Religion Politics The Higher Learning:

Religion, Politics, and the Higher Learning Morton Gabriel White, 2011-10-01 Religion, Politics and the Higher Learning Morton White, 1959 Religion, Politics, and the Higher Learning Morton Gabriel White, **Religion, Politics, and the Higher Learning** Morton White, 1982 **Religion, Scholarship, and Higher Education** Andrea Sterk, 2002-01-17 Religion Scholarship and Higher Education explores foundational issues surrounding the interaction of religion and the academy in the twenty first century Featuring the work of eighteen scholars from diverse institutional disciplinary and religious backgrounds this outstanding collection of essays issues from a three year Lilly Seminar on Religion and Higher Education Reflecting the diversity of the seminar participants this insightful volume presents a wide variety of viewpoints on the role of religion in higher education and different approaches to religiously informed scholarship and teaching Religion Scholarship and Higher Education is distinct in its orientation toward the personal and the practical Contributors use personal examples to demonstrate how individual religious beliefs and backgrounds shape the way an educator approaches research and teaching The first part of the book addresses foundational issues offering a range of perspectives on the current state of affairs and future prospects for the interrelation of religion and academic endeavor Part II treats specific academic disciplines as they relate to religion and research and provides several models of scholarship grounded in or informed by religious traditions The final section of the volume presents five different approaches to teaching Contributors reflect on how religious perspectives or commitments influence the way in which they understand their role as university or college teachers and carry out their responsibilities in the classroom Sure to capture the interest of scholars teachers and administrators alike this volume features essays from Nicholas Wolterstorff James Turner Alan Wolfe David A Hollinger Mark R Schwehn John McGreevy Nancy T Ammerman Roger Lundin Brian E Daley S J Clarke E Cochran Serene Jones Richard J Bernstein Mark A Noll Denis Donoghue Robert Wuthnow Jean Bethke Elshtain Susan Handelman and Francis Oakley The Encyclopedia of Politics and Religion Robert Wuthnow, 2013-12-04 Containing over 200 articles from prominent scholars The Encyclopedia of Politics and Religion examines ways in which politics and religion have combined to affect social attitudes spark collective action and influence policy over the last two hundred years With a focus that covers broad themes like millenarian movements and pluralism and a scope that takes in religious and political systems throughout the world the Encyclopedia is essential for its contemporary as well as historical coverage Special Features Encompasses religions individuals geographical regions institutions and events Describes the history of relations between religion and politics Longer articles contain brief bibliographies Attractively designed and produced The Encyclopedia of Politics and Religion will be invaluable for any library public and academic which serves those interested in politics sociology religious studies international affairs and history Contents include Abortion Algeria Anabaptists China Christian Democracy Ethnic Cleansing Gandhi Israel Italy Jesuits Jihad Just War Missionaries Moral Majority Muslim Brethren Temperance Movements

Unification Church War Zionism **Teaching Sexuality and Religion in Higher Education** Darryl W. Stephens, Kate Ott, 2020-04-19 This volume combines insights from secular sexuality education trauma studies and embodiment to explore effective strategies for teaching sexuality and religion in colleges universities and seminaries Contributors to this volume address a variety of sexuality related issues including reproductive rights military prostitution gender fidelity queerness sexual trauma and veiling from the perspective of multiple religious faiths Christian Jewish and Muslim scholars present pedagogy and classroom strategies appropriate for secular and religious institutional contexts By foregrounding a combination of perspective transformation and embodied learning as a means of increasing students appreciation for the varied social psychological theological and cultural contexts in which attitudes to sexuality develop the volume posits sexuality as a critical element of teaching about religion in higher education This book will be of great interest to graduate and postgraduate students researchers academics and libraries in the fields of Religious Studies Religious Education Gender Sexuality Religion Education and Sociology of Religion **The Romanesque Revival: Religion, Politics, and Transnational Exchange** ,2003 **Political Religion and Religious Politics** David S. Gutterman, Andrew R. Murphy, 2015-10-14 Profound demographic and cultural changes in American society over the last half century have unsettled conventional understandings of the relationship between religious and political identity The Protestant mainline continues to shrink in numbers as well as in cultural and political influence The growing population of American Muslims seek both acceptance and a firmer footing within the nation s cultural and political imagination Debates over contraception same sex relationships and prosperity preaching continue to roil the waters of American cultural politics Perhaps most remarkably the fastest rising religious demographic in most public opinion surveys is none giving rise to a new demographic that Gutterman and Murphy name Religious Independents Even the evangelical movement which powerfully re entered American politics during the 1970s and 1980s and retains a strong foothold in the Republican Party has undergone generational turnover and no longer represents a monolithic political bloc Political Religion and Religious Politics Navigating Identities in the United States explores the multifaceted implications of these developments by examining a series of contentious issues in contemporary American politics Gutterman and Murphy take up the controversy over the Ground Zero Mosque the political and legal battles over the contraception mandate in the Affordable Health Care Act and the ensuing Supreme Court Hobby Lobby decision the national response to the Great Recession and the rise in economic inequality and battles over the public school curricula seizing on these divisive challenges as opportunities to illuminate the changing role of religion in American public life Placing the current moment into historical perspective and reflecting on the possible future of religion politics and cultural conflict in the United States Gutterman and Murphy explore the cultural and political dynamics of evolving notions of national and religious identity They argue that questions of religion are questions of identity personal social and political identity and that they function in many of the same ways as race sex gender and ethnicity in the

construction of personal meaning the fostering of solidarity with others and the conflict they can occasion in the political arena

Popular Errors Concerning Higher Education in the United States and the Remedy George Frederick Mellen, 1890

Faith, Freedom, and Higher Education P. C. Kemeny, 2013-03-11 While debates abound today over the cost purpose and effectiveness of higher education often lost in this conversation is a critical question Should higher education attempt to shape students moral and spiritual character in any systematic manner as in the past or focus upon equipping students with mere technical knowledge Faith Freedom and Higher Education argues that Christianity can still play an important role in contemporary American higher education George M Marsden D G Hart and George H Nash among its authors analyze the debate over the secularization of the university and the impact of liberal Protestantism and fundamentalism on the American academy during the twentieth century Contributors also assess how the ideas of Dorothy Sayers C S Lewis Wendell Berry and Allan Bloom can be used to improve Christian higher education Finally the volume examines the contributions Christian faith can make to collegiate education and outlines how Christian institutions can preserve their religious mission while striving for academic excellence

Social, Political, and Religious Movements in the Modern Americas Pablo A. Baisotti, 2021-12-30 This volume explores several notable themes related to social political and religious movements in Latin America and offers insightful historical perspectives to understand national regional and global issues from the beginning of the twentieth century to the present day This volume s collected chapters focus on the Latin American society and are divided into three sections The first section Social presents some cultural demographic and urban changes that have occurred with increasing frequency in Latin America from the early twentieth century onward The second section Political shows migratory political and identity movements that in recent decades have re emerged with force Finally the third section Religious analyzes various Latin American religious visions with their particular characteristics From the religious hegemony of Catholicism a change in the religious panorama in the last decades can be seen intermingled with politics history and society

Religion, Politics and International Relations Jeff Haynes, 2011-04-07 Bringing together in one collection his most influential essays spanning two decades of research Jeffrey Haynes seeks to explore the complex relationship between religion politics and international relations

Secular States, Religious Politics Sumantra Bose, 2018-05-03 A pioneering comparative study of the two major attempts to build secular states where the state s constitutional identity and fundamental character are not based on or derived from any religious faith in the non Western world This book explains the origins evolution and latterly the decline of secularism as a core principle of the state in India and Turkey The anti secular political transformations of the twenty first century are the rise of a Sunni Islamist definition of Turkish national identity to hegemonic power and Hindu nationalism as India s pre eminent political force Both secular state models adopted a similar operational doctrine of state intervention in and regulation of the religious sphere rather than a Western style separation of church and state But Turkish state secularism took a culturally deracinated and harshly

authoritarian form that led to its failure whereas India's secular state though flawed in practice followed a culturally rooted and democratic path that makes secularism indispensable to India's future

Religion and the American University

James W. Fraser, 2025-07-01 Explores religion's historic and present day role in American universities Once the unifying center of American higher education religion has undergone a dramatic transformation over the past 220 years From its origins as the core of a unified understanding of truth as it was taught at the nation's first colleges to its current presence on the periphery of campus life religion has both shaped and been shaped by the evolution of the American university In *Religion and the American University* James W Fraser explores the complex relationship between faith and higher education While many histories of higher education rarely focus on religion after the Civil War and studies of religion often neglect its ties to academia this book bridges the gap between the two histories offering a richly detailed chronological account of the shifting role of religion in American colleges and universities over more than two centuries Through key institutional examples Fraser illuminates how the place of religion evolved from the dominance of Protestantism in the nineteenth century to the broad spectrum of faiths spiritualities and secular philosophies represented on campuses today This compelling study examines how student led organizations chaplains religious studies departments and local communities have kept faith vibrant in academia despite its absence from the dominant university culture of the twenty first century Essential reading for educators historians faith leaders and anyone interested in the intersection of faith and education *Religion and the American University* offers a fresh perspective on why religion remains a vital and misunderstood aspect of campus life in the twenty first century

Religion, Politics, and American Identity David S. Gutterman, Andrew R. Murphy, 2008-03-01

Scholarship on the role of religion in American public life has taken on a new urgency in the increasingly contentious wake of the attacks of September 11 2001 This volume brings together an impressive group of scholars to build on past work and broaden the scope of this crucial inquiry in two respects by exploring aspects of the religion politics nexus in the United States that have been neglected in the past and by examining traditional questions concerning the religious tincture of American political discourse in provocative new ways Essays include examinations of religious rhetoric in American political and cultural discourse after September 11th the impact of religious ideas on environmental ethics religion and American law beyond the First Amendment religious responses to questions of gay and lesbian rights the Church of Jesus Christ of Latter Day Saints and issues of free speech and public space in Utah and the role of religious institutions and ideas on the political priorities of African American and Latino communities In addition *Religion Politics and American Identity* includes introductory and concluding essays by leading scholars in the field of religion and politics that assess present and future directions for study

Religion and Politics in the United States Kenneth D. Wald, Allison Calhoun-Brown, 2010-08-16

Religion and Politics in the United States Sixth Edition offers a comprehensive account of the role of religious ideas institutions and communities in American life This book examines the ways religion can both compel and constrain

involvement in politics and policy What facilitates political participation What impedes it What are the limits of religious mobilization and involvement Are there benefits Are there dangers Religion and Politics in the United States addresses these questions by exploring how religion has influenced the structure of American government and law as well as how religious perspectives inform contemporary political issues including topics such as equal rights for women and gays The book also explores the ways that religion has affected the orientation of partisan politics in the United States Through a detailed review of the political attitudes and behaviors of major religious and minority faith traditions the book establishes that religion continues to be a major part of the American cultural and political milieu while explaining that it must interact with many other factors to impact political outcomes in the United States The sixth edition reviews the role of religion in the 2008 election and includes coverage of how religion informs the civil rights struggles of women and gay Americans

International Comparative Perspectives on Religion and Education Charl C. Wolhuter, Corene de Wet, 2014-05-31

This book scrutinises religion in education in ten countries It reveals much about the tension between religion and education in secular countries and the blending between religion and education in religious countries such as Iran and Malaysia as well as secular countries such as the Netherlands It also shows the important role the church currently plays in education in developing countries such as Tanzania

The Oxford Handbook of the Sociology of Religion Peter Clarke, 2011-02-04

The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline

Religion, Politics and Gender in Indonesia Sonja van Wichelen, 2010-06-10 The political downfall of the Suharto administration in 1998 marked the end of the New Order in Indonesia a period characterized by 32 years of authoritarian rule It opened the way for democracy but also for the proliferation of political Islam which the New Order had discouraged or banned Many of the issues raised by Muslim groups concerned matters pertaining to gender and the body They triggered heated debates about women s rights female political participation sexuality pornography veiling

and polygamy The author argues that public debates on Islam and Gender in contemporary Indonesia only partially concern religion and more often refer to shifting moral conceptions of the masculine and feminine body in its intersection with new class dynamics national identity and global consumerism By approaching the contentious debates from a cultural sociological perspective the book links the theoretical domains of body politics the mediated public sphere and citizenship Placing the issue of gender and Islam in the context of Indonesia the biggest Muslim majority country in the world this book is an important contribution to the existing literature on the topic As such it will be of great interest to scholars of anthropology sociology and gender studies

Unveiling the Magic of Words: A Overview of "**Religion Politics The Higher Learning**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Religion Politics The Higher Learning**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
