Religious Experience Its Nature And Function In The Human Psyche

Daniel Merkur

Religious Experience Its Nature And Function In The Human Psyche:

Religious Experience ,1973 *Religious Experience: Its Nature and Function in the Human Psyche* Walter Houston Clark,1973 **Religious Experience** John G. Finch Symposium on Psychology and Religion\$ (1er : 1971 : Fuller Theological Seminary),1973 **Religion and Mental Health** ,1980 **A Dictionary of Philosophy of Religion, Second Edition** Charles Taliaferro,Elsa J. Marty,2018-01-25 A Dictionary of Philosophy of Religion is an indispensable resource for students and scholars Covering historical and contemporary figures arguments and terms it offers an overview of the vital themes that make philosophy of religion the growing vigorous field that it is today It covers world religions and sources from east and west Entries have been crafted for clarity succinctness and engagement This second edition includes new entries extended coverage of non Christian topics as well as revisions and updates throughout The first edition was named a Choice Outstanding Academic Title of the Year Dimensions of Mystical Experiences Ralph W. Hood Jr.,2021-10-25 A *Dictionary of Philosophy of Religion* Charles Taliaferro,Elsa J. Marty,2010-08-19 Gnosis Dan Merkur,1993-10-05 Gnosis traces the use of powerful gnostic visionary techniques from Hellenistic Gnosticism and Jewish merkabah mysticism through Muhammad the Ismaeilis and theosophical Sufism to medieval neoplatonism and renaissance alchemy **Lord Jesus Christ** Larry W. Hurtado,2005-09-14 This outstanding book provides an in depth historical study of the place of Jesus in the religious life beliefs and worship of Christians from the beginnings of the Christian movement down to the late second century Lord Jesus Christ is a monumental work on earliest Christian devotion to Jesus sure to replace Wilhelm Bousset s Kyrios Christos 1913 as the standard work on the subject Larry Hurtado widely respected for his previous contributions to the study of the New Testament and Christian origins offers the best view to date of how the first Christians saw and revered Jesus as divine In assembling this compelling picture Hurtado draws on a wide body of ancient sources from Scripture and the writings of such figures as Ignatius of Antioch and Justin to apocryphal texts such as the Gospel of Thomas and the Gospel of Truth Hurtado considers such themes as early beliefs about Jesus divine status and significance but he also explores telling devotional practices of the time including prayer and worship the use of Jesus name in exorcism baptism and healing ritual invocation of Jesus as Lord martyrdom and lesser known phenomena such as prayer postures and the curious scribal practice known today as the nomina sacra The revealing portrait that emerges from Hurtado s comprehensive study yields definitive answers to questions like these How important was this formative period to later Christian tradition When did the divinization of Jesus first occur Was early Christianity influenced by neighboring religions How did the idea of Jesus divinity change old views of God And why did the powerful dynamics of early beliefs and practices encourage people to make the costly move of becoming a Christian Boasting an unprecedented breadth and depth of coverage the book speaks authoritatively on everything from early Christian history to themes in biblical studies to New Testament Christology Hurtado s Lord Jesus Christ is at once significant enough that a wide range of scholars will want to read it and accessible enough that

general readers interested at all in Christian origins will also profit greatly from it **Radical Grace** J. Harold Ellens, 2007-10-30 The esteemed editor who brought us the acclaimed set *The Destructive Power of Religion* turns his attention here to a similarly powerful yet positive side of religion how our concept of God can fuel healthy body and mind This book contends that all health mental and physical is shaped for good or ill by our spiritual theological and psychological notions about the nature of God and by the way we form an outlook on life as a result of these notions Across history a large percentage of people have believed that God is a threat an attitude Ellens describes as sick gods created through pathological beliefs or sick gods that make sick people But Ellens grounds his brighter perspective in this text on God as a source of unconditional grace and goodwill then illuminates the effect this perspective has on people who have incorporated it into their minds and lives Ellens shows that people with firm faith in God's radical grace are psychologically strong and healthy His offering of psychology interfacing with theology is reminiscent of Carl Rogers teaching on unconditional positive regard and its ability to heal suffering persons All readers he explains can benefit by this understanding that can inspire spiritual and psychological healing whether for ourselves family friends or clients in counseling or therapy Psychiatry and the Cults John A. Saliba, 2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts *The Handbook of Spiritual Development in Childhood and Adolescence* Eugene C. Roehlkepartain, 2006 With sixty seven scholars from four continents and many diverse disciplines contributing as authors to the volume with fourteen scholars from around the world serving as editorial advisors with financial support provided by the John Templeton Foundation via Search Institute with frequent conversations occurring with colleagues at Fuller Theological Seminary and with the careful attention of editorial work provided by Sage publications this handbook provides a remarkable contribution toward those ends JOURNAL OF YOUTH AND THEOLOGY Research into spiritual development during childhood and adolescence has yearned for the stimulus of integration cross fertilization and internationalization across conceptual boundaries methodological divisions religious traditions and local interests The Handbook of Spiritual Development in Childhood and Adolescence sets out to meet this need and does so with skill and with authority by identifying the key themes and by drawing on the best minds to address those themes Research communities and faith communities have been well served by this pioneering initiative The Revd Professor Leslie J Francis PhD ScD DD University of Wales Bangor UK The Handbook of Spiritual Development in Childhood and Adolescence breaks new ground by articulating the state of knowledge in the area of childhood and adolescent spiritual development Featuring a rich array of theory and research from an

international assortment of leading social scientists in multiple disciplines this book represents work from diverse traditions and approaches making it an invaluable resource for scholars across a variety of disciplines and organizations Key Features Presents a wealth of interdisciplinary theory and research as well as proposals for future areas of inquiry to help move spiritual development into a mainstream field of learning Provides the first comprehensive collection of social science research on spiritual development in childhood and adolescence to introduce the topic engagingly to students Features the works of scholars from around the world in multiple disciplines psychology sociology anthropology medicine and educational philosophy to present a diversity of traditions and approaches Includes introductions to the volume as well as to each section that provide overviews and syntheses of key concepts The Handbook of Spiritual Development in Childhood and Adolescence is a key resource for academics researchers and students in departments of Psychology Family Studies and Religious Studies It is particularly useful for courses in Developmental Psychology Human Development especially child and adolescent development Psychology of Religion and Sociology of Religion It also will be invaluable for professionals working with young people including educators religious leaders and health practitioners

Spiritual Direction and the Encounter with God

William A. Barry, 2004 Is what we call the encounter with God merely a depth experience of the psyche or does it have a specific theological character In this revised edition of his best selling book William Barry shows how it is possible to understand an encounter with the Triune God in this world and how that process can be interpreted and aided by a spiritual director Using the insights of John Macmurray and John Smith Barry describes how a relationship with God develops and how one can discern whether a particular experience is from God or not This understanding of religious experience comes from a theology of community communal discernment and ministry in the church This book will be helpful to spiritual directors educators and theologians as well as all educated seekers desiring a deeper relationship with God In this revised edition the author has added reflections on God's presence to suffering and evil and to evildoers updated the bibliography and freshened his examples for the 21st century reader

An Introduction to Psychology of Religion Robert W.

Crapps, 1986 Developed in almost thirty years of classroom experience this book is designed to introduce students and other readers to the psychological study of religion Robert W Crapps deals with the major questions and figures that have dominated the psychological study of religion over the past century dividing the discussion into four parts Two chapters in part one suggest the problems and possibilities for the psychological study of religion in light of the nature of religion and the scientific method Part two sketches the contributions to the study of religion of three intellectual currents in contemporary psychology psychoanalysis behaviorism and humanistic psychology part three explores the relationship between religion and human development while part four directs attention to religious lifestyles and that weave differentiated parts of human experience into a cohesive whole Publisher description

Writers Directory NA NA, 2016-03-05

Introduction to Missiology Alan Richard Tippett, 1987 While teaching at Fuller School of World Mission Tippett inspired and challenged the

founding generation of great commission or church growth missiologists This collection brings together almost 40 of his best writings In a style that is both academic and personal he deals first with missiological theory then with anthropological and historical dimensions of missiology He then treats a number of specific missiological problems from these perspectives including seminal material on power encounters

The Ecstatic Imagination Daniel Merkur, 1998-01-01 Presents the first comprehensive survey of the varieties of psychedelic experience since 1975

Images of Oliver Cromwell Roger Howell, 1993 Oliver Cromwell has been both applauded and reviled and his memory invoked in periods and in countries other than his own This complex historiography has left us today with many different versions of Cromwell as man general and statesman of which the conflicting images are the subject of this book Available in paperback for the first time this classic study is based on the unfinished magnum opus of the leading scholar of seventeenth century history Roger Howell 1936-89 It includes chapters by a team of leading international experts on a broad range of subjects originally planned by Howell himself It includes Howell's studies of the reactions to Cromwell in the Restoration period and in the eighteenth and nineteenth centuries Added to these are reprints of his essays on psychohistorical approaches to Cromwell and on Cromwell's contribution to English liberty Further historiographical portraits of the Protector are offered in chapters which consider Cromwell and the Glorious Revolution Carlyle's Cromwell Irish images of the Protector American interpretations and the comparisons made between Cromwell and the twentieth century dictators

Toward a Christian Clinical Psychology Louis Hoffman, 2015-10-01 I have known Professor Newton Malony for more than forty years I have great respect for the way his mind works and the wise positions he takes He is at once stimulating and creative historically thorough and futuristically insightful I highly recommend any encounter with substantive material from his mind and pen Neil Clark Warren Founder and Chairman eHarmony.com former dean School of Psychology Fuller Theological Seminary Newton Malony is an internationally recognized pioneer in the application of religious principles to clinical practice and research He is capable like few others of bridging professional differences and arriving at reasonable conclusions Allen E Bergin Professor of Psychology retired coauthor *Spiritual Strategy for Counseling and Psychotherapy* For Newton Malony psychology exists in the service of religion With the histories of the Christian church and psychology as his backdrop Malony holds fast to his religious values throughout this book making a case for the relevance of Christianity to a broad range of issues in clinical psychology Gordon Nagayama Hall Professor of Psychology University of Oregon author *Multicultural Psychology* Newton Malony was a major force in reinventing the psychology of religion during the second half of the twentieth century This book highlights his contribution to clinical psychology in Christian context Malony's ideas go a long distance and this book is a wonderful collection and culmination of them Raymond F Paloutzian editor *International Journal for the Psychology of Religion* coeditor *Handbook of the Psychology of Religion and Spirituality* This excellent collection of Malony's contributions to the integration of Christian faith and clinical psychology provides a rich and indispensable resource for scholars and

students interested in psychology and the religious quest Writing over many years about complex matters of emotional health and spiritual life he has given us a gift that is accessible enjoyable and deeply relevant Winston E Gooden dean School of Psychology Fuller Theological Seminary What a treat it is to recommend this really solid collection that represents more than four decades of creative engagement with key issues in applied and professional psychology effective ministry in the context of the local church and some really fascinating musings by a senior spokesperson in the field Richard Butman Professor of Psychology Wheaton College coeditor Modern Psychotherapies A Christian Appraisal
