Religious Dissent In The Middle Ages Major Issues In History S:

Religious Dissent in the Middle Ages Jeffrey Burton Russell, 1971 **The Theologies of the Eucharist in the Early Scholastic Period** Gary Macy, 1984 **Poverty in the Theology of John Calvin** Bonnie L. Pattison, 2006-11-01 It is the thesis of this study that in Calvin's theology poverty and affliction not splendor and glory mark and manifest the kingdom of God on earth Poverty makes the kingdom visible to the eyes and therefore recognizable as divine Poverty acts to reveal or disclose that which is spiritual or that which is of God in the Christian faith This does not mean that Calvin sees the condition of physical poverty as revelatory in and of itself Rather poverty and affliction function as agents of divine revelation They are a condition or a chosen instrument God uses to disclose to humanity the nature of true spirituality godliness and poverty of spirit How this is demonstrated in Calvin's thought depends upon the specific doctrine under examination This study explores three particular areas in Calvin's theology where his theological understanding of spiritual poverty and physical poverty or affliction intersect his Christology his doctrine of the Christian life and his ecclesiology Heresy and Dissent in the Carolingian Empire Matthew Bryan Gillis, 2017 Heresy and Dissent in the Carolingian Empire recounts the history of an exceptional ninth century religious outlaw Gottschalk of Orbais Frankish Christianity required obedience to ecclesiastical superiors voluntary participation in reform and the belief that salvation was possible for all baptized believers Yet Gottschalk a mere priest developed a controversial Augustinian based theology of predestination claiming that only divine election through grace enabled eternal life Gottschalk preached to Christians within the Frankish empire including bishops and non Christians beyond its borders scandalously demanding they confess his doctrine or be revealed as wicked reprobates Even after his condemnations for heresy in the late 840s Gottschalk continued his activities from prison thanks to monks who smuggled his pamphlets to a subterranean community of supporters This study reconstructs the career of the Carolingian Empire's foremost religious dissenter in order to imagine that empire from the perspective of someone who worked to subvert its most fundamental beliefs Examining the surviving evidence including his own writings Matthew Gillis analyzes Gottschalk's literary and spiritual self representations his modes of argument his prophetic claims to martyrdom and miraculous powers and his shocking defiance to bishops as strategies for influencing contemporaries in changing political circumstances In the larger history of medieval heresy and dissent Gottschalk's case reveals how the Carolingian Empire preserved order within the church through coercive reform The hierarchy compelled Christians to accept correction of perceived sins and errors while punishing as sources of spiritual corruption those rare dissenters who resisted its authority 'You Shall Surely Not Die' Jill Bradley, 2008 Using medieval miniatures to complement written sources this book gives a new insight into how ideas of death sin and salvation altered and developed in order to meet the needs of a changing society in the Middle Ages Dissent and Reform in the Early Middle Ages Jeffrey Burton Russell, 2005-02-07 From the Introduction The conceptual boundaries of this study include all varieties of religious dissent nonconformity and tension The chronological

limits are from about 700 to about 1150 Before the eighth century dissent was in the tradition of the heresy of the early Church theological and priestly After the middle of the twelfth century the increasing influence of Eastern dualism under the name of Catharism changed the whole emphasis and style of medieval dissent Between 700 and the mid twelfth century however dissent was typically medieval in its moral and popular emphasis without yet being adulterated by currents from the East In this period it was closely connected with the growing intensity and diversification of movements of moral and intellectual reform With these movements and as part of them dissent was one of the elements shaping medieval civilization

Heresy and the Persecuting Society in the Middle Ages Michael Frassetto, 2006-04-01 This volume examines the influence of R I Moore and the nature of heresy and its repression in the Middle Ages The volume considers the vexing question of the origins of medieval heresy and the possible influence of Bogomil missionaries Geographic areas not usually examined for the growth of heresy are examined and a new understanding of the violence of the Albigensian Crusade is offered The blurred boundary between heresy and orthodoxy and the nature of heresy and popular religion are also discussed The final chapters consider the formation of the persecuting society and Moore's reflection on scholarship of the late 20th century The volume offers new insights into the nature of heresy and society in the Middle Ages Contributors include Malcolm Barber Daniel F Callahan Michael Frassetto James Given Bernard Hamilton Carol Lansing Laurence W Marvin R I Moore Mark Pegg Edward Peters Arthur Siegel Susan Taylor Snyder and Claire Taylor

Heresy and Hussites in Late Medieval Europe Thomas A. Fudge, 2023-05-31 The followers of the martyred Bohemian priest Jan Hus 1371 1415 formed one of the greatest challenges to the medieval Latin Church Branded as heretics outlawed then forced to fight for their faith as well as their lives the Hussites occupy one of the most colorful and challenging chapters of European religious history The essays reprinted in this book along with one here first published in English and additional notes explore the essence of the early Hussite movement by focusing on the nature and development of heresy both as accusation and identity Heresy and Hussites in Late Medieval Europe first examines the definition of heresy and its comparative nature across Europe It investigates the unique practices of popular religion in local communities while examining theology and its unavoidable conflicts The repressive policy of crusade and the growth of martyrdom with its inevitable contribution to the formation of Hussite history is explored The social application of religious ideas its revolutionary outcomes along with the intentional use of art in pedagogy and propaganda situates the Czech heretics in the fifteenth century An examination of leading personalities together with the eventual and more formal church administration rounds out the study of this remarkable era

The Dutch Dissenters: A Critical Companion to their History and Ideas Irvin Buckwalter Horst, 2018-12-24 The Catholic Historical Review, 1974 **Essays on Medieval Agriculture and General Problems of the Medieval Economy** M.
