Practical Philosophy James Gledhill, Sebastian Stein, 2020-04-08 While Kantian constructivism has become one of the most influential and systematic schools of thought in analytic moral and political philosophy Hegelian approaches to practical normativity hold out the promise of building upon Kantian insights into individual self determination while avoiding their dualistic tendencies James Gledhill and Sebastian Stein unite distinguished scholars of German idealism and contemporary Anglophone practical philosophy with rising stars in the field to explore whether Hegelian idealist philosophy can offer the categories that analytic practical philosophy requires to overcome the contradictions that have so far plagued Kantian constructivism The volume organizes the contributions into three parts The first of these engages debates in metaethics regarding the relationship between realism and constructivism The second part sees contributors draw on debates about the nature of political normativity focusing primarily on the problems of historical contextualism relativism and critical reflection The concluding part considers the application of the Hegelian framework to contemporary debates about specific ethical issues including multiculturalism democracy and human rights Hegel and Contemporary Practical Philosophy contributes to the on going debate about the importance of systematic philosophy in the context of practical philosophy engages with contemporary discussions about the shape of a rational social order and gauges the timeliness of Hegelian philosophy This book is a must read for scholars interested in Hegel and in the contemporary tradition of Kantian constructivism in moral and political philosophy **Marcuse in the Twenty-First Century** Robert Kirsch, Sarah Surak, 2018-12-07 This book engages

the critical theory of political philosopher Herbert Marcuse to imagine spaces of resistance and liberation from the repressive forces of late capitalism Marcuse an influential counterculture voice in the 1960s highlighted the smooth democratic unfreedom of postwar capitalism a critique that is well adapted to the current context The compilation begins with a previously unpublished lecture delivered by Marcuse in 1966 addressing the inadequacy of philosophy in its current form arguing how it may be a force for liberation and social change This lecture provides a theoretical mandate for the volume s original contributions from international scholars engaging how topics such as higher education aesthetics and political organization can contribute to the project of building a critical rationality for a qualitatively better world offering an alternative to the bleak landscape of neoliberalism The essays in this volume as whole engage the current context with an

urgency appropriate to the problems facing an encroaching authoritarianism in political society with an interdisciplinary lens that speaks to the complexity of the problems facing modern society The chapters originally published as a special issue in New Political Science

Rough Dialectics Palmer Talbutt Jr.,2022-07-11 This is an exploration in depth of the social theory of the Russian born thinker Pitirim A Sorokin who played a large role in American thought Sorokin s contributions to theories of culture social change modernity and dialectics are evaluated in this wide ranging study The book emphasizes the place of values in the comparative study of civilizations This volume includes a translation by Lawrence T Nichols of Sorokin s essay in Russian on Tolstoy as philosopher as well as a chapter by Nichols on Tolstoy and Sorokin In this book Palmer Talbutt Jr examines his former teacher Sorokin within intellectual educational and cultural contexts The work will be of especial interest to scholars in social philosophy the philosophy of the social sciences philosophy of culture and comparative cultural studies

Philosophy and the Historical Perspective Marcel van Ackeren,2018-07-26 Some pursue philosophy via its history while others focus on current debates without reference to the past But a growing group of philosophers believe historical perspective can contribute to current debates *Philosophy and the Historical Perspective* explores the importance of this perspective and investigates the very nature of philosophy

Handbook of Teaching Philosophy to Economists Giancarlo Ianulardo,John B. Davis,Ricardo F. Crespo,2025-09-10 In recent years there have been increasing calls for a revision of the economics curriculum to address the most pressing and challenging issues facing society This erudite Handbook bridges the gap between a flourishing body of scholarship in the philosophy of economics literature and an economics education in need of a deeper rethinking as felt by both students and educators It provides practical pedagogical insights on how to structure courses in the philosophy of economics and how to link them to students economics backgrounds

Breath of Proximity: Intersubjectivity, Ethics and Peace Lenart Škof,2015-02-06 This book offers an original contribution towards a new theory of intersubjectivity which places ethics of breath hospitality and non violence in the forefront Emphasizing Indian philosophy and religion Vedas and Upanishads and related cross cultural interpretations it provides new intercultural interpretations of key Western concepts which traditionally were developed and followed in the vein of re conceptualizations or revitalizations of Greek thought as in Nietzsche and Heidegger for example The significance of the book lies in its establishment of a new platform for thinking philosophically about intersubjectivity so as to nudge contemporary philosophy towards a more sensitive approach which is needed in our times Its originality lies in its innovative approach which searches for the origin of ethical gestures represented in respecting the breath breathing through the newly introduced concept of mesocosm as a space of a ritual or a new ethical space of intersubjective encounters The book also introduces the possibility of an original ethics based on breath Intended for philosophers feminists and others concerned with intercultural philosophy and comparative religion the book will appeal to readers interested in contemporary ethical and political theories of peaceful conflict resolution and concepts of hospitality A Breath of Hospitality will benefit all who seek a more sensitive approach in

philosophy including philosophy of religion and often neglected practical and educational layers of our everyday intersubjective relations *Evil Spirits* Gary Banham, Charlie Blake, 2000 Incorporating a diversity of approaches from a variety of disciplines this book provides a major reassessment of the question of nihilism in modernity and interrogates this through the growing interest in angels and demons in contemporary philosophy The collection examines the uncanny return of angelic and demonic principles in current cultural production and thinking and aims to show that the repression of thought about spiritual entities at the onset of modernity is linked to the appearance of a new form of evil that manifests itself through nihilism **The Oxford companion to philosophy** Ted Honderich, 1995 Entries on philosophers schools of thought subjects theories debates concepts practical issues **Roberto Esposito** Peter Langford, 2015-05-15 Roberto Esposito *Law Community and the Political* provides a critical legal introduction to this increasingly influential Italian theorist's work by focusing on Esposito's reconceptualisation of the relationship between law community and the political The analysis concentrates primarily on Esposito's *Catagories de l'Impolitique* *Communitas* *Immunitas* and *Biopolitics* which it is argued are animated by an abiding concern with the position of critique in relation to the tradition of modern and contemporary legal and political philosophy Esposito's fundamental rethinking of these notions breaks with the existing framework of political and legal philosophy through the critique of its underlying presuppositions And in the process Esposito rethinks the very form of critique As the first monograph length study of Esposito in English *Roberto Esposito Law Community and the Political* will be of considerable interest to those working in the areas of contemporary legal and political thought and philosophy *The Philosophy of Robert Ettinger* Charles Tandy, Scott R. Stroud, 2002 Robert Ettinger founded the cryonics cryonic hibernation movement in the 1960s and authored *The Prospect of Immortality* and *Man into Superman* The ideas presented by Ettinger in these two books are examined in the present volume by living philosophers *The Prisoner's Dilemma* *Collective Rationality* *And The Prospect Of An Indefinite Prolongation Of Life* By John M Collins *Desirable And Undesirable Immortality* Ettinger And Arendt *On Coping With Human Finitude* By Farhang Erfani *Immortality Death And Our Obligations To Future Generations* By Richard V Greene *Time Shock And The Problem Of Anachronistic Being* An Anthropological Approach To Cryonics By James C Lindahl *Caring Cryonics* By Rita C Manning Ettinger And Immortality By Scott D O'Reilly A Kantian Critique Of Cryonic Immortality By Scott R Stroud *Toward A New Theory Of Personhood* By Charles Tandy *The Anti Death Philosophy Of N F Fedorov* By Charles Tandy and R Michael Perry *Immortality Identity And The Grounds Of Egoistic Concern* By Scott D Wilson *The Prospect Of Mortality* Buddhist And Heideggerian *Critical Reflections On Ettinger* By Jason M Wirth In the Afterword Ettinger responds to the evaluations and to other issues current in professional philosophy Hardcover edition US \$35.95 *Treatise on Ab-deism : A New Philosophy* Maurice Guy, 2025-10-08 *Treatise on Ab-deism* A New Philosophy presents a new philosophy on religion specifically monotheism that rejects the concept of God not by simple rejection of a belief but by a demonstration of a total absence of a relationship with such a deity as this religious God and by

demonstrating that religion has never known its god it has never had an authentic and authoritative legitimacy Ab Deism emphatically rejects the claims that religion knows its gods ab deism demonstrates that god s is either dead or has never communicated with religion and thus religion has never know Him them based upon the very claims it has made that this book will amply analyze and falsify

A History of Philosophy: Ancient and mediæval philosophy Johann Eduard Erdmann,1890 Soviet Studies in Philosophy ,1981 **The Approach to Philosophy** Ralph Perry,2018-03-04 Philosophy suffers the distinction of being regarded as essentially an academic pursuit The term philosophy to be sure is used in common speech to denote a stoical manner of accepting the vicissitudes of life but this conception sheds little or no light upon the meaning of philosophy as a branch of scholarship The men who write the books on Epistemology or Ontology are regarded by the average man of affairs even though he may have enjoyed a higher education with little sympathy and less intelligence Not even philology seems less concerned with the real business of life The pursuit of philosophy appears to be a phenomenon of extreme and somewhat effete culture with its own peculiar traditions problems and aims and with little or nothing to contribute to the real enterprises of society
