Really Great Time:

The Next Day Tim Leiphart, 2011-10-05 Is it possible to spend an entire lifetime running as hard as you can only to look up sweaty and panting and find that you've barely left the starting line. It's very easy to get off track without the clear and steady voice of God directing and guiding you to the finish. But what does God's voice sound like? What is He saying? Where is He leading? God speaks into the everyday life of the Christian and the language He uses doesn't require a seminary degree or a position on the church staff for understanding. God asks only for eyes to see and ears to hear. Fishermen and tax collectors learned many of their most valuable lessons when they followed Jesus out of the synagogues and into the streets, marketplaces, hillsides, and seas to discover how God still speaks. Let's join the conversation. *The Real Events Industry: My Story* Philippa Sue Richardson, 2016-09-26 The Events Industry is so diverse from community and sporting events to arts and music festivals. Play Like a Man Rose Marshack, 2023-02-28 As a member of Poster Children, Rose Marshack took part in entwined revolutions. Marshack and other women seized a much elevated profile in music during the indie rock breakthrough while the advent of new digital technologies transformed the recording and marketing of music. Touring in a van, meeting your idols, juggling a programming job with music, keeping control and credibility, the perils of an independent record label, and the greater perils of a major. Marshack chronicles the band's day-to-day life and punctuates her account with excerpts from her tour reports and hard-learned lessons on how to rock, program, and teach while female. She also details the ways Poster Children applied punk's DIY ethos to digital tech as a way to connect with fans via then-new media like podcasts, listserve, internet radio, and enhanced CDs. An inside look at a scene and a career. Play Like a Man is the evocative and humorous tale of one woman's life in the trenches and online. Deadheads Linda Kelly, 2015-06-02 One of the best books on the Grateful Dead. Rolling Stone. Just what was it about the Grateful Dead that made them rock and roll's most beloved band? John Popper of Blues Traveler recalls playing with the Dead at Bill Graham's memorial tribute while publicist Dennis McNally shares some wild adventures of working with the band for more than thirty years.
