**Religion and the Development of the American Penal System** Andrew Skotnicki, 2000      Prison Chaplains on the Beat in US and UK Prisons George Walters-Sleyon, PhD, 2021-08-10 This book is about prison chaplains and their care for aging dying and dead prisoners in the penal systems of the United States and the United Kingdom Since the 18th century prison chaplains have served as priests and pastoral caregivers to prisoners and prison staff The book traces the historical roles of prison chaplains in developing the managerial aspects of prisons focusing on their presence best practices and ways of conceptualizing their prison experiences in the modern prison cultures of the United States and the United Kingdom While prison chaplains have historically provided care to prisoners prison chaplaincy after 1970 has transformed This book shows how prison chaplains face new challenges in caring for prisoners under the penal policies and practices of mass incarceration Prison Chaplains on the Beat demonstrates how prison chaplains have conceptualized the practice of providing pastoral care to aging dying and dead prisoners in the United States and the United Kingdom through a person centered approach The book is both theoretical and empirical The empirical aspect focuses on the prison experiences of 31 prison chaplains from the United States and Scotland The theoretical aspect provides a conceptual understanding of the multi faceted roles of prison chaplains in the United States Scotland and England and Wales As a research in comparative criminal justice it argues that prison chaplains are fundamentally indispensable to prison management practices and managerial theories in the United States Scotland and England and Wales post 1970 Powerfully combines historical and empirical approaches to religion in prisons Brings new understanding of the pastoral and prophetic roles of prison chaplains and launches a searing ethical critique of mass incarceration The comparisons between the United States and Britain are instructive for current and future prison policy in both locations Dr David Grumett School of Divinity University of Edinburgh UK George Walters Sleyon s Prison Chaplains on the Beat offers a new perspective on the predicaments of contemporary penal politics and practices especially their racialized harms Chaplains are both observers of and participants in the contemporary prison scene and their perspective is a special but hitherto under reported one By reconsidering our carceral condition through this lens Walters Sleyon illuminatingly re states the moral and political challenges of mass incarceration Dr Richard Sparks School of Law University of Edinburgh UK      **Encyclopedia of Prisons and Correctional Facilities** Mary Bosworth, 2005 Are included Annotation 2004 Book News Inc Portland OR booknews com      **When Texas Prison Scams Religion** Michael G. Maness, 2022-01-28 State ordained child torturer Minister prisoner represents the offices of the Lt Gov Dan Patrick TDCJ Director Bryan Collier TBCJ and wardens throughout the prison but the greatest piece of fantasy is how the Executive Culture of cover ups came to see this Fools Parade as good for Texas even God s will to change the world TDCJ destroys records of violence after 7 years and has hired the lowest qualified of the applicant pool many times in the last 25 years even ordered the cleaning of contraband at the Polunsky Prison and all those responsible for covering up a horde were promoted

25 years of this Who thinks a director that allowed that can competently supervise a naive volunteer in a systemwide program of indenturing prisoners Why is the director sponsoring psychopaths counseling psychopaths Answer MONEY selling the Fools Parade Fantasy that buying faith from prisoners with favor turns them into saints after 4 years of Bible to naive Evangelicals Who thinks it JUSTICE that 400 000 000 hours of officer contact has zero definitive influence on parole when a commissioner spends

**God in Captivity** Tanya Erzen, 2017-03-07 An eye opening account of how and why evangelical Christian ministries are flourishing in prisons across the United States It is by now well known that the United States incarceration rate is the highest in the world What is not broadly understood is how cash strapped and overcrowded state and federal prisons are increasingly relying on religious organizations to provide educational and mental health services and to help maintain order And these religious organizations are overwhelmingly run by nondenominational Protestant Christians who see prisoners as captive audiences Some twenty thousand of these Evangelical Christian volunteers now run educational programs in over three hundred US prisons jails and detention centers Prison seminary programs are flourishing in states as diverse as Texas and Tennessee California and Illinois and almost half of the federal prisons operate or are developing faith based residential programs Tanya Erzen gained inside access to many of these programs spending time with prisoners wardens and members of faith based ministries in six states at both male and female penitentiaries to better understand both the nature of these ministries and their effects What she discovered raises questions about how these ministries and the people who live in prison grapple with the meaning of punishment and redemption as well as what legal and ethical issues emerge when conservative Christians are the main and sometimes only outside forces in a prison system that no longer offers even the pretense of rehabilitation Yet Erzen also shows how prison ministries make undeniably positive impacts on the lives of many prisoners men and women who have no hope of ever leaving prison can achieve personal growth a sense of community and a degree of liberation within the confines of their cells With both empathy and a critical eye God in Captivity grapples with the questions of how faith based programs serve the punitive regime of the prison becoming a method of control behind bars even as prisoners use them as a lifeline for self transformation and dignity

and practices      **The Machinery of Criminal Justice** Stephanos Bibas, 2012-02-28 Two centuries ago American criminal justice was run primarily by laymen Jury trials passed moral judgment on crimes vindicated victims and innocent defendants and denounced the guilty But since then lawyers have gradually taken over the process silencing victims and defendants and in many cases substituting plea bargaining for the voice of the jury The public sees little of how this assembly line justice works and victims and defendants have largely lost their day in court As a result victims rarely hear defendants express remorse and apologize and defendants rarely receive forgiveness This lawyerized machinery has purchased efficient speedy processing of many cases at the price of sacrificing softer values such as reforming defendants and healing wounded victims and relationships In other words the U S legal system has bought quantity at the price of quality without recognizing either the trade off or the great gulf separating lawyers and laymen s incentives values and powers In *The Machinery of Criminal Justice* author Stephanos Bibas surveys the developments over the last two centuries considers what we have lost in our quest for efficient punishment and suggests ways to include victims defendants and the public once again Ideas range from requiring convicts to work or serve in the military to moving power from prosecutors to restorative sentencing juries Bibas argues that doing so might cost more but it would better serve criminal procedure s interests in denouncing crime vindicating victims reforming wrongdoers and healing the relationships torn by crime      *Conversion and the Rehabilitation of the Penal System* Andrew Skotnicki, 2019-03-01 The Cincinnati Penal Congress of 1870 ushered in the era of progressive penology the use of statistical and social scientific methodologies commitment to psychiatric and therapeutic interventions and a new innovation the reformatory as the locus for the application of these initiatives The prisoner was now seen as a specimen to be analyzed treated and properly socialized into the triumphal current of American social and economic life The Progressive rehabilitative initiatives succumbed in the 1970s to withering criticism from the proponents of equally futile strategies for addressing the crime problem retribution deterrence and selective incapacitation The early Christian community developed a methodology for correcting human error that featured the unprecedented belief that a period of time spent in a given penitential locale with the aid and encouragement of the community was sufficient in and of itself to heal the alienation and self loathing caused by sin and to lead an individual to full reincorporation into the community The correctional practice was based upon the conviction that cooperative sociability or conversion is possible regardless of the specific offense without any need to inflict suffering or to use the act of punishment as a warning to potential offenders or to undertake programmatic interventions into the lives of the incarcerated for the purpose of rehabilitating them Andrew Skotnicki contends that the modern practice of criminal detention is a protracted exercise in needless violence predicated upon two foundational errors The first is an inability to see the imprisoned as human beings fully capable of responding to an affirmative accompaniment rather than maltreatment and invasive forms of therapy The second is a pervasive dualism that constructs a barrier between detainees and those empowered to supervise rehabilitate and punish them In this book

Skotnicki argues that the criminal justice system can only be rehabilitated by eliminating punishment and policies based upon deterrence rehabilitation and the incapacitation of the urban poor and returning to the original justification for the practice of confinement conversion A History of Crime and the American Criminal Justice System Mitchel P.

**Redeeming a Prison Society** Amy Levad,2014 The United States criminal justice system is in a state of crisis from unprecedented rates of imprisonment and recidivism to the privatization of the prison system and the disproportionate representation of particular racial ethnic social and economic groups all of which is within a larger social justice context Catholics and Protestants have largely failed to offer vital theological responses Amy Levad offers a Catholic perspective that directly addresses the concrete issues from a strongly interdisciplinary approach and utilizes the rich liturgical and sacramental resources of penance and Eucharist to offer a theological vision of reform The Social History of Crime and Punishment in America: A-De Wilbur R. Miller,2012-08-10 This comprehensive and authoritative four volume work surveys the history and philosophy of crime punishment and criminal justice institutions in America from colonial times to the present

**Voices from American Prisons** Kaia Stern,2014-06-20 Voices From American Prisons Faith Education and Healing is a comprehensive and unique contribution to understanding the dynamics and nature of penal confinement In this book author Kaia Stern describes the history of punishment and prison education in the United States and proposes that specific religious and racial ideologies notions of sin evil and otherness continue to shape our relationship to crime and punishment through contemporary penal policy Inspired by people who have lived worked and studied in U S prisons Stern invites us to rethink the current punishment crisis in the United States Based on in depth interviews with people who were incarcerated as well

as extensive conversations with students teachers corrections staff and prison administrators the book introduces the voices of those who have participated in the few remaining post secondary education programs that exist behind bars Drawing on individual narrative and various modern day case examples Stern focuses on dehumanization resistance and community transformation She demonstrates how prison education is essential can provide healing and yet is still not enough to interrupt mass incarceration In short this book explores the possibility of transformation from a retributive punishment system to a system of justice The book s engaging human accounts and multidisciplinary perspective will appeal to criminologists sociologists historians theologians and scholars of education alike Voices from American Prisons will also capture general readers who are interested in learning about a timely and often silenced reality of contemporary modern society

**Crime, Criminal Justice and Religion** Philip Birch,Conor Murray,Andrew McInnes,2022-12-30 Crime Criminal Justice and Religion A Critical Appraisal seeks to bridge a gap in the examination of crime and criminal justice by taking both a historical and a contemporary lens to explore the influence of religion Offering unique perspectives that consider the impact on modern day policy and practice the book scrutinises a range of issues such as abortion hate crime and desistance as well as reflecting upon the influence religion can have on criminal justice professions The book acts to renew the importance of and recognise the influence and impact religion has in terms of how we view and ultimately address crime and deliver criminal justice One of the first books to cover the area of crime criminal justice and religion the book is split into three parts with part 1 Contextualising Crime Criminal Justice and Religion providing an introduction to crime criminal justice and religion and reflections on the role religion has had and continues to have in how crime is understood and how we respond to it Part 2 Appraisal of Institutions and Professional Practice considers the issue of religion through institutions and professions of criminal justice such as the police and legal profession while part 3 Appraisal of Contemporary Issues explores a range of crime and criminal justice issues in on which religion has had an impact such as the death penalty and terrorism Crime Criminal Justice and Religion will be of primary interest to academics researchers and students in criminology law sociology psychology social policy and related Humanities Arts and Social Sciences disciplines It will also be of interest to theologians both as scholars and practitioners The book is a body of work that will appeal at an international level and will also be a key resource for a range of practitioners across the globe working on issues concerning crime and criminal justice

**Criminal Justice and the Catholic Church** Andrew Skotnicki,2008 The Catholic Church has had a dramatic impact on both the structure and understanding of criminal justice up to the present This book surveys the history of the church to suggest that despite demonstrable abuses a humane and redemptive theory of criminal justice can be constructed that is harmonious with biblical sources tradition and current normative emphases in Catholic social thought

**Theology, Empowerment, and Prison Ministry** Meins G.S. Coetsier,2022-09-26 In Theology Empowerment and Prison Ministry Meins G S Coetsier offers a new scholarly account of Karl Rahner s theological anthropology and the prison pastorate with a

contemporary expansion for meaning seeking an antidote to the suffering and isolation of those incarcerated with a theology of empowerment Drawing on prison ministry theorists and practitioners and on the experiences of Viktor Frankl Aleksandr Solzhenitsyn and Etty Hillesum the book argues that Rahner s views on prison ministry are significant and encouraging but limited regarding the needs and demands of 21st century prison ministry In a convincing perceptive and groundbreaking study Coetsier goes beyond Rahner with ecumenical and interreligious perspectives reminding us all of our human dignity of meaning and transformation of our liberation creativity hope and community
