Laurent Dubois,1986 *Recherches sur le dialecte arcadien* Laurent Dubois,1988 **Dictionary of Bibliographic**
Abbreviations Found in the Scholarship of Classical Studies and Related Disciplines Jean S. Wellington,2003-08-30
Trying to identify abbreviated titles of journals and standard bibliographic works is a major difficulty facing researchers and librarians in the field of Classical Studies This revised edition has been greatly expanded with nearly twice the abbreviations 17 000 and bibliographic entries 12 400 as the first edition Also the Greek and Cyrillic abbreviations have increased by seven and four fold respectively Abbreviations for internet sites are now included as are those for associations in the broad area of Classical Studies There are also more entries for Eastern European and regional archaeological publications This revised volume is divided into two parts Part One consists of an alphabetical listing of bibliographic abbreviations found in the scholarship of classical studies and related disciplines Meanwhile Part Two is an alphabetically arranged bibliographic descriptions for the works published in classical studies and related disciplines Special efforts were made to increase the coverage in peripheral areas making this new edition a useful reference tool for scholars in all subjects of study in the ancient and medieval world *Annuario della Scuola Archeologica di Atene e delle Missioni Italiane in Oriente, Supplemento 7. Spending on the gods. Economy, financial resources and management in the sanctuaries in Greece* Annalisa Lo Monaco,2020-10-29 **Novel Perspectives on Communication Practices in Antiquity** ,2022-11-14 Documentary texts are vital to our understanding of many aspects of the ancient world such as its administration education and economy The value of these texts goes even further however being autographs they directly testify to ancient communication practices a field of study which so far has remained underexplored In this volume specialists in the field engage with a broad range of documentary sources They discuss not only how various modes of communication such as language handwriting and lay out are employed in specific contexts of writing but also how these different modes are interrelated Building on insights from contemporary social semiotic theory the volume makes a case for the establishment of historical social semiotics as a discipline **Stymphalos** Gerald P. Schaus,2014-01-01 The buildings and artefacts uncovered by Canadian excavations at Stymphalos 1994 2001 shed light on the history and cult of a small sanctuary on the acropolis of the ancient city The thirteen detailed studies collected in Stymphalos The Acropolis Sanctuary illuminate a variety of aspects of the site Epigraphical evidence confirms that both Athena and Eileithyia goddess of childbirth were worshipped in the sanctuary between the fourth and second centuries BCE The temple and service buildings are modest in size and materials but the temple floor and pillar shrine suggest that certain stones and bedrock outcrops were held as sacred objects Earrings finger rings and other jewelry along with almost 100 loomweights indicate that women were prominent in cult observances Many iron projectile points arrowheads and catapult bolts suggest that the sanctuary was destroyed in a violent attack around the mid second

century possibly by the Romans A modest sanctuary in a modest Arcadian city state the acropolis sanctuary at Stymphalos will be a major point of reference for all archaeologists and historians studying ancient Arcadia and all southern Greece in the future
