British Library. Lending Division,1976 **Ecotoxicology of Explosives** Geoffrey I. Sunahara,Guilherme Lotufo,Roman G. Kuperman,Jalal Hawari,2009-06-01 Managing sites contaminated with munitions constituents is an international challenge Although the choice of approach and the use of Ecological Risk Assessment ERA tools may vary from country to country the assurance of quality and the direction of ecotoxicological research are universally recognized as shared concerns Drawing on a multidisciplinary approach *Recent Trends in Biotechnology and Therapeutic Applications of Medicinal Plants* Mohd. Shahid,Anwar Shahzad,Abida Malik,Aastha Sahai,2013-05-13 The book provides an overview of current trends in biotechnology and medicinal plant sciences The work includes detailed chapters on various advance biotechnological tools involved in production of phytoactive compounds of medicinal significance Some recent and novel research studies on therapeutic applications of different medicinal plants from various geographical regions of the world have also been included These studies report the antimicrobial activity of various natural plant products against various pathogenic microbial strains Informative chapters on recent emerging applications of plant products such as source for nutraceuticals and vaccines have been integrated to cover latest advances in the field This book also explores the conservation aspect of medicinal plants Thus chapters having comprehensively complied in vitro conservation protocols for various commercially important rare threatened and endangered medicinal plants were provided in the present book

Remoteness Reconsidered Christopher Rossi,2021-07-06 Much of our understanding of the world is framed from the perspective of a dominant power center or from standard readings of historical events The architecture of international information distribution academic centers and the lingua franca of international scholarly discourse also shape these stories Remoteness Reconsidered employs the idea of remoteness as an analytical tool for viewing international law s encounter with the Americas from the unusual peripheral perspective of the Atacama Desert The Atacama is one of the most remote places on Earth although that less than accurate perspective comes from standard historical accounts of the region accounts that originate from the center Changing the usual frame of reference leads to a reconsideration of the idea of remoteness and of the subsequent marginalization of historical narratives that influence hemispheric international relations in important ways today Lessons about international law s encounters with neoliberalism indigenous and human rights and the management and extraction of mineral resources take on new significance by following a spatial turn toward the idea of remoteness as applied to the Atacama Desert *Dictionary of American Biography* ,1996 **Index of Conference Proceedings** British Library. Document Supply Centre,1996 **Medical Books and Serials in Print** ,1984
