the Caveman* John Mc Donagh, 2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection *O Westport in the Light of Asia Minor* published in 1975 up to and including *The Days of Surprise* published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland's emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet's unflinching examination of his deepest personal relationships *Panorama of the Classical World* Nigel Spivey, Michael Squire, 2011-03 This imaginative approach to the era in which Western civilization was born is a thorough and thoroughly accessible synthesis of the Greek Roman and Etruscan worlds spanning the period from Late Geometric Greece in around 700 b c to the rule of Constantine in the early 4th century a d The authors incorporate important developments in recent scholarship including ideas of gender war and pacifism imperialism and dissent political propaganda economy cultural identity racism hygiene and diet and public and private uses of space The book highlights the modern relevance of classical antiquity from its influence on contemporary politics to the representation of the female body in Western art and concludes

by charting the history of classical civilization The extensive reference section includes biographies an introduction to classical mythology a glossary of technical terms and vase shapes as well as a timeline map bibliography and index
