Farrington**

Recent Work In Womens History East And West:

Recent Work in Women's History Esther Katz, 1986 This enlightening volume reveals the range and depth of the scholarship in women's history that has emerged in the past decade. Experts examine women's past within distinct and variable cultures including India, China and the Middle East as well as the United States, France and England. Crucial issues are debated, resulting in a remarkable level of consensus among historians in the evaluations of women's roles and activities. This exciting and important volume clearly demonstrates that women's history continues to raise new and valuable questions for historians. And historians continue to demonstrate that women's history is not only relevant but intrinsic to understanding fully the process of historical development.

Writing Women's History Karen M. Offen, Ruth Roach Pierson, Jane Rendall, 1991-08-23 Five essays address such themes as the relationship between feminist history and women's history, the use of the concept of experience, the development of the history of gender, demographic history and women's history, and the importance of post-structuralism to women's history.

For Our Daughters Olivia Cox-Fill, 1996-03-25 This unique social history spans the last half century when developments in birth control and the education of women have increased opportunities for women to have successful careers. This book investigates how the first generation of modern women faced the challenge of combining marriage and family with professional responsibilities. Olivia Cox-Fill, an Irish journalist and professional filmmaker, interviewed hundreds of prominent women from 10 different countries on three continents before presenting this group portrait of 30 interviews of women leaders, diplomats, award-winning scientists, government ministers, doctors, and industrialists to name a few of the professions represented. The interviews are set against the backdrop of the social history of women in each country. Their achievements, especially in light of the tenor of their times and their desire and ability to have rewarding and fulfilling family lives, make them inspiring models for later generations of women who may consider it necessary to choose between home and career. The author's international connections with high-ranking diplomats and politicians allow us valuable glimpses into the real world of outstanding women.

Women's Emancipation Movements in the Nineteenth Century Sylvia Paletschek, Bianka Pietrow-Ennker, 2005-11-14 The nineteenth century, a time of far-reaching cultural, political, and socio-economic transformation in Europe, brought about fundamental changes in the role of women. Women achieved this by fighting for their rights in the legal, economic, and political spheres. In the various parts of Europe, this process went forward at a different pace and followed different patterns. Most historical research up to now has ignored this diversity, preferring to focus on women's emancipation movements in major western European countries such as Britain and France. The present volume provides a broader context to the movement by including countries both large and small from all regions of Europe. Fourteen historians, all of them specialists in women's history, examine the origins and development of women's emancipation movements in their respective areas of expertise. By exploring the cultural and political diversity of nineteenth-century Europe and at the same time pointing out connections to questions explored by

conventional scholarship the essays shed new light on common developments and problems *The Routledge History of Women in Europe Since 1700* Deborah Simonton, 2006-04-27 This landmark publication collects the essays of the leading women's historians and provides the most coherent overview of women's role and place in Western Europe from the beginning of the eighteenth century to the twentieth century

Native Women's History in Eastern North America Before 1900 Rebecca Kugel, Lucy Eldersveld Murphy, 2007-01-01 How can we learn more about Native women's lives in North America in earlier centuries This question is answered by this landmark anthology an essential guide to the significance experiences and histories of Native women Sixteen classic essays plus new commentary many by the original authors describe a broad range of research methods and sources offering insight into the lives of Native American women The authors explain the use of letters and diaries memoirs and autobiographies newspaper accounts and ethnographies census data and legal documents This collection offers guidelines for extracting valuable information from such diverse sources and assessing the significance of such variables as religious affiliation changes in women's power after colonization connections between economics and gender and representations and misrepresentations of Native women Indispensable to anyone interested in exploring the role of gender in Native American history or in emphasizing Native women's experiences within the context of women's history this anthology helps restore the historical reality of Native women and is essential to an understanding of North American history

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Women and Gender in Central and Eastern Europe, Russia, and Eurasia Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas

Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

American Women's History
 Melissa E. Blair, Vanessa M. Holden, Maeve Kane, 2023-09-26 Offers a nuanced account of the multiple aspects of women's lives and their roles in American society American Women's History presents a comprehensive survey of women's experience in the U S and North America from pre European contact to the present Centering women of color and incorporating issues of sexuality and gender this student friendly textbook draws from cutting edge scholarship to provide a more inclusive and complicated perspective on the conventional narrative of U S women's history Throughout the text the authors highlight diverse voices such as Matoaka Pocahontas Hilletie van Olinda Margaret Sanger and Annelle Ponder Arranged chronologically American Women's History explores the major turning points in American women's history while exploring various contexts surrounding race work politics activism and the construction of self Concise chapters cover a uniquely wide range of topics such as the roles of Indigenous women in North American cultures the ways women participated in the American Revolution the lives of women of color in the antebellum South and their experiences with slave resistance and rebellion the radical transformation brought on by Black women during Reconstruction the activism of women before and after suffrage was won and more Discusses how Indigenous women navigated cross cultural contact and resisted assimilation efforts after the arrival of Europeans Considers the construction of Black female bodies and the implications of the slave trade in the Americas Addresses the cultural shifts demographic changes and women's rights movements of the early twentieth century Highlights women's participation in movements for civil rights workplace justice and equal educational opportunities Explores the feminist movement and its accomplishments the rise of anti feminism and women's influence on the modern political landscape Designed for both one and two semester U S history courses American Women's History is an ideal resource for instructors looking for a streamlined textbook that will complement existing primary sources that work well in their classes Due to its focus on women of color it is particularly valuable for community colleges and other institutions with diverse student populations

The Gendered West Gordon Morris Bakken, Brenda Farrington, 2013-09-13
 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female

experience whether Hispanic Japanese or Irish Women's work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered *The New Larned History for Ready Reference, Reading and Research* Josephus Nelson Larned, 1924 [The Routledge History of East Central Europe since 1700](#) Irina Livezeanu, Arpad von Klimo, 2017-03-16 Covering territory from Russia in the east to Germany and Austria in the west The Routledge History of East Central Europe since 1700 explores the origins and evolution of modernity in this turbulent region This book applies fresh critical approaches to major historical controversies and debates expanding the study of a region that has experienced persistent and profound change and yet has long been dominated by narrowly nationalist interpretations Written by an international team of contributors that reflects the increasing globalization and pluralism of East Central European studies chapters discuss key themes such as economic development the relationship between religion and ethnicity the intersection between culture and imperial national wartime and revolutionary political agendas migration women's and gender history ideologies and political movements the legacy of communism and the ways in which various states in East Central Europe deployed and were formed by the politics of memory and commemoration This book uses new methodologies in order to fundamentally reshape perspectives on the development of East Central Europe over the past three centuries Transnational and comparative in approach this volume presents the latest research on the social cultural political and economic history of modern East Central Europe providing an analytical and comprehensive overview for all students of this region *The Routledge Handbook of Gender in Central-Eastern Europe and Eurasia* Katalin Fábián, Janet Elise Johnson, Mara Lazda, 2021-07-25 This Handbook is the key reference for contemporary historical and political approaches to gender in Central Eastern Europe and Eurasia Leading scholars examine the region's highly diverse politics histories cultures ethnicities and religions and how these structures intersect with gender alongside class sexuality coloniality and racism Comprising 51 chapters the Handbook is divided into six thematic parts Part I Conceptual debates and methodological differences Part II Feminist and women's movements cooperating and colliding Part III Constructions of gender in different ideologies Part IV Lived experiences of individuals in different regimes Part V The ambiguous postcommunist transitions Part VI Postcommunist policy issues With a focus on defining debates the collection considers how the shared experiences especially communism affect political forces organization of gender through a broad variety of topics including feminisms ideology violence independence regime transition and public policy It is a foundational collection that will become invaluable

to scholars and students across a range of disciplines including Women s Gender and Sexuality Studies and Central Eastern European and Eurasian Studies
