Religious And Secular Conflict And Accommodation Between Jews In Israel

Christine Hayes

Religious And Secular Conflict And Accommodation Between Jews In Israel:

Religious and Secular Charles S. Liebman, 1990 Gift of Rabbi W Gunther Plaut **Conflict and Accommodation Between Jews in Israel** Charles S. Liebman, 1988-12-01 **The Cambridge Guide to Jewish History, Religion, and Culture** Judith R. Baskin, Kenneth Seeskin, 2010-07-12 This book provides a comprehensive and accessible overview of the Jewish experience from its ancient origins to its impact on contemporary popular culture Religion and Politics in Europe, the Middle East and North Africa Jeffrey Haynes, 2009-10-16 In the early twenty first century it is now clear that religion is increasingly influential in the political realm in ways which call into question the principles and practices of secularism The Iranian revolution of 1978-9 marked the decisive reappearance of political religion in global politics highlighting a major development which is the subject of this edited volume Addressing a highly salient and timely topic this book examines the consequences of political interactions involving the state and religious actors in Christian Muslim and Judaist contexts Building on research the basic premise of this text is that religious actors including Islamist groups the Roman Catholic and the Orthodox churches pose various challenges for citizenship democracy and secularisation in Europe the Middle East and North Africa MENA The key questions on which the book focuses are Why how and when do religious actors seek to influence political outcomes in these regions Providing a survey of what is happening in relation to the interaction of religion and politics both domestically and internationally this book will be of interest to students and scholars of politics religion European and Middle East studies **To Rule Jerusalem** Roger Friedland, Richard Hecht, 2000-09-19 To Rule Jerusalem is a study of religion and politics Judaism and Zionism as well as Palestinian nationalism and Islam and it brings a most remarkable perspective to a topic conflict over Jerusalem with which we all are unfortunately far more familiar than we might like to be Gregory Mahler Shofar *Education in Eastern Europe and Eurasia* Nadiya Ivanenko, 2014-05-16 Education in Eastern Europe and Eurasia provides an essential reference resource to education development and key education issues in the region Academics and researchers working closely in the field cover education and educational development in Belarus Moldova Russia Turkey Ukraine Armenia Azerbaijan Georgia and Israel Each chapter provides an overview of the development of education in the particular country focusing on contemporary education policies and some of the problems these countries face in implementing educational reform The book also covers the social and political issues which impact on the education system and schooling and governments responses to recent local regional and global events **Israeli Judaism** Elomo A. DeAien, Charles Seymour Liebman, Moshe Shokeid, 1995-01-01 This is an unusual and extremely timely collective effort It appears at a moment in which Israelis not only must confront their Arab neighbors but must deal with one another as Jews possessing radically different views on the present and future of the Jewish tradition With this seventh volume of the series the Israeli Sociological Society has turned its attention to religion an area that for many years has been of high importance but low profile in Israeli affairs and in the wider Middle Eastern context Chapters and contributors

include Jewish Civilization Approaches to Problems of Israeli Society by Shmuel N Eisenstadt Life Tradition and Book Tradition in the Development of Ultraorthodox Judaism by Menachem Friedman Religious Kibbutzim Judaism and Modernization by Aryei Fishman The Religion of Elderly Oriental Jewish Women by Susan Sered and Hanukkah and the Myth of the Maccabees in Ideology and in Society by Eliezer Don Yehiya The increasing presence of religious activism in contemporary Israel side by side with subtle changes in the religion of Israeli Sephardim makes the topic of religion essential for an understanding of Israel and much of the Middle East generally Israeli Judaism is a significant work and will be of interest to theologians philosophers sociologists anthropologists and political theorists **The Modern Jewish Experience**

Jack Wertheimer, 1993-01-01 The pace of scholarly research and academic publication in fields of Judaica has quickened dramatically in the second half of the twentieth century The major consumers and producers of this new scholarship are found in Jewish Studies programs that have proliferated at institutions of higher learning around the world since the 1960s From the vantage point of the nineties it is difficult to fathom that until thirty years ago Jewish studies courses were mainly limited to a few elite universities rabbinical seminaries and Hebrew teachers colleges Today there are few colleges at public or private institutions of higher learning that do not sponsor at least some courses on aspects of Jewish study In light of this explosion of research on Jewish topics non specialists and educators can benefit from guidance through the thicket of new monographs source anthologies textbooks and scholarly essays The Modern Jewish Experience the result of a multi year collaboration between the International Center for the University Teaching of Jewish Civilization and the Jewish Theological Seminary of America offers just such guidance on a range of issues pertaining to modern Jewish history culture religion and society With contributions from two dozen leading scholars The Modern Jewish Experience presents practical information and guidelines intended to expand the teaching repertoire for undergraduate courses on modern Jewish life as well as a means for college professors to enrich and diversify their courses with discussions on otherwise neglected Jewish communities social and political issues religious and ideological movements and interdisciplinary perspectives Sample syllabi are also included for survey courses set in diverse linguistic settings An indispensable resource for undergraduate instruction this volume may also be used to great profit by educators of adults in synagogue and Jewish communal settings as well as by individual students engaged in private study The Cambridge Companion to Judaism and Law Christine Hayes, 2017-02-17

The Cambridge Companion to Judaism and Law provides a conceptual and historical account of the Jewish understanding of law *New Media, Politics and Society in Israel* Gideon Doron, Azi Lev-On, 2014-06-11 This book addresses the social and political landscape of Internet usage in Israel and studies the formation of a networked information society in the hi tech nation As Israel is considered a highly technologically developed country it could serve as a model to assess and compare the performance and prospects of the Internet in other countries as well Chapters address a range of issues including the diffusion of the Internet to Israel religion and the Internet in the Israeli Jewish context Internet based planned encounters

between Israeli Jews and Palestinians and between Jews and Arabs in Israel online journalism and user generated content Israeli public relations online Internet usage by Israeli parliamentarians parties and candidates as well as audiences and the facilitation of personalized politics through personal sites of politicians This book was originally published as a special issue of Israel Affairs Law and Religion, An Overview Silvio Ferrari, 2017-07-05 The focus of this volume is on the historical and geographical elements of law and religion The first part delineates and analyzes the relation between church and state from the Gregorian Revolution to the human rights era and gives a sense of the evolution of the church and state relationship whilst the second part explores law and religion issues around the world The volume redresses the tendency towards a western centric approach in the discipline by including essays from regional experts which present local approaches to law and religion in Asia Africa and South America The collection is unique in that it brings together wide ranging case studies and out of print papers and is an important resource for established and new scholars in the field *The Judaic Nature of Israeli Theatre* Dan Urian, 2013-12-19 Theatre has since the time of the Jewish Enlightenment served the secular community in its conflict with the religious This book surveys the secular religious rift and then describes the enhanced concern of the secular community in Israel for its own Jewishness and its expression in the theatre especially following the 1967 War It then moves on to a specific study of the play *Bruira* and finally reviews the phenomenon of the return to Orthodox Judaism by secular individuals **The Oxford Dictionary of the Jewish Religion** Adele Berlin, 2011 Hailed by Library Journal as the best ready reference access point to the Jewish religion and as essential by CHOICE in its First Edition The Oxford Dictionary of the Jewish Religion has been the go to resource for students scholars and researchers in Judaic Studies since its 1997 publication Now The Oxford Dictionary of the Jewish Religion Second Edition focuses on recent and changing rituals in the Jewish community that have come to the fore since the 1997 publication of the First Edition including the growing trend of baby naming ceremonies and the founding of gay lesbian synagogues Under the editorship of Adele Berlin nearly 200 internationally renowned scholars have created a new edition that incorporates updated bibliographies biographies of 20th century individuals who have shaped the recent thought and history of Judaism and an index with alternate spellings of Hebrew terms Entries from the previous edition have been revised new entries commissioned and cross references added all to increase ease of navigation research The Dictionary covers more than three millennia of Jewish religious thought custom law and practice from traditional approaches to Reform Conservative Reconstructionist and post denominational Judaism Brief definitions and longer essays all supplemented with bibliographies enlighten readers about the major figures folklore and events in the history of Judaism throughout the world **Between State and Synagogue** Guy Ben-Porat, 2013-03-25 A thriving yet small liberal component in Israeli society has frequently taken issue with the constraints imposed by religious orthodoxy largely with limited success However Guy Ben Porat suggests in recent years in part because of demographic changes and in part because of the influence of an increasingly consumer oriented society dramatic changes

have occurred in secularization of significant parts of public and private lives Even though these fissures often have more to do with lifestyle choices and economics than with political or religious ideology the demands and choices of a secular public and a burgeoning religious presence in the government are becoming ever more difficult to reconcile The evidence which the author has accrued from numerous interviews and a detailed survey is nowhere more telling than in areas that demand religious sanction such as marriage burial the sale of pork and the operation of businesses on the Sabbath

Nationalism, Zionism and ethnic mobilization of the Jews in 1900 and beyond [electronic resource] Michael Berkowitz, 2004

European US and Israeli historians and social scientists try to skirt the political controversies involved in the origin of Israel to offer academic perspectives on Jewish nationalism of which Zionism comprised a prominent alternative beginning in the late 19th century They look in particular at aspects that have been undervalued in examining J

Religion, Consumerism and Sustainability L. Thomas, 2010-12-14 To varying degrees classic religions are associated with critique of materialistic values Onto this opposition of the market and the temple other binaries have been grafted so that North and the West are portrayed as secular and materialistic South and East either as tigers pursuing western style affluence and economic growth or locked into retrospective fundamentalisms These characterisations are called into question in a context of diversity and global movements of peoples and goods In this collection this complexity is addressed in an analysis of the interconnections between religious and consumption practices and cultures and the ways in which both are responding to the ecological threat posed by continuous economic growth International in scope the book combines empirical and theoretical work in its attempt to interrogate the traditional opposition of spiritual and materialistic values and to explore the interplay of religious and consuming passions in contemporary cultures This analysis leads to a consideration of the ways in which religions and secular spiritualities can contribute to a new ecological consciousness and to the adoption of less destructive and rapacious ways of life

The Religionization of Israeli Society Yoav Peled, Horit Herman Peled, 2018-07-18 During Israel's military operation in Gaza in the summer of 2014 the commanding officer of the Givati infantry brigade Colonel Ofer Vinter called upon his troops to fight the terrorists who defame the God of Israel This unprecedented call for religious war by a senior IDF commander caused an uproar but it was just one symptom of a profound process of religionization or de secularization that Israeli society has been going through since the turn of the twenty first century This book analyzes and explains for the first time the reasons for the religionization of Israeli society a process known in Hebrew as hadata Jewish religion inseparable from Jewish nationality was embedded in Zionism from its inception in the nineteenth century but was subdued to a certain extent in favor of the national aspect in the interest of building a modern nation state Hadata has its origins in the 1967 war has been accelerating since 2000 and is manifested in a number of key social fields the military the educational system the media of mass communications the teshuvah movement the movement for Jewish renewal and religious feminism A major chapter of the book is devoted to the religionization of the visual fine arts field a topic that has been largely neglected by

previous researchers Through careful examination of religionization this book sheds light on a major development in Israeli society which will additionally inform our understanding of the Israeli Palestinian conflict As such it is a key resource for students and scholars of Israel Studies and those interested in the relations between religion culture politics and nationalism secularization and new social movements *Democratizing Education and Educating Democratic Citizens* Leslie J. Limage, 2013-10-08 The essays in the book are organized into three sections in order to address the conceptualization of democracy and citizenship reform efforts towards democratization in various societies and educational efforts to foster democratic citizens Each is written from a different historical and national perspective by an international panel of prominent comparative education scholars and each tackles the theme of democracy and civic duty in education **Divorce Discourses** Denzil Chetty, 2007 **Ethnizität, Moderne und Enttraditionalisierung** ,
